

PETTY QUARREL IN SHOOTING OF GIRL IS DENIED

Albany—Wanda Print, 8, who was shot through the middle of the right lung by Lee Davis, 3 year old playmate, is expected to recover by hospital authorities unless infection sets in. The accident occurred Wednesday evening at the Linn and Linn hop yard in North Albany, where the children's parents were engaged in picking hops.

At first it was thought the accident was the outgrowth of a petty quarrel but the accident victim and young Davis both claim "the gun just went off."

Wanda is a daughter of Mr. and Mrs. C. H. Print of North Albany and young Davis is the son of Mr. and Mrs. James Davis who travel from place to place during fruit seasons.

No older people witnessed the shooting, but children who were near stated there had been no quarrel.

Tractor Backed From Bridge by Wills at Dever

Jefferson—Dempsy Wills, a farmer living near Jefferson, met with an accident which might have proved fatal early Wednesday evening as he was driving his tractor with the combine attached, going to Dever.

He was driving on to a narrow bridge a mile this side of the station, when two cars from the opposite direction drove on the bridge. Instead of letting the cars back off, Wills attempted to go back with the tractor and combine. In shifting gears to reverse, the clutch stuck and the tractor backed off the bridge and landed in the creek bed eight feet below. Fortunately the connections between the combine and tractor broke and the combine remained on the bridge.

Marion County 1930 Directory Started

Gathering of the names, statistical matter and other data for the 1930 Salem and Marion county directory has just been begun under the direction of J. P. Cleland, superintendent of the book's directory. In order that the time of issue may be near the first of the year instead of after the middle as heretofore, the canvass has been begun at a somewhat earlier date. Many of the important city directories, such as Los Angeles, are issued at that time of the year.

It has been found that more accurate information can be obtained when the people have all returned from their vacations and business concerns are running normally and schools are in session.

The force in the field are all experienced directory men of Oregon and is composed largely of men who have been compiling the Salem and Marion county directories for years. Mr. Cleland and his chief assistants, F. W. Metcalf and L. B. Sohus, have been engaged in the work here from fifteen to twenty-five years. Mr. Sohus is of a pioneer family of the northwest, many of his people residing around Aurora.

Tucker had been in Albany a week, then left for Lebanon to seek local advertising. Since Wednesday the spurious checks have been turning up in \$5 and \$10 amounts.

Typographical union officials in Albany were not for \$7, when they cashed his check for \$7, given them in order to redeem a suit of clothes which he had put up as security for a loan. He also decamped with Walter Traver's suitcase and contents after Traver, who handles a newspaper route in Lebanon had cashed a check for \$16.75 for Tucker.
