

PRUNE GROWERS DEMONSTRATION NEXT SATURDAY

Dallas—Prune growers of the West Salem district have been watching the pruning demonstration work conducted by County Agent J. R. Beck in the Andrew Vercler orchard during the past two weeks. This is a very old orchard which

had been seriously neglected and Beck states there is quite a difference in the trees that were pruned and those that were not. A meeting has been called for 9 o'clock Saturday morning at which time the prune growers will have an opportunity to see the crop on the pruned and then the unpruned trees. Beck extends the invitation for all the prune growers of this section to be present. The Vercler orchard is located a short distance west of the Schindler dance hall and about two miles off the Wallace road. Ireland may subsidize its industries.

SHEEP PASTURE LANDS DAMAGED BY FOREST FIRE

Silverton—Fires set out on the Willard Benton, Cup Towe, Leonard Underwood places in the Silverton Hills district Sunday and Monday were fanned by the high winds Tuesday and got away from these ranchers. Help was procured

and they were thought to be under control Thursday unless a high wind came. The heaviest damage done was the sheep pastures being burned. There was danger of the Cap Towe fire getting into the Alexander green timber for some time but that danger which would have been a great loss, seems now to be over. The John Porter farm on which Sam Baller is living also had an expensive sheep pasture fire. The Underwood farm has several hundred sheep which will have very little pasture the rest of the summer. England is having rail-bus mergers.

FERRYMAN LOSES FLIVVER ROADSTER

Independence—A Ford roadster was taken from the ferry landing on the Polk county side of the river, here Thursday night about 11 o'clock. It belonged to one of the

Ferryman, and was not missed until he was ready to lock up the ferry for the night. The traffic officers were notified but as yet no clue is held as to its whereabouts although certain persons are under suspicion. This is the second time the ferryman has been touched this season. Several shirts were stolen from his residence a short time ago.
