

AMITY RESIDENT IS NEAR DEATH IN FENCE

HANDS FROZEN AS BARBS KEEP M'KINNEY FAST

Amity—Steve McKinney, 78, is in a critical condition from exposure and is suffering with badly frozen hands. McKinney, who lives alone on the place where he was born and raised, was found Monday evening tangled in a barb wire fence by a brother-in-law, Peter Burton, who noticed the dark object in the fence and investigated. McKinney was unconscious when found, but was later revived and able to state that he had found himself out of matches and was crossing a field to a neighbor's home about three-fourths of a mile away, to replenish his supply. In crawling through the fence the heavy barbs caught in his clothing and he was unable to liberate himself. This is the first time in the memory of the earliest residents of this locality that a human being has ever suffered from low temperatures. Some of the thermometers around here registered as low as 11 degrees below zero Monday night.

DEMAND FOR SARGON BREAKS ALL RECORDS

Twenty-four Carloads in 25 Days in 27 States Is Amazing Record Recently Made by Celebrated Medicine - Overwhelming Demand the One Great Outstanding Proof of Its Merit - Rapidly Becoming Household Word Throughout America.

Most medicines are sold by the dozen or by the gross. A few are sold in larger quantities, but think of a medicine that sells in such enormous quantities that wholesale dealers are forced to buy it in solid carload lots to supply a demand that has been so phenomenal as to almost stagger the imagination.

Twenty-four carloads in 25 days in 27 states is the amazing record recently made by this wonderful medicine. In the State of California where Sargon was introduced in April of last year, it has required 20 carloads to supply the ever-increasing demand in this one state alone. Texas dealers required 9 carloads in only four months. A single New York firm with wholesale branches in leading cities, is selling at the rate of one million and a quarter bottles a year. "Phenomenal and bewildering" is the way one of the big drug jobbers of the country describes the marvelous demand for Sargon. "It's the greatest seller within the memory of the oldest members of our organization," said another. "We are selling more Sargon than any other ten medicines put together."

Items of interest for publication each week. Seymour Stewart was appointed reporter to the Capital Journal. Helena Witzel was the State-eman, and Cecil Miller will report for the Turner Tribune. Be moderate

AVOID THAT FUTURE SHADOW

AVOID THAT FUTURE SHADOW*

By refraining from over-indulgence, if you would maintain the modern figure of fashion

Fashion revels in the soft, enchanting curves of the modern figure. Don't sacrifice that graceful contour by permitting your eyes to be bigger than your stomach. Be moderate—be moderate in all things, even in smoking. Eat healthfully but not immoderately. When tempted to treat yourself too well, when your eyes are bigger than your stomach, light a **Lucky** instead. Coming events cast their shadows before. Avoid that future shadow by avoiding over-indulgence if you would maintain the modern, alluringly-rounded figure.

Lucky Strike, the finest Cigarette you ever smoked, made of the finest tobacco—The Cream of the Crop—"IT'S TOASTED." Everyone knows that heat purifies and so "TOASTING" not only removes impurities but adds to the flavor and improves the taste.

"Coming events cast their shadows before"

"It's toasted"

*Be Moderate! . . . Don't jeopardize the modern form by drastic diets, harmful reducing girdles, fake reducing tablets or other quack "anti-fat" remedies condemned by the Medical profession! Millions of dollars each year are wasted on these ridiculous and dangerous nostrums. Be Sensible! Be Moderate! We do not represent that smoking **Lucky Strike** Cigarettes will bring modern figures or cause the reduction of flesh. We do declare that when tempted to do yourself too well, if you will "Reach for a **Lucky**," instead, you will thus avoid over-indulgence in things that cause excess weight and, by avoiding over-indulgence, maintain a modern, graceful form.
