PAIN IN YOUR SHOULDER?

Use Tysmol for Relief

Knife-like jabs of pain in the vicinity of the shoulder blade are generally due to neuritis, brought on by exposure to draughts or sudden changes of weather. In some cases there is stiffness or soreness in the muscles, making it difficult to raise the arm. The safest and easiest way to relieve such an attack is to apply a small quantity of Tysmol over the affected area. This soothing, heating preparation is quickly absorbed through the pores and carried to the throbbing, aching peripheral nerves. The pains usually stop at once, and in a very short time the last trace of soreness should disappear. Tysmol is absolutely harmless—free from dope. Recommended for all forms of nerve pain, weather caused by neuritis, neuralgia, sciatica or rheumatism. Sold by leading druggists. Always on hand at Daniel J. Fry's.

Fairhaven, Mass.—"I am taking Lydia E. Pinkham's Vegetable Compound during the Change of Life. When I feel nervous and run-down my husband gets me a bottle right away. It is a great help to me and I think that if other people would only take it when they feel all run-down and take it as the directions say, they would find it a great benefit. My worst symptoms were nervousness and tired feelings. I could not sleep nights and I was so nervous I would cry if anyone looked at me."—Mrs. Ana Bessie, 196 Washington Street, Fairhaven, Mass.

With moderation THE GRIM SPECTRE of that future shadow may be avoided

AVOID THAT FUTURE SHADOW*

By refraining from over-indulgence, if you would maintain the modern figure of fashion

Fashion revels in the soft, enchanting curves of the modern figure. Don't sacrifice that graceful contour by permitting your eyes to be bigger than your stomach. Be moderate—be moderate in all things, even in smoking. Eat healthfully but not immoderately. When tempted to treat yourself too well, when your eyes are bigger than your stomach, light a **Lucky** instead. Coming events cast their shadows before. Avoid that future shadow by avoiding over-indulgence if you would maintain the modern, alluringly-rounded figure.

Lucky Strike, the finest Cigarette you ever smoked, made of the finest tobacco—The Cream of the Crop—"IT'S TOASTED." Everyone knows that heat purifies and so "TOASTING" not only removes impurities but adds to the flavor and improves the taste.

"Coming events cast their shadows before"

"It's toasted"

*Be Moderate!... Don't jeopardize the modern form by drastic diets, harmful reducing girdles, fake reducing tablets or other quack "anti-fat" remedies condemned by the Medical profession! Millions of dollars each year are wasted on these ridiculous and dangerous nostrums. Be Sensible! Be Moderate! We do not represent that smoking **Lucky Strike** Cigarettes will bring modern figures or cause the reduction of flesh. We do declare that when tempted to do yourself too well, if you will "Reach for a Lucky" instead, you will thus avoid over-indulgence in things that cause excess weight and, by avoiding over-indulgence, maintain a modern, graceful form.
