

### DALLAS LODGE HAS ROLL CALL MANY VISITORS

Dallas—More than 100 members of Marion lodge No. 85 of Knights of Pythias answered roll call Tuesday night at the 25th anniversary meeting and annual roll call, with Left Finseth, past grand chancellor, presiding officer.

After the regular business meeting the evening was declared open by the lodge's program begun by a harmonica number from two grade school boys, followed by introduction of the old, out-of-town members: Harry Bell, Floyd D. Moore, "Doc" Patterson, and M. F. Hardesty of Astoria, a past grand chancellor. Then came several songs by the quartet consisting of Fries and Lawrence Syron, Abe Ryan and Glen Holt. Roll call was answered by 108, and the following out-of-town visitors introduced: Elmer Barnhart of Independence; Verne F. Compton, Portland and Jay B. Cochran of Salem.

Veterans' jewels were then bestowed upon seven by L. M. Curi, past supreme representative; A. P. Starr, John T. Word, J. A. Lynch, all of Dallas; Walter Roy and J. Roy Jones of Tillamook; and A. Dennis of Bremerton, Wash., who made a 200 mile trip to receive this honor; and Harold Jorgensen of Salem. These made speeches of appreciation.

Gov. A. W. Norblad, delivered the evening's address. His speech was one of comparison with the times of 25 years ago, when Marion lodge was first installed, with the conditions as they are today.

### SOCIAL EVENING IS ENJOYED BY LODGES

Silverton—After the regular meeting of the local Pythian Sisters Tuesday evening a card party was played. Nine tables of "500" were enjoyed until 10:30 o'clock when refreshments were served by Mrs. Wanda Anderson, chairman of this committee, and seven helpers.

After this cards were played again for an hour. Mrs. Oscar Storassil and Joe Staynor won high score and Mrs. Carl Specht and W. P. Hicks, consolation.

These monthly affairs are arranged by a joint committee of the two lodges who have a choice of giving on any kind of an entertainment they see fit.

**AID SOCIETY IS BUSY**  
Selo—The matter of purchasing a new stove for the church was discussed at the meeting of the Ladies' Aid society Wednesday at the farm home of Mrs. Walter Miller. Other matters of interest to the church and to the society were taken up for action. Quilting will be the pastime at the Christian church Friday of this week on the occasion of the meeting of the Aid society.

### Tribute Accorded Founder Of Mt. Angel When Entire District Acclaims Priest

By ROSE SCHWAB  
Mt. Angel—Mt. Angel and vicinity turned out en masse to pay honor to the cherished memory of their great founder, the Rt. Rev. Titular Abbot Adelhelm Odermott, O. S. B.

The large St. Mary's school auditorium was filled to capacity Tuesday evening, where the "Founders' Day" program was held, under the auspices of the local Knights of Columbus.

Rev. Adelhelm was born December 10, 1844 near Stans, Switzerland. He entered the Benedictine Order at Engelberg, Switzerland, the mother house of the St. Benedict's Abbey, made his solemn profession September 29, 1856 and ordained to the priesthood May 3, 1859.

His ambition to come west to start missions brought him to the most westerly outpost of American primitive civilization; here to establish an institution that would cherish the ideals of cultured humanity. The early toils and sacrifices of founding both a community and a monastic seat of learning under well-nigh frontier conditions have been more than amply repaid in the estimation of posterity. Mt. Angel college and all it stands for has been a landmark in the progress of education in the western youth.

Almost ten years have elapsed since he departed from this life, but the recollections of olden days were golden in the hearts of his loving followers. No better theme could engross the minds of his disciples than the inspiration to memorialize his name to posterity. To sum up merely the visible part of his life work at a glimpse one need but consider the thriving community of Mt. Angel and its institutions.

After seeing his work well established towards success, he passed from the threshold of this life on November 8, 1920 but his work will continue to live. The history of Rev. Adelhelm was ably told by Rev. Gregory Robl, O. S. B.

### A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsion of creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing agents.

### METAL COINAGE WILL REPLACE FRENCH PAPER

Paris, (AP)—Frenchmen will not have the pleasure of juggling real metal money in their pockets until the end of the present year despite the promise of the Government that they would have real metal pieces at the beginning of 1930.

Since the war the people of France have been buying and selling with soiled and flimsy banknotes, the largest metal piece being a two franc piece worth about eight cents. The money tears if you even look at it hard, and most of the money in circulation has been panned with paper-gum several times.

The government some time ago announced that it would soon replace all the five, ten, fifty and one hundred franc notes with real silver and gold pieces. This public is now demanding why it does not keep its promise.

A spokesman of the public mint declared recently that the Government, recalled some pertinent anecdotes in connection with Mt. Angel's growth. The reminiscences serious and otherwise as recorded by Abbot Murphy made the evening a memorable one in the annals of Mt. Angel. Rt. Rev. Archbishop Howard, Father Dominic, O. S. B., and Father Waters of Astoria gave short talks.

As a fitting climax, the Knights of Columbus presented to Abbot Bernard Murphy a donation for the rebuilding of the seminary of St. Benedict's. The K. of C.'s expressed their intention to celebrate in 1932 the 50th anniversary of the founding of Mt. Angel.

The Mt. Angel boys' band, under the able direction of John Stecklein, headed the program with special selections. The lads, a civic pride to the community, have done considerable in the past by way of entertainment.

Rev. Francis P. Lelpis of Eugene, an active alumnus, gave the eulogy on the life and work of Father Adelhelm. The conviction and earnestness in his talk was much enjoyed.

Rt. Rev. Abbot Bernard Murphy, O. S. B., who has an ingenious Murphy for remembering interesting incidents which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

ment will not substitute metal for paper money until 800,000,000 francs worth has been stamped and is ready for circulation. At the present time the government storehouses have approximately 250,000,000 francs worth of metal pieces and each week some 12,000,000 francs is added.

The Government is afraid to issue the metal money at the present time because there is insufficient gold reserve to back it. The legal reserve is 35 per cent and during the second week of January the total reserve in the bank of France represented approximately 50 per cent of the total engagements, which is 15 per cent over the legal minimum.

### OLD COFFEE POT YET GOOD AFTER 31 YEARS

Pendleton, Ore. (AP)—Although it is somewhat battered, it still is the best coffee pot in the world. Mr. and Mrs. J. D. Carroll of Pendleton, know because they have been using it on fishing trips, outings and picnics for the past 31 years and the old pot will continue to brew when the weather permits.

On their trips the Carrolls are often accompanied by a trip once a week at least. The coffee pot holds a half gallon, so in its day it has kicked up a lot of grounds.

# ITS SHAPE IS JUST RIGHT FOR TOASTING

Even brown all over  
Fitting snugly up against the toaster grid, slices of Snowflake are browned to a delicious crispness all over... better toast.

Slightly burned at bottom  
With the old-time shorter, chunkier loaf, slices usually extend above the edge of the toaster, causing the lower half to become slightly burned before the upper half is even browned.

CRISP and evenly toasted a golden brown all over is toast made from slices of Hillman's Snowflake Butter-Nut bread, because Snowflake is just the right shape and size for slices to fit up snugly against the toaster. While this feature of Snowflake bread is appreciated by housewives who are quick to utilize new ideas, it has other advantages. It slices easily and uniformly, has a tender crust and the delicious flavor that stamps all Butter-Nut products from this modern, spotless bakery.
