MATERIALS FOR COUNTY EXHIBIT ALL COLLECTED

"Billy" Taylor, for 34 years in charge of the Marion county exhibit at the state fair, has just finished traveling over the county for the past three weeks gathering materials and making arrangements for the fair products at the exhibit and he states that with the present wonderful crop the exhibit of grains and grasses this year will excel anything ever seen here.

"If the rest of the state has been as bountifully favored as Marion county then Oregon will have a chance to see this year an exhibit section, such as has never been witnessed in the state," said Taylor. "We will have a wonderful exhibit of fruits as well, but of course the condition of the fruit crops has been such that they will not be up in comparative quality, perhaps, to the grains and grasses.

"But we will show wheat threshed from fields that went from 50 to 75 bushels to the acre, we will have oats from fields which went as high as 112 bushels to the acre and various showings of other grains and grasses on a par with these. The grain quality is exceptional, threshing old pump and unsurpassed in the history of the valley."

Taylor not only has handled the Marion county exhibit since 1906 but had an exhibit at the Portland fair in 1906; at the Seattle fair in 1909 and at the Prisco fair 1915. Each time the exhibits made a wonderful showing.

SENATE PROBE OF POWER TRUST BEGINS SHORTLY

Washington, (AP)—Prospects of a widespread inquiry by the senate interstate commerce committee into the power industry as well as into all forms of communication is foreseen in the terms of a resolution adopted by the senate shortly before adjournment last June.

The resolution authorizes the committee to inquire into "the transmission of power by wire or wireless." On the basis of that authority, Chairman Couzens is contemplating a thoroughgoing investigation.

Some surprise was expressed at the capitol at this feature of the resolution, which was offered by Senator Couzens several months after the committee had begun studying conditions in the radio industry and other modes of communication.

Adopted without debate, it authorized the committee to "investigate the relationship existing between the different kinds of communication services used in interstate and foreign commerce, including radio, telephone, telegraph, and all kinds of wireless and cable service so used, and transmission of power by wire or wireless."

Senator Couzens contemplates calling the committee together about the middle of next month to consider plans for resuming the investigation on a wide scale.

16 DIVORCES IN ONE DAY AND ONE CONTESTED

Seventeen divorce cases were heard by Judge I. H. McMahan in department two Marion county circuit court Thursday with 16 decrees allowed and one case continued. The decrees will not be filed for several days, however.

Leslie L. Henry met an obstruction in his attempts to divorce his wife, Hattie W. Henry when her attorneys read several letters stating Henry had failed to provide for his family and that Mrs. Henry did not desert him but only left town to find work to support herself and Mrs. Henry. Henry claimed that Mrs. Henry attempted to make a church member out of him but he was not a "church going" man. The judge did not allow the divorce but held the case over.

NEWSPAPER STORY AT BIGH'S CAPITOL

That clearing house of human emotions, the American newspaper office, from its background of Phyllis Haver's new talking picture "Office Scandal," which is the current attraction at Bligh's Capitol.

Dealing with a thrilling murder mystery from the viewpoint of the newspapers rather than the district attorney's office, the picture offers an original drama in an even more original setting.

Mrs. Haver is seen and heard as a newspaper reporter, known in her parlance as a "sob-sister" and through her ambition to cover a big story runs into a romance all her own as well as a mystery killing a faithless wife and a tenacious city editor.

Raymond Hatton returns to the screen after a long absence in "The Office Scandal" in the role of the city editor, Leslie Fenton plays opposite Miss Haver and others in the cast are Margaret Livingston, Jimmy Hama and Jimmy Aldine. As an added attraction on this bill the Capitol will offer an all talking Mack Bennett comedy, and also the regular vitaphone acts, and Fox movietone news.

FALL OPENING TO BE SEPTEMBER 19

Salem's fifth annual "Fall Opening" featuring special window displays by the merchants and the annual treasure hunt by everyone participating, has been set for Thursday, September 19, by the Salem Ad club, sponsors for the event.

This year the committee in charge of the affairs is elaborating upon the plan of previous years in order to secure, if possible, a 100 per cent participation by the downtown merchants. An entirely new program of entertainment features is being worked out and will be ready for announcement in a few days. The usual dances for the attending crowds are being provided for.

Special sales and style shows are being planned by individual merchants for their windows and stores on that evening.

SUSPEND CANNED GOODS FREIGHT RATES

Washington, (AP)—The interstate commerce commission Thursday postponed from August 30 until March 29, 1930, operation of schedules proposing changes in freight rates on canned goods shipped between points in California, Oregon, Washington, Idaho, Montana, and British Columbia.

The suspended schedules included numerous increases and reductions in rates the commission previously had announced.

Among the school clerks who called at the county school superintendent's office Thursday to receive their audited and checked over district books were C. H. Bosch of the McKee district, J. C. Orr of the McKee district, Henry Siegmund of the Oak Glen district, Miss Bonnie Haack, city teacher, also called at the office Thursday.

DANCE MOODS IDEA COMING TO ELSINORE

Watson, Portland and Roxana L. Young, Sherwood, both of legal age.

FIRE DAMAGES RUBY FARM; STOCK RESCUED

Portland (AP)—Strenuous efforts of fire fighters saved blooded stock from destruction Wednesday night at the A. C. Ruby stock farm in a blaze which destroyed two barns, a blacksmith shop, garage and considerable farm machinery. Damage approximately \$15,000. Spontaneous combustion was given as the origin of the fire.

ACTORS JAILED FOR PRESENTING OBSCENE PLAY

Los Angeles (AP)—Ten persons connected with the presentation of "Bad Babies" at a local theater, were out on bail Thursday, following their arrest at the final curtain last night. They were charged with staging an "indecent and lewd exhibition."

Unsuspecting patrons of the show, who witnessed the rush of detectives to the stage, applauded the action, believing it to be a clever finale.

Eight players, the stage manager and author, were taken in the patrol wagon to the police station where they gained release on \$500 bail each.

Those taken into custody were Miss Jobyna Ralston, Arthur Ralston, Marvin Williams, Marjorie Montgomery, Norman Peck, Elmer Flynn, Annette Westbay, Daris Shindell, all performers; Frank Jennings, stage manager, and George Scarborough, author.

Lloyd Mix, city prosecutor who ordered the arrests, said that he had received many complaints against the show which was billed as a "Wesley Play" of Modern Life. The play was built around the intrigues of a group of high school boys and girls, and the complications which resulted when a society woman fell in love with one of the boys.

The show will be suspended pending the outcome of a hearing Thursday.

MILK INSPECTION BY THE COUNTY

State inspection of dairies and milk supplies in Marion county will be handled in the future directly by the Marion county health unit according to plans discussed in Portland Wednesday by J. D. Mickle, state dairy and food commissioner, and the two Marion county officials, Dr. Vernon A. Douglas, county health officer, and J. E. Binkhorn, county and city milk and dairy inspector.

Details of the plan whereby the county health unit will assume the work of the state officer have not yet been worked out by Mickle and the two Marion county men but steps will be taken immediately to work out a satisfactory arrangement.

It is considered that the new plan will work to the decided advantage of Marion county people. Instead of the inspection made by the state officer once a year, a closer supervision will be maintained during the entire year of the milk supply source and the milk supply handling in the county.

AUTO STRUCK BY A TRAILER

For the second time within the week a report of an accident where a truck and trailer have sideswiped a private passenger car on the Pacific highway has been received at the sheriff's office.

Wednesday forenoon at a point five miles north of Jefferson, a truck and trailer owned by the Empire Fast Freight Lines, Inc., of Seattle and driven by H. Edwards, overtook and passed a car driven by Mrs. P. A. Conklin of Santa Barbara, Cal. According to Conklin's report, his wife was driving on the right wheels of the car very near the edge of the pavement, at a speed of about 25 miles an hour. Edwards went around them, the trailer sideswiped their car and overturning it in the ditch. The truck did not stop and when the driver was overhauled later by a third motorist, Edwards claimed he did not know his machine had struck the Conklin car.

Beyond a few minor scratches, neither Conklin, his wife, nor their baby was injured.

Edwards returned to the scene after being overhauled.

A car belonging to Mrs. May Catta, Hubbard, was involved in a similar accident earlier in the week.

DIES IN AUTO ON WAY TO HER HOME

Jefferson—Mrs. A. J. Stone who with her son was returning to her home near Portland after a motor trip to Bend, died Wednesday evening as they were enroute from Jefferson to Salem. Mrs. Stone became ill shortly after leaving Bend and before reaching Jefferson became unconscious. She was taken to the office of Dr. J. O. Van Winkle, local physician, who administered a stimulant and advised taking Mrs. Stone to a Salem hospital as her removal from the car here was considered unwise without hospital facilities available. Dr. Van Winkle accompanied them north but Mrs. Stone died before the hospital was reached.

CANADIAN RAM BRINGS TOP PRICE

Salt Lake City (AP)—A Canadian lamb which sold for \$2,000 held top price Thursday in the national ram sale. The ram, a Suffolk, was brought by Laidlaw and Brockie of Muldoon, Idaho, from J. H. Patrick and son of Ilderton, Ontario, and was imported recently from England.

The price has been equalled only once in the ram sales here during the past 14 years. Good prices featured the Suffolk sale, ranging from \$115 up to \$2,000. Another lamb owned by Patrick and son was sold to Laidlaw and Brockie for \$875.

Other breeds were on sale Thursday, the closing day of the sale.

HALF MILLION FOR RECREATIONAL PARK

Portland, Ore. (AP)—Organization of a \$500,000 company to operate a recreational center known as Belmont Recreational Gardens, was announced Thursday.

Property for the amusement park has been purchased and a bond issue of \$250,000 underwritten. Plans call for a ball room, play grounds, swimming pool and six store buildings.

VALUABLE OLD BOOKS BURNED IN PALESTINE

By Jacob Simons (Copyright 1929 by United Press) Jerusalem, (AP)—Valuable Hebrew, Arabic and manuscripts were destroyed in the raids on Tel-Hadyah, a suburb of Jerusalem which I visited with American Consul Paul Knabenshue and Legat George Cusk, private secretary to the high commissioner of Palestine.

The signs were heart-breaking. Valuable furniture was ruined, entire private libraries destroyed and manuscripts burned. I visited many houses and the scene was the same in most.

The home of Dr. Lewis Epstein, an American citizen, was looted and the furniture burned. I noticed that the furniture, educational compilations and systems acquired by Dr. Berkson, American director of the department of education of the Palestine Zionist movement, had been completely burned.

The home of Dr. Gordon, manager of the Anglo-Palestine company, was looted of furniture. Some of the broken furniture could be seen outside.

The well known writer, Dr. Joseph Klausner, author of "Jesus Christ of Nazareth" and a prominent faculty member of the Hebrew University, had a famous library. It was badly damaged. The manuscripts of the famous writer, Agass, were burned and damaged.

There was an Arab, dead, lying in front of one of the houses. Patroling troops reported he had been found looting the house and they had shot him. The estimate on damage from looting in that one small community was 20,000 pounds (approximately \$150,000).

LABOR GOES ON RECORD BEHIND PUBLIC ISSUES

Tillamook (AP)—Decided opinions, one way or the other on principal public issues affecting labor directly or indirectly were expressed at the third day session of the Oregon state federation of labor, in convention here.

The federation urged: Early completion of the Roosevelt highway. Passage of an income tax. A federal amendment to the child labor laws. An increase in the salary of the state labor commissioner. Curtailment of the policy of issuing injunctions restraining union activities. Improved wage collection laws. Passage of a free text book law. Encouragement of home industry. Purchase of union label goods which would strengthen labor unions.

The federation decided to petition congress to restrict immigration from the Philippine islands and to urge national legislators to support legislation restricting immigration from Mexico.

Three cities, Salem, Astoria and Medford, have issued bids for the 1930 convention.

RUM RUNNERS LEAVE PRISON

Tooms, Wash. (AP)—Captain Robert Pamphlett and Jacob Wolite, heroes of the sea, Thursday were freed from the federal prison where their heroism placed them. They had served sentences of two years as rum runners at McNeil Island penitentiary.

In February, 1925, the ship which Captain Pamphlett commanded went to the rescue of nine men on a wrecked schooner. The men were saved, but the following day the coast guard cutter Algonquin overtook Captain Pamphlett's ship and took him into custody.

The two were indicted in June, 1926 at Portland, Ore., and later were sentenced to prison.

Strong efforts to obtain leniency were made, but to no avail.

It was contended that the two men had been captured solely due to their act of saving the endangered crew. Heavy fines also were imposed by the federal court.

ASTORIA YOUTH CRASH VICTIM

Astoria (AP)—Robert Carruthers, 20, senior student at the Oregon State college and son of Mr. and Mrs. R. R. Carruthers of this city, was killed Wednesday night when his motorcycle crashed into an automobile driven by R. M. Irvine, 406 E. 19th street, Portland, on the Roosevelt highway near the Lewis and Clark river bridge.

The boy was headed and cut badly about the head and upper part of the body and lay in a local hospital for three hours with a fractured skull before he died.

Coroner E. B. Hughes announced that he will hold an inquest.

GOLDEN SPIKE ALTURAS LINE SEPTEMBER 14

The golden spike on the new Klamath Falls Alturas line of the Southern Pacific will be driven Saturday, September 14, at 8:00 a.m. about half way between the two cities, it was announced Thursday.

Klamath Falls will be represented by a special train party organized by the Klamath County Chamber of Commerce in which it is estimated will be four or five hundred people.

From Lakeview and Alturas at the east end of the new line there will also be a special train of commercial organizations which will meet the delegation from Klamath Falls in an old time celebration. After the ceremonies both trains will proceed to Alturas, where they will be entertained by ideas through Surprise valley. Games and other forms of entertainment will be indulged in with luncheon also a dinner in the evening.

Invitations are being sent to the Portland Chamber of Commerce and to the Chambers of commerce at Eugene, Salem, Albany, Corvallis and other points to western Oregon, to join in this celebration as well as from California.

Service via the new Alturas cut-off will begin Sunday, September 15. This will open a new transcontinental route from Klamath Falls and western Oregon.

DOCTOR HELPS ARREST THIEF

Portland (AP)—After a chase during which a police detective was mistaken for the robber at one time and a doctor and nurse aided police in capturing the guilty man, E. Schraabum, Portland's slippery drug store thief, is behind the bars here. He was brought here Wednesday to answer a series of charges.

Schraabum was arrested in Seattle by inspectors William and Horack. Working on a faint clew Horack posed as an accomplice of the robber and thief which will be the theory that he would reveal Schraabum's whereabouts. He found himself looking into the muzzle of two revolvers held by a doctor, the nurse's employer.

With the aid of Seattle officials he finally established his position. He enlisted the cooperation of the doctor and nurse and some time later when Schraabum paid another call on the nurse, the diligent physician trained his guns on the right man.

PRUSSIA TO ISSUE ZEPPELIN MEDALS

Berlin, (AP)—The Prussian mint will strike commemorative medals for the Graf Zeppelin's round-the-world-flight which will be executed in bronze, silver and gold pieces with prices ranging from 3 marks to a hundred marks (72 cents to \$34).

The design of the well known sculptor, Oscar Glockner, has been accepted for the medal. The obverse shows the profiles of Count Zeppelin as inventor, Dr. Hugo Eckener as navigator and Ludwig Duerst as chief constructor in the high sphere of the Zeppelin history. The reverse shows the globe with the landing points of the Graf on her great flight.

Portland (AP)—George G. Whiter, special counsel for the bureau of internal revenue with headquarters at Seattle, has announced his resignation from government service. He said he would enter private law practice at Los Angeles.
