STATE PRINTED SCHOOL BOOKS SAVE \$100,000

Arthur Brock, foreman of the state printing plant and member of an interim committee created by the 1929 legislature to investigate the advisability of state printing of text-books, declares that state printing of texts for the grade schools would save parents over \$100,000 a year. Brock has returned from California where he investigated state text-book printing and reached his conclusion during his inquiry there.

"We have figured," Brock said, "showing that about \$300,000 is spent annually in Oregon for text-books used in the grades. I am convinced that we could produce these books in the state printing plant for less than \$200,000."

Brock said he did not think it would be practical for Oregon to print high school texts at the outset. California is not doing it, but is expecting to soon, he said.

Brock's figures, he said, apply to state-printed books, and not free text-books. Free books, he believes, could be produced at even less cost. He mentioned that Oregon is one of only seven states in the union that do not provide free books. He said that nearly all publishers are willing to accept their text-books to state plants. New equipment in the state plant needs would cost about \$100,000.

Three percents from the state of Washington were with Brock in California, investigating the feasibility of state-printed texts in that state. Washington now furnishes free books but purchases them from private publishers.

Mr. and Mrs. L. L. Jensen are the parents of a baby girl, born early Wednesday morning. Jensen is the architect for the municipal hangar at the airport.

Kathleen Phelps is song leader.

BANQUET GIVEN BY PATRIOTIC ORDERS OF CITY

More than 175 people affiliated with patriotic organizations attended the first meeting and banquet of the Federated Patriotic Orders Tuesday night at the First Methodist church. Election of officers was held, with G. R. Stover of the Sons of Veterans elected president; Mrs. Frank N. Waters, of the American Legion auxiliary, vice president; Mrs. John Shipley, secretary; and Mrs. Madeline Nash, of the Daughters of Veterans, treasurer.

Mr. Stover introduced representatives of each of the patriotic orders present, including Commander Carnahan of the G. A. R.; Mrs. Rose Hagood of the W. R. C.; Mrs. Mary Gosser of the Ladies of the G. A. R.; Mrs. W. H. Byrd of the D. A. R.; Mrs. Mable Needham of the Daughters of Veterans; U. G. Boyer of the Sons of Veterans; Alice Adams of the Sons of Veterans auxiliary; Mrs. LaMoine R. Clark of the Spanish-American War Veterans auxiliary; Mrs. Mabel Lockwood of the War Mothers; Mrs. Frank N. Waters of the American Legion auxiliary, and A. C. Blesh of the American Legion.

Rev. Harry E. Gardner opened the program and also delivered the main address of the evening in the absence of Comrade Earl Race. H. N. Mead led in community singing. Solos were given by Mrs. Charles Maxwell, who also gave several recitations. Local numbers were offered by the American Legion auxiliary quartet under the direction of Miss Lena Belle Tarter. Small Robert Brown gave an accordion and harmonica selections, and Comrade Harris sang several war songs.

SMITH RESIGNS AS ASSISTANT TO MR. HOWARD

Resignation of W. M. Smith, assistant state superintendent of schools, was announced Wednesday by C. A. Howard, state superintendent, to take effect December 1.

James M. Burgess, superintendent of schools at Heppner, Ore., will succeed Smith, Mr. Howard said. Mr. Smith has been in education work in Oregon for many years. He was for some years principal in the Salem schools and later served several terms as Marion county superintendent of schools. It was because of outstanding work in the latter office that he was appointed assistant state superintendent by J. A. Churchill nine years ago. He remained in the position under Mr. C. A. Howard.

"His counsel has always been sound," said Mr. Howard Wednesday, "and his advice and assistance were indispensable to me when I came into the state office. I consider myself fortunate that he has remained until I could become familiar with the work of the department."

Smith expects to rest for several months, and give attention to business interests. James M. Burgess, who succeeded Mr. Smith, is a graduate of the University of Oregon and received the master's degree in education at Stanford university. All of his teaching experience has been in Oregon schools. In addition to his present position, he has served on several educational research committees. He is a member of Phi Delta Kappa, a national education fraternity, and of Sigma Psiota, a national fraternity of magazine writers. He has contributed to educational and fiction publication. He is president of the Lions club at Heppner and is vice commander of the American Legion post there.

The P. E. P. company social club, Willamette employees, their families and friends, with a dance at Castilian hall Wednesday night. The club is able to give the dance through the courtesy of the company, which makes a monthly allowance for the welfare and entertainment of employees of the Willamette valley division. The music Wednesday night is being furnished by Kenneth Moyle, an employee of the company, and his orchestra. Arrangements for the dance are in charge of E. T. Hartwell, president, and John Verdeck, secretary-treasurer of the club.

Have your next repair job done at Marion Garage Co. Best of tools and mechanics, AAA towing. Never closed. 277*

The school clinic scheduled for Richmond school Friday morning by the Marion county health unit has been canceled.

Valley Day special: 31x25 Fisk Ballroom \$10.76. Wolf's Tire shop, 198 So. Commercial, Phone 786. 277

The Novocompatinim Camp Fire girls club will meet in the senior high school building Thursday after school.

MRS. JAY H. UPTON IN PORTLAND HOSPITAL

Portland (Ore.)—Mrs. Jay H. Upton, Bend, wife of State Senator Jay H. Upton, who was injured when two Oregon trunk trains collided near Oakbrook, Tuesday, was in St. Vincent's hospital here Wednesday.

Attendees at the hospital said that her general condition is fair. She is suffering from a shoulder injury and nervousness, her nurse said.

Report on changes in the club constitution, report on the bazaar recently sponsored by the club, and practice of songs entertained the home economics club of the sen-

ior high school at their meeting Wednesday. Dorothy Kent was in charge of the program for the afternoon. A feature of the meeting was the answering of questions enclosed in the question box, at which the girls took turn. The home economics club sent in their queries to the high school division of the national home economics association for continuance of the club's membership in the national organization. Claudine Gillespie is president of the club and Ruth Reynolds is secretary.

SCHOOL BUDGET GETS OKEH OF COMMITTEE

The school budget for June, 1929, to June, 1930, was promptly endorsed Tuesday night by the citizens' budget committee meeting with the school board in one of the most amicable sessions ever held in the office of the city superintendent of schools. The various items were read and adopted by the citizens' committee by a vote of 10 to 0. Superintendent George W. Hug and the school board had prepared a budget which was as satisfactory as could be secured with the amount of money to be spent on city schools this year.

The item on health service, which was expected to be questioned, was adopted as promptly as the others in the budget. Chairman H. H. Olinger stated that he was more than satisfied with the value to be received.

Members of the citizens' budget committee present at the meeting Tuesday night were W. H. Dancy, William Evans and Frank Hughes. An opportunity will be extended to the other members of the committee, William Gahndorf, William McCullister and Mark McCullister, to sign the budget before it is submitted to the voters at an election in the high school December 19 at 8 o'clock.

BANKS CONFER ON TAX PAYMENTS

(Continued from page 1)

banks having paid in full. Two members of the county court are warning up to a proposition that the state banks which refuse to pay their taxes be denied further use of county funds. As it stands, around half a million dollars of county funds are averaged in the county bank account the year around, with this divided among the various banks, Salem banks having the largest share in their checking accounts. The amount is paid on daily balances on these county funds. It is known that at least two members of the court are giving very serious thought to insisting that only those banks which pay their taxes share in the handling of the county tax money.

The failure of a few state banks to pay their taxes followed the move of the national banks in not paying theirs after the federal court in Portland had held that such taxes against national banks are illegal because of provisions in the national banking law. The state banks have held that it was not fair for them to pay when the national banks haven't paid.

Several efforts have been made to effect a compromise whereby the banks would pay a part of the taxes but so far, unless something happens at the star chamber session Wednesday which has not leaked out, the court has held that taxes are illegal. The members up to now have taken the attitude that the banks either owe or don't owe and if they owe that they should pay. And some of them go further by intimating that they should pay anyway as a moral duty as they have had the use of tax money paid from other sources by depositors in their banks, as well as the general protection of government.

The new excise tax law will take care of the loophole which has allowed some banks to escape part of their taxes for a period, but does not clean up the back taxes not paid.

Members of the court declined to say Wednesday when the secrets of the closed door session of Wednesday would be revealed or when it seemed likely some sort of a settlement would be reached. As near as can be learned the taxes are still unpaid.

The national banks of the county have had taxes amounting to \$24,975.55 run up on the tax books since the courts held they were not compelled to pay them. The state banks have had back \$2,655.32 in taxes which are against them on the books. There are only six state banks which have not paid up.

Local taxes by these six state banks are as follows: Coollidge & McClaine, Silverton, 1927, \$1,061.16; 1928, \$2,065.33. State Bank of Hubbard, 1927, \$347.50; 1928, \$339.79. Aurora State Bank, 1927, \$289.17; 1928, \$338.79. State Bank of Scotts Mills, 1927, \$263.54; 1928, \$293.45. Bank of Mt. Angel, 1927, \$1,323.99; 1928, \$1,283.50. Bank of Woodburn, 1927, \$194.69; 1928, \$239.59.

None of the national banks in the county have paid any taxes for 1927 or 1928 but in Salem's United States National bank of Salem which paid the first half of its taxes on the 1927 roll.

All Valley Day at Millers tomorrow will be most interesting. An acre of floor space in Salem's largest department store ready to serve your every wish in this big one day event.

ROTARY TOLD DEATH AN AID TO PROGRESS

Death, the Rotary club was informed Wednesday noon, is the greatest aid to progress, the quotation being used by W. E. J. Gratz, editor of the Epworth League Herald of Chicago. "If all the venerable of ancient times continued to live, their wisdoms would provide a serious traffic problem on Main street," he said.

"Each generation must be removed from the scene to make way for a newer and more progressive generation and too many of us are anxious to keep things the way they are today, possess no vision or no goal," Gratz continued. "The young people will never be as good as they used to be, or so each generation must be removed from the scene to make way for a newer and more progressive generation and too many of us are anxious to keep things the way they are today, possess no vision or no goal," Gratz continued. "The young people will never be as good as they used to be, or so each generation must be removed from the scene to make way for a newer and more progressive generation and too many of us are anxious to keep things the way they are today, possess no vision or no goal," Gratz continued. "The young people will never be as good as they used to be, or so each generation must be removed from the scene to make way for a newer and more progressive generation and too many of us are anxious to keep things the way they are today, possess no vision or no goal," Gratz continued. "The young people will never be as good as they used to be, or so each generation must be removed from the scene to make way for a newer and more progressive generation and too many of us are anxious to keep things the way they are today, possess no vision or no goal," Gratz continued. "The young people will never be as good as they used to be, or so each generation must be removed from the scene to make way for a newer and more progressive generation and too many of us are anxious to keep things the way they are today, possess no vision or no goal," Gratz continued. "The young people will never be as good as they used to be, or so each generation must be removed from the scene to make way for a newer and more progressive generation and too many of us are anxious to keep things the way they are today, possess no vision or no goal," Gratz continued. "The young people will never be as good as they used to be, or so each generation must be removed from the scene to make way for a newer and more progressive generation and too many of us are anxious to keep things the way they are today, possess no vision or no goal," Gratz continued. "The young people will never be as good as they used to be, or so each generation must be removed from the scene to make way for a newer and more progressive generation and too many of us are anxious to keep things the way they are today, possess no vision or no goal," Gratz continued.
