"The Second Grade News" is the title of a publication issued Monday by the small students in the second grade at Highland school under the direction of Grace Allen, teacher. The publication contains a number of original riddles by Dorothy Johnson, Vera Lindenan and Everett Thomas; stories by Juanita Klinger, Vera Crowe and Constance Wodell, and a column of news about the students in the class room.

Plans for thrift week, January 17-24, were the principal business at the meeting of the Salem teachers' council in the high school building Tuesday afternoon. George Hug, city superintendent, spoke to the group about school matters. Dorothy Taylor, principal at the Lincoln and McKinley schools, presided at the meeting as president of the council.

A civic project which originated in the 1B room at Park school, with Mrs. Grace Hendrickson as teacher, promises to become the leading project for the whole school during the coming few weeks. The young students decided to study the traffic question, and have made a number of signs designating halls as "one way streets," and have placed "stop", "slow", "no parking", and "through street" signs in various stragetic positions not only in their own class room but about the building. A number of the little folk can read phrases and words relating to their traffic study easier than the time honored stories about dogs, cats, and nursey rhymes. The project is also extended to their arithmetic work and other studies.

TO BEGIN WORK ON ROCK ISLAND COLUMBIA DAM

Spokane, Wash. (AP)—The Spokesman-Review says that it has been informed that the Wenatchee chamber of commerce would be told that the Puget Sound Light & Power company would start immediate construction of the huge Rock Island dam project in the Columbia river, nine miles south of Wenatchee.

The report said that L. R. Coffin, the power company's eastern district manager, would make the announcement Tuesday.

The Spokesman-Review said:

"Mr. Coffin will say, according to the report, that condemnation proceedings will at once be instituted against the few remaining properties, still independently held at the dam site, and that establishment of the first crews will be effected within a few days thereafter.

"When the work is going full force it is believed that between 2,000 and 3,000 men will be employed for several years.

"Final endorsement of the project was given by the Engineers' Public Service company, parent organization of the Puget Sound company, in the east some days ago. When announcement of the indorsement was made it was said that a working model of the dam had been set up and successfully operated under test."

The project, estimated to cost between $15,000,000 and $30,000,000 will be given a final evaluation at the meeting Tuesday, the report said.

THREE LIVES LOST IN FIRE

Pittsburg, Kansas (AP)—Two guests of the Wick hotel here were burned to death and five injured early Tuesday by fire which forced 74 scantily clad persons to flee from the hotel, and which seriously damaged the three-story hostelry.

Authorities were investigating reports that led to suspicion of incendiarism. Damage was estimated by fire department officials at about $75,000.

Flames blocked the front stairway and entrance of the hotel and guests leaped from windows and slid down ropes to safety. Few had time to dress and many braved blizzard conditions in night clothing. The building had no fire escapes, police said.

The dead are Clarence Parker, foreman in the Kansas City Southern railroad roundhouse in Kansas City, and Ralph Dennis, 19-year-old son of Mr. and Mrs. L. I. Dennis of Pittsburg.

None of the injured was hurt seriously.

Louisville, Ky. (AP)—Fire that caused the death of one man, a fireman, and injuries to nearly two score others, in destroying a million feet of lumber of the Mengel Body corporation, was brought under control early Tuesday, after more than five hours.

The loss was estimated by officials of the company at $200,000 or more. In addition five small frame houses near the lumber yeard, at Thirteenth and Dumesnil streets, were destroyed.

The man who lost his life was Lieut. William Patton, 34, of the Louisville Salvage corps. He was knocked from a crane when he and other firemen lost control of a hose, and fell on a concrete walk. He died after being taken to a hospital.

Most of the others hurt were overcome by smoke or suffered burns.

The lumber destroyed, pine and hardwood, was to be used in the manufacture of automobile bodies.

New Brunswick, N. J. (AP)—Fire raged through the Robert F. Ballantine gymnasium of Rutgers university early Tuesday, destroying the building.

The blaze, the origin of which was not determined, was discovered a little after 3 a. m. and by 7:30 only a fire blackened shell of walls and a heap of smouldering ruins remained.

Indianapolis, Ind. (AP)—Five persons were burned, three probably fatally, when Donald Kluesner, 31, poured gasoline on a fire in a heating stove at his home Tuesday.

The gasoline exploded and enveloped Kluesner; his wife, Hattie, 25; Mary Alice, 6; Florence Lettie, 5, and Donald, Jr., 3. Edwin and Everett, 6-months-old twins, were the only members of the family to escape burns.

PRISON SENTENCE STIFF NECK CURE

Chicago (AP)—The cure for a stiff neck, Samuel Ginsberg has figured out, is one to 14 years in the penitentiary.

Ginsberg, having jumped a $10,000 bond after conviction for cashing stolen travelers' checks, surrendered Monday.

"For four months," said Ginsberg, "I have been twisting my neck, looking over my shoulder to see if anyone was after me. My neck got so sore I decided to give myself up."

Judge Otto Kerner prescribed the penitentiary sentence.

STEALERS OF SAFE CAUGHT IN EUGENE

Harry Barr, 21 and William Kinney, 27, being held in Roseburg in connection with the robbery of the Western Auto Supply company store of that place, are believed by Chief of Police Minto to be the men who early Sunday morning, December 29, entered the company's store at this place and made away with a 200 pound safe.

The suspects were arrested at Eugene Sunday and were taken to Roseburg Monday where they are held pending an investigation.

Their tactics at Roseburg are very similar to the ones used in entering the store here. They climbed down through a skylight and descended to the floor by means of a knotted rope.

Kinney is said to be an ex-convict, having served a term for automobile theft. Records at the Oregon penitentiary show that a William Kinney was received there from Multnomah county, October 21, 1924 for larceny. He was released March 17, 1925.

WIDOW NAMED EXECUTOR OF WAYNE'S WILL

The supreme court Tuesday overruled Judge George Tazwell's demurrer to an alternative writ of mandamus in the case of the state on relation of Lenna Huber, executrix of the will of the late Charles E. Wayne, against Tazwell as judge of the circuit court for Multnomah county.

The case is an original proceeding in the supreme court. The court issued an alternative writ requiring Tazwell as judge of the probate department to fix the amount of a stay bond to be given by Lenna Huber pending her appeal from a circuit court decree in the Wayne contest case.

The will contest was started by Mattie V. Wayne, the widow, alleging that the will had been made under undue influence by Lenna Huber, Wayne's neice. Wayne's will had made her executrix and bequeathed to her the greater portion of his real and personal property, and to his wife the sum of $4000. The lower court held the will invalid, revoked the appointment of Lenna Huber and appointed the widow administratrix of the estate.

The opinion overruling Tazwell's demurrer was written by Justice Rand.

In the case of J. C. McConnell against the Owyhee Ditch company, appellant, the court handed down an opinion affirming Judge W. W. Wood of the circuit court for Malheur county The opinion was written by Justice Rand. The suit was to enjoin the ditch company from removing McConnell's stop-gate from the ditch.

A petition for relearing in Dalsley vs. Hambelton was denied.

KIDNAPING HELD GRAND STAND PLAY

Portland (AP)—An alleged kidnaping which resolved itself into what police described as a "grandstand play for sympathy," was unraveled here Tuesday in the announcement by the district attorney that three warrants, two for embezzlement and one for forgery, had been issued against Douglas Howard, 32, auto salesman, who was found, clad in pajamas, lying on a highway, bound and gagged.

Howard, who told police he had been kidnaped from his apartment by a man whom he said was friendly with his estranged wife, was recovering in an Oregon City hospital, while authorities dropped further investigation.

Police said Howard also sought to delay action of his wife's divorce proceedings.

GARBAGE ORDER REFUSED BY COURT

After a hearing Tuesday the supreme court denied to M. M. Elliott and J. B. Johansen of Eugene an injunction against the city to prevent its maintaing a monopoly contract with Bray brothers for the hauling of city garbage.

The contract between the city and Bray brothers was made April 8, 1928, for three years. On May 27, 1929, a vote of the people repudiated the contract. But in a suit in the circuit court to force enforcement of the vote of the people Elliott and Johansen lost. They have appealed to the supreme court, and sought the injunction denied Tuesday to serve pending determination of the appeal.

GARMENT WORKERS IN CLEVELAND STRIKE

Cleveland, Ohio (AP)—Workers in 34 garment factories here walked out Tuesday after a general strike call had been issued. It was estimated that between 4,000 and 5,000 workers were affected.

The strike was voted at a mass meeting in Public Hall Monday night. Extra police were assigned Tuesday to prevent outbreaks.

Benjamin Schlesinger, veteran head of the international union of ladies' garment workers, was to arrive from New York Tuesday to take active charge of the strike.

Speakers at the mass meeting demanded abolition of alleged sweatshop conditions in not only Cleveland garment shops but those in many important cities in the country.

KLAMATH SEEKS REFUND ON LOST INDIAN TAXES

Plans are being made in Klamath county to send a representative, probably Bruce Dennis, Klamath Falls publicher, to Washington, D. C., to work for passage of a bill refunding to that county $4,640,-277.14, and this representative will have the backing of the state of Oregon. This developed Monday afternoon at a conference here between C. R. Williamson, a Klamath county commissioner, and Governor Norblad.

The refund to be asked represents the amount that, during the last 10 years, would have been paid in taxes by federal owned Indian reservation lands had they been privately owned, including also the amount that the county has spent in construction of schools, roads, bridges, ferries and other improvements on the reservations.

The state is interested in the plan for the reason that the county promises, in event of success, that it will pay the state what would have accrued in state taxes on the land in 10 years. It is estimated that this would amount to $800,000. Governor Norblad will telegraph the Oregon delegation in congress, urging its support of the measure.

It is conceded that the government obligation claimed by the county is not a legal one, but a moral one. Though the county has no revenue whatever from the lands it is said that construction of highways on the reservation in 10 years have cost the county $387,437 and schools have cost $194,000, while board for Indian prisoners who live on the reservation and who have committed prison offenses off the reservation has cost the county, it is claimed, $37,000.

It is estimated that the taxes alone would amount to $3,981,597.61.

PURVINE GIVES MILLER JOB CITY PAYROLL

Charles Miller, who waged an unsuccessful battle to convince a majority of the members of the city council that they should give him a seat at the city's pie counter now occupied by Batty Cooper as sanitary inspector, was on the municipal payroll Tuesday morning unbeknownst to Mayor Livesley, City Recorder Poulsen and most of the members of the council.

In fact City Treasurer Rice, for whose department Miller is said to be working, says the first knowledge he had that Miller was going to work was when Alderman Purvine escorted Miller into his office Tuesday morning and instructed Rice to put him to work at checking up on delinquent licenses due the city.

In former years, Mr. Rice said, the police department has given him what assistance was necessary in rounding up the rooming houses, junk shops and like places that have failed to take out their licenses and pay their fees. There are, Mr. Rice said, but a few cases of delinquency and if the city has ever lost any considerable amount of money through uncollected license fees he does not know about it.

"So far as I know Mr. Miller will only be working for a few days," said Mr. Rice.

Mayor Livesley said information that Miller or anyone else had been given any such job was news to him, and the city recorder said Miller had not yet been sworn in and placed on the payroll. If, as reported, Miller is to be paid at the rate of $150 a month, the recorder knew nothing of it, nor did anyone seem to know from what Mr. Miller is to receive his compensation.

Mayor Livesley was in the dark as to what authority existed for permitting the employment of Miller, and was inclined to question whether or not the city had any authority to pay him anything.

MRS. LULU PHILLIPS, INDEPENDENCE, DIES

Mrs. Lulu J. Phillips, 52, died in a Salem hospital late Monday night following a week's illness. She was brought to Salem from her home in Independence just before New Year's day, by her sister, Mrs. J. P. Rogers of Salem.

Mrs. Phillips was the widow of the late James H. Phillips, railroad detective for the O.-W. R. R. & N. company who was killed in the railroad yards at Portland by thieves several years ago. She had made her home in Independence for the last few years, with her son Harry.

Funeral arrangements by Rigdon and Son had not been completed Tuesday afternoon, but the remains will be forwarded to her former home at Linneus, Missouri, for interment. Besides her son and her sisters in Salem, Mrs. Phillips is survived by the following brothers and sisters: Mrs. G. P. Delany, Ochelapa, Okla.; Mrs. Ella Brown and Lon Kelley of Linneus, Mo., and N. Kelley of Midwest, Wyo.

PARENT-TEACHERS MEET SATURDAY

The Marion county council of parents-teachers will hold an all day session Saturday, January 11, in the Leslie junior high school building, South Winter and Howard streets. Delegates and representatives from circles throughout the county are expected to attend. Dr. B. P. Pound, county president, will preside.

The session will open Saturday morning at 10:30 o'clock with an address of welcome by Mrs. Floyd L. Utter, president of the Lincoln-McKinley-Leslie parent-teachers association. Reports will be given by the secretary, Mrs. R. L. Wright of Salem, and the treasurer, Mrs. Elvira Carmichael, and by the various circles throughout the county.

Mrs. William Brice of Portland, state president, and Mrs. William Kletzer, second state vice-president of the association, will be the principal speakers at the afternoon session, which will open at 1:30 o'clock. Music arranged by Gretchen Kreamer, head of the music department at Leslie junior high school, will be a feature of both the morning and afternoon programs.

PAGE ASSUMES PRESIDENCY OF KIWANIS CLUB

In the presence of club members, several visitors and a huge bouquet of garden vegetables, U. Scott Page received the gavel from Ralph Cooley and assumed the presidency of the Kiwanis club Tuesday noon. Cooley was presented with a past president's button by Dean George H. BABE RUTH SPURNS $75,000 A YEAR

New York (AP)—A conference between Babe Ruth and the Yankees over the home run king's new contrack broke up in failure Tuesday. The Babe refused to accept a two year offer calling for $75,000 per year and Colonel Jacob Ruppert, the Yankee owner, rejected Babe's counter proposal for a three year contract agreement at $85,000 a year.

Ruth's salary for the past three years has been $70,000. The Yankees offered to renew this for one year, as well as to boost the amount $5,000 for a two year term but the big hitter declined both proposals.

After declining to meet Ruth's demand for a $15,000 increase annually on a three year contract basis, Colonel Ruppert said the club would not sign the Babe to a three year agreement on any terms.

ANGLERS LICENSE RECEIPTS FALL OFF

Fifty fewer anglers' licenses and 63 fewer hunters' licenses were issued in Marion county in 1929 than in 1928, according to a report on fish and game licenses just completed by County Clerk Boyer. As a result while Marion county produced $13,284.25 in fees for the game commission in 1928, it only paid in $13,001.25 to the game fund in 1929, or $283 less.

The report shows 1224 hunters' licenses issued during 1929 for $3072; 73 county hunting licenses for $100.50; 2 non-resident hunting licenses for $30; 1724 anglers' licenses for $5172; 51 county angling licenses for $76.50; 34 non-resident angling licenses, for $110; 764 combination licenses for $3820 and certificates of lost licenses drew $11.25 in fees.

DISTRICT SETTLERS WILL ACCEPT PLAN

Settlers on the Grants Pass irrigation district voted 446 to 2 to accept a refunding bond plan which is part of the state's reorganization scheme for that district, according to a telegram received late Monday by State Engineer Rhea Luper.

Luper said he was not ready to make known all details of the plan, but that it had been approved by the state reclamation commission.

Luper is on his way to Prineville where he will meet the board of directors of the Ochoco district Thursday and present to them an offer of the bondholders' committee relative to the reorganization of that district. He said the nature of the offer would not be made public until it has been submitted to the directors.

CARD OF THANKS

We wish to thank our many friends for the kind words of sympathy and floral offerings at the time of the death of our son and brother, Floyd.

COURT REPORTS TO BE PRINTED BY THE STATE

Beginning immediately, the Oregon Reports, the books that contain the opinions of the state supreme court, will be printed, bound and published by the state instead of by the Bancroft-Whitney company of San Francisco which has held the contract for many years. This announcement was made Tuesday by the state printing board, which said that the contract with the San Francisco publishers was being terminated.

The printing and binding of the volumes will be done in the state printing plant here. The stitching will be done in Portland. The board said that not only would a saving be realized by the change, but that labor would be provided for more printers and binders and that probably Oregon paper would be used. James Crawford of Portland, official reporter for the supreme court, said publication would be speeded up. Distrubtion will be through the secretary of state.

The books now cost the state $2.75 a volume and private individuals $3.75. Under the new plan it is estimated that the books will sell for about 75 cents less and the money will go to the state instead of to an outside publishing company.

SNOW MAROONS VISITORS, CAVES

Grants Pass, Ore. (AP)—A party of Grants Pass business men, headed by Samuel Baker, president of the chamber of commerce, Tuesday awaited an opportunity to return here from Oregon Caves where they were marrooned by the heavy snowstorm the last two days. Little concern is felt for their safety as it is known they have a supply of food and plenty of fuel.

Another party, headed by Earle Voorhies, managing editor of the Grants Pass Courier, is snowbound at an old mine near Holland, a few miles from here. The snow in Holland is reported four feet deep.

Reports reaching county officials indicated residents in some sections of the isolated parts of the county had been caught without a large supply of groceries. Snow has blocked many roads leading from these sections to nearby settlements.
