When you Gargle

Gargle even once can ease that sore throat, if the gargle is a quart-glass of water in which you have dissolved two tablets of Bayer Aspirin. It's what you gargle that counts. Doctors are always advising this sensible and effective treatment. They know it is successful. And many women whose sensitive throats once gave them much trouble every winter now find quick relief in gargling Bayer Aspirin. Repeat the treatment for deep-seated inflammation like tonsillitis. Bayer is the one thing that reduces the infection. You'll find many other uses for this universal antidote for pain; nothing relieves a headache quicker; or pains from neuralgia, neuritis, lumbago and the like. Bayer is the genuine. Aspirin is the trade mark of Bayer manufacture of monoaceticacidester of salicylic acid.
