## PHELAN, PURDUE STATES OFFER BEEN MADE HIM

By FRANK G. GORRIE  
Seattle (AP)—Is Jimmy Phelan to be the new University of Washington coach?  
Earl Campbell, Washington graduate manager who is doing the hiring says no.  
Jimmy Phelan, head mentor at Purdue university, Big Ten champion this year, who has been living at the same hotel as Campbell in Chicago the last few days, says yes.  
But yes or no, the name of the new coach will likely be officially announced by the end of this week.  
Last Friday Phelan told the Associated Press in Chicago that he had been offered the Washington coaching job and that he would leave in a few days to look over the situation.  
The hope is that Phelan wants to talk the matter over with the Washington alumni before he accepts the position. Campbell is expected to submit the name of the new coach to the board of control sometime Thursday for approval. This should be only a routine matter as the board gave the graduate manager full power to hire a successor to Enoch Bagshaw.  
It is possible that the new coach will be introduced at the University of Washington football banquet in Seattle next Thursday night.

## "Bring On Tunney" Yelps Shires After Winning His First Prize Ring Battle

Chicago (AP)—Victorious in his first professional boxing bout, Charles Arthur (the great) Shires, wants Gene Tunney next. Shires made his bow at the White City arena Monday night and spent just 21 seconds of his first fight for profit, in knocking out dangerous Don Daly, a Cleveland youth who also was making his initial appearance as a professional heavyweight.  
After the bout promoter Jim Mulen told Shires his next opponent would be George Trafton, huge center of the Chicago Bears of the national pro football league. But Charles Arthur nobly and firmly refused the assignment.  
"No more punk fighters get any free publicity through me," was Shires' ultimatum. "I want the best or none. Get Tunney out of retirement for me."  
The great one was only mildly stirred by his quick victory and the circumstances surrounding the show. It drew a capacity crowd of around 5,000, with gate receipts of approximately \$13,000.  
"Big crowd?" Shires asked. "What is 5,000 people when 55,000 used to turn out to see me play the Yankees?"  
Shires had plenty of competition from Daly until the finish occurred. They answered the bell by charging into each other throwing punches from everywhere. Shires connected with a right to Daly's chin, and the Cleveland youth, a protege of Eddie Meade, manager of Joe Lynch when the latter was bantamweight champion, dove face-first to the canvas. He tried to get up, but could not make it. Even the cocky Shires was bewildered at the quick finish. He redonned a gorgeous red and purple bathrobe, across the back of which was inscribed "Art 'The Great' Shires", then rushed over to assist in reviving Daly.

The belligerent White Sox first baseman entered the ring with a chorus of boos at his greeting, but left with cheers ringing in his ears.

## HAWKEYES TO FIGHT OUSTER ASK SHOWDOWN

Cedar Rapids, Iowa (AP)—The Iowa alumni association of Cedar Rapids, through its president, Judge Thomas B. Powell, decided Monday night to take "definite" action on the ouster of the state university from the Big Ten. A meeting will be held here Friday or Saturday, to discuss plans.  
Taking a sharp issue with Judge M. L. McKinley of Chicago, Judge Powell emphatically denied that the alumni of Iowa have had any influence on athletic policies in the last few years.  
"It is true that three alumni were placed on the athletic council last season, but they have no vote and act only as liaison between the university and alumni," he said.  
"Whether or not President Jessup had any knowledge of irregularities complained of, I do not know, but for the good of the university and the state, it would seem advisable to have a full investigation of the whole matter that all may know what the real situation was that caused Iowa to be kicked out."  
"Further, it would seem incumbent on the Big Ten to conduct an investigation of the affairs of the other schools. In view of the charges made by the Carnegie Foundation and the many reports that have been and are still in circulation, unless this is done, it certainly will look suspicious and leaves the impression that Iowa was only a 'scapegoat'."

Another angle was injected into the Iowa alumni fight for "a square deal" Monday night when members of the alumni here declared their intention of having a "show down" of the entire matter and will call on Commissioner Griffith to make public information which will be placed in his hands which are said to bear out Iowa's contention that "those of you, who are without sin, cast the first stone."

## ALBANY HUSKY MATCHED WITH MONMOUTH BOY

Making good on his promise to have some new faces among the night's fight card, Matchmaker Plant has arranged to bring Young Firpo, a husky Albany battler, here, Firpo, "the wild bull" of the Hub city, is scheduled to take on Bob Steele in a four round encounter. Steele, the gangling Monmouth scrapper, has made two appearances in local rings.  
A second newcomer to local fight circles will be William Murphy of Dallas. His opponent will be named Tuesday night.  
Del Allen, the Pendleton man tamer, went through his paces Monday night for the edification of rail birds. Matchmaker Plant will build his arena Tuesday afternoon and will ask Allen to go through a workout during the evening so all fans may have a pre-view of the Pendleton marvel.  
The showing Pat Dundee has made in recent fights, has made him a slight favorite over Allen. The pair fought a draw at Astoria several months ago, but at that time Pat wasn't showing the form he has displayed in recent bouts.  
Plans for a new arena have not been dropped. It was expected to have it in use by Wednesday night's show, but the boxing commission, desirous to have the best, have delayed construction until all details can be worked out. Bids on the ring are expected to be asked for shortly. Tom Louttit, who referees the next card, will be consulted in regard to the new squared circle.
