

EGG STORAGE SOON TO START, BUTTER STEADY

Portland (AP)—With the storage movement of eggs in the south and southwest well underway the market appears to be getting to the storage base throughout the country. The price Wednesday is considered close to the probable bottom of the season for storage input and preparations are expected to start within a short time.

Owing to the late sharp advance here which appears more or less unjustified, there is more of a hand to mouth demand for butter locally, with no outside business possible.

Demand for live chickens exceeds the present local supply by a very considerable margin. Prices are strong for everything except heavy weight hens. Later are in continued demand for needs.

Only a dragging tone is sufficient here in the market for turkeys. Late receipts have consisted principally of hens which are inclined to rule more or less weak. Most of the good toms are going into storage.

All through the market for country killed meats a rather favorable trading tone is shown. Veal and hogs show a good movement, especially the latter. Fancy calves are really scarce, likewise quality lamb.

Pacific Fruit company reported in the expected first carload of Roseburg broccolis of the season. Heretofore, recently only express shipments have been available. Sales around \$1 to \$1.25 car load according to quality.

On February 23 the season for commercial fishing on the Columbia close. This not only applies to salmon but to smelt. Owing to the fact that the smelt have not yet appeared in volume in the Cowlitz or Lewis rivers the trade is expecting a shortage.

While the country in general is showing little smart to the potato trade, the western markets are showing decided strength with some speculative activity. Yakima interests report strength and dominate the entire coast trade.

Asparagus market is "shot" here and is even lower than at the source. California grapefruit 25c a case higher. Southern bunches of carrots are up 25c crate of 5 doz. Artichokes market in bad shape. Few sales above 1c dozen.

Onion market continues extremely dull locally with much N. 2 sacrificed. Apple market is firmly priced for face and fill as well as packed stock.

ROB CANBY STORE OF \$150 CLOTHING

Carby, Ore. (AP)—Burglars robbed the Maynard store here early Wednesday and escaped with approximately \$150 worth of men's wearing apparel and tobacco.

J. R. Vinyard, proprietor of the establishment, said that it appeared the burglars tried on the clothing, throwing articles that did not fit on the floor. Shoes, underwear and hats were included in the loot.
