DAREDEVIL MODEST; TAKES PLUNGE ALONE

Silverton—Daredevil Al Faucet, water fall jumper, has a rival who goes over without a canvas boat and swims ashore without assistance. He did not advertise the feat and try to capitalize the event but quietly plunged over in the presence of his pal, George Lukens, of Gresham, formerly of Silverton. While Jack Manlove of Portland, who travels for the Gillan Cole Co. of Portland, and Mr. Lukens were fishing on the North Fork of Silver Creek Sunday afternoon about fourteen miles southeast of Silverton, Manlove's feet slipped while wading above the lower North Silver Creek falls and he was precipitated into the immense deep swirling pool 35 feet below. After swimming out, climbing out of the deep canyon, walking a mile, then driving to Silverton where he put on dry clothes, he feels none the worse for his experience.

Hair Rats Are Gone! AN ANCIENT PREJUDICE HAS BEEN REMOVED

Modern woman, freed of the restraint of long tresses, realizes the comfort and sanitation of the bobbed head. The shears in the hands of AMERICAN INTELLIGENCE have severed the bonds of another archaic dogma.

"toasting did it" —

Gone is that ancient prejudice against cigarettes—Progress has been made. We removed the prejudice against cigarettes when we removed harmful corrosive ACRIDS (pungent irritants) from the tobaccos.

YEARS ago, when cigarettes were made without the aid of modern science, there originated that ancient prejudice against all cigarettes. That criticism is no longer justified. LUCKY STRIKE, the finest cigarette you ever smoked, made of the choicest tobacco, properly aged and skillfully blended—"It's Toasted."

"TOASTING," the most modern step in cigarette manufacture, removes from LUCKY STRIKE harmful irritants which are present in cigarettes manufactured in the old-fashioned way.

Everyone knows that heat purifies, and so "TOASTING"—LUCKY STRIKE'S extra secret process—removes harmful corrosive ACRIDS (pungent irritants) from LUCKIES which in the old-fashioned manufacture of cigarettes cause throat irritation and coughing. Thus "TOASTING" has destroyed that ancient prejudice against cigarette smoking by men and by women.

"It's toasted"

No Throat Irritation—No Cough.

TUNE IN—The Lucky Strike Dance Orchestra, every Saturday night, over a coast-to-coast network of the N. B. C.

"It's Toasted"—the phrase that describes the extra "toasting" process applied in the manufacture of Lucky Strike Cigarettes. The finest tobaccos—the Cream of the Crop—are scientifically subjected to penetrating heat at minimum, 260°—maximum, 300°, Fahrenheit. The exact, expert regulation of such high temperatures removes impurities. More than a slogan, "It's Toasted" is recognized by millions as the most modern step in cigarette manufacture.
