South Africa is the leading empire egg producing section. While South Africa sends fresh eggs to Great Britain without the use of cold storage they nevertheless are subject to a rigid dominion inspection. Eggs coming from the Continent of Europe do not undergo this inspection.

## FRENCH STATE TAX CUT; PARIS CITY LEVY UP

Paris (AP)—Frenchmen in general have received a satisfying present from the Tardieu government in the way of general tax reductions, but the Parisians have been shown the opposite kind of treatment by the municipal council. While the gas rates and subway fares have been increased in Paris, the government announced several considerations for tax payers.

A reduction of the tax de luxe, the luxury tax on automobiles, the transport tax on cereals destined for bread, on fertilizer and potatoes have been announced.

The tax on furnished apartments has been reduced, also the tax on exchange operations, an don the incomes of men with families.

Taxes have been reduced on the exchange operations, and on the incomes of men with families. Taxes have been reduced on the transfer of house furnishings and furnished apartment buildings, also on unimproved real estate properties.

The tax on the turnover of wool sales was reduced, also loans of the colonies, the various French departments, the communes, and the Department of Posts and Telegraphs, have been put in the non-taxable class. The land tax on cultivated fields also has been reduced.

And last but not least, the restaurant and hotel stamp tax on meals of less than 20 francs has been entirely suppressed.

All these measures have been accepted by the government and should go into effect immediately.

## YOUNG BRIDEGROOMS RELIEVED OF OFFICE

Berlin (AP)—Blushing bridegrooms of the small towns in the vicinity of Wuerzburg need no longer perform the office of "heilgenmeister" in the village church if they have a mind not to. The Bavarian courts have upheld the contention of one of them that he should not be compelled to take over this task.

As a term, "heilgenmeister" is difficult of translation. A person clothed with this title acts as a sort of sexton or sexton and his particular duty is to pass the collection box during church services. In bishopric of Wuerzburg it has for generations been the practice for the most recently married man in the village to assume this office and hold it until relieved by a newer bridegroom. In some villages the custom had been so long in use that it had taken on the force of law.

## CHINA LOSES RICH DEPOSITS TO JAPAN

Hongkong (AP)—The Chinese have just begun to comprehend that Japanese interests have stolen a march on them by exploiting rich phosphate deposits on the Paracels, a group of reefs and islets in the Chinese sea 170 miles southwest of this port.
