

AVIATION FACES CRITICAL YEAR, BROWN THINKS

Cleveland, (AP)—As an aftermath of rapid development, commercial aviation in this country is now facing one of the most critical 12 months in its young life, according to an opinion expressed by Postmaster General Walter P. Brown.

The picture he paints reveals that nearly all passenger lines suffered severe losses last year. Air mail operators, although faring better in many cases, were compelled to use the profits from mail operations to offset the losses incurred in carrying passengers.

Coast-to-coast flying facilities were provided before any considerable number of people had even made sight-seeing flights over their own home towns, Brown told in depicting the growth of large-scale aviation business.

A condition also exists in the annual service which cannot be corrected until mail rates undergo thorough revision according to the Postmaster General.

"In our judgment, the method of determining the compensation of air mail contractors must be revolutionized. The system of paying by the pound, regardless of distance traveled, is manifestly unsound," he said.

Brown cited examples of the disparity between the compensation paid various contractors. The rates from Boston to New York, he said, are \$3 per pound; New York to Chicago 36 cents per pound; Chicago to Salt Lake City, \$1.95 per pound; Salt Lake City to Los Angeles \$3 and from Cleveland to Pittsburgh, \$3 per pound.

Contractors on prosperous routes have naturally prospered, Brown said, while those on routes where mail flows in a small volume have suffered heavy losses.

An amendment already has been drawn up by the postoffice department to correct these discrepancies in rates. A vote on the measure is expected in the next congress.

The amendment, in brief, authorizes the postmaster general to contract for air mail between cities at fixed rates per mile for definite weight spaces, rather than paying by the pound regardless of distance traveled.

These changes, in Brown's opinion, would render a double service—give immediate aid to the lines in distress, and greatly increase the air mail service to the public by permitting dispatch by mail on regularly scheduled passenger flights.

RETURN TO BURNS

Silverton—Harry Ekker, who with his wife and baby have been at the home of Mr. Ekker's mother, Mrs. Robert Gourlie, left Wednesday evening for Burns, where she expects to be employed. Mrs. Ekker and the baby expect to leave soon for Burns.

HOME FROM FUNERAL

Monitor—Mrs. Harry Nelson and Mrs. Gillanders returned Tuesday evening from Ontario, where they went to attend the funeral of Mrs. Gillander's brother, Howard Mallett.

PLACE FOR SOCIAL CHANGED, WOODBURN

Woodburn—The basket social to be held Saturday night by the Christian Endeavor of the Christian church will be held at the church instead of the Ogle building as first announced. There will be a program and social hour and everyone is invited. Ladies and girls are to bring baskets and the men and boys are to come prepared to buy.

ROAD CONSTRUCTION TO MINES IS URGED

Portland, Ore. (AP)—State or government aid in constructing roads and trails to undeveloped mining properties would prove of unestimable value to the mining industry of Oregon and would tend to open up mineral lands of promise unworked because of their isolated position in the opinion of R. H. Fleming, veteran miner and holder of considerable mining property in this state and British Columbia.

"Oregon has vast and rich undeveloped mining properties which are remaining undeveloped resources because of lack of roads," Fleming declared on a visit here. "And these properties will remain undeveloped, probably until some system whereby roads can be built to them is devised."

TO CELEBRATE PRINTING

Richmond, Va. (AP)—Two centuries of printing in Virginia will be celebrated at an exposition here in March. The first newspaper in the state was started in 1730 at Williamsburg.

GIRL ICEBOUND ON SHIP WAITS PLANE JOURNEY

Nome, Alaska (AP)—Plucky Marion Swenson may be seeing gay city lights instead of blizzards and the gray vastness of the arctic before she is hoped.

She and her father, Captain Olof Swenson, are to fly from his fur trading ship, the Nanuk, instead of waiting for the ice to break.

Last June Miss Swenson, Seattle high school student, has been on her father's ship now locked in the ice off Cape North, Siberia. Many weeks of short rations and hours around an oil stove in the cabin waited her.

Twelve Years Mayor and Going Strong!

WHEN a man who has been mayor of a big city for twelve years finds out how to live, his words are worth listening to. Ex-Mayor E. N. Kirby of Abilene, Texas, discovered the simple way to health about ten years ago (he is now 64).

"I am now a new man, and as active as a boy," says Mr. Kirby. "I feel fine all the time and rarely have an ache or a pain, although for twenty-five years I suffered with rheumatism, and sometimes was unable to stand or walk. I would not give up my simple health discovery—no, not for five thousand dollars in gold!" That discovery was Nujol.

That's the wonderful thing about Nujol. Although it is not a medicine and contains absolutely no drugs, its harmless internal lubrication seems to make people feel better and look on the brighter side of life, whether they are old or young.

It is so: we all of us have natural poisons in our bodies that make us feel headachy, sick and low in our minds. Nujol, which is as tasteless and colorless as pure water, helps to absorb these and carry them away, easily, regularly as clock work.

Instead of drugging and irritating your body with pills, cathartics, laxatives, and other habit-forming drugs, give your body the internal lubrication which it needs, just as

Hon. E. N. Kirby, for twelve years Mayor of Abilene, Texas, who has discovered secret of success.

much as any other machine. After a few days you will be surprised at the difference in the way you feel. You can get Nujol in a sealed package in any drug store. Nujol may change your whole outlook on life. Get a bottle today and give yourself a chance to be well!

12 sixes cost more— STUDEBAKER COMMANDER EIGHT

\$1495 TO \$1695 AT THE FACTORY

The Commander is an Eight of true championship calibre—one of the three great Studebaker Eights, which hold the highest world records and more American stock car records than all other makes combined.

The Commander Eight has the thrust of a six—yet 12 makes of sixes cost more. Studebaker offers eight-cylinder power, at moderate cost, modern to the very moment in style and engineering... Champions with such features as the New Full Power Muffler and Ball Bearing Spring Suspension, both pioneered by Studebaker—Hydraulic Shock Absorbers—Duplate Safety Glass—Cam-and-Lever Steering—Automatic Radiator Shutters, controlled by thermostat—Bodies steel sheathed over hardwood foundation—Lanchester Vibration Damper.

STUDEBAKER EIGHTS COST NO MORE TO BUY OR TO OPERATE

STUDEBAKER AND ERSKINE SALES SHOW GAIN

Seasoned Eights and Dynamic New Erskine Meet With Healthy Buying Response

Studebaker sales for January, 1930, showed a 73% increase over December, 1929. Total January shipments, both export and domestic, were within 3% of last year. Shipments to domestic dealers exceeded January, 1929.

In New York, where the recent uneasiness originated, more Studebakers and Erskines were delivered to retail purchasers than during any January in Studebaker history.

The public still has the cash and the desire to buy motor cars which offer champion performance, comfort, safety and beauty at One-Price prices.

What Does "Thrift" Mean?

There are many definitions for this word, but among others Webster defines THRIFT as "Economical management" and "Good husbandry." ECONOMIC MANAGEMENT as applied to food buying, means buying QUALITY food-stuffs as you require them at the right price. At PURITY STORES you will find at all times, Day by Day, and Week by Week prices which are consistently low. In addition to this you have available credit privileges, and delivery service to your door, which when compared with chain-store cash prices, make your monthly savings on the best food-stuffs in the market show up very favorably by comparison. Practice THRIFT by trading at PURITY STORES—there is one in your vicinity.
