Cleanliness Means Health

FRESH AIR IS ALL RIGHT IN ITS PLACE...

—but it's really unnecessary to pay for it, especially when you buy soap. A big airy package of some sort of soap bubbles may be all very well, but don't let it make you think that it contains more soap than White King's compact carton.

For White King is nothing but the purest vegetable-oil soap made, granulated for convenience. It packs like powdered sugar, so you can be sure you're buying a condensed soap, free from air and unnecessary moisture. And White King is so fine in quality that it's safe for the sheepest lingerie, effective for the heaviest blankets.

The economy of White King Granulated Soap is surprising. A teaspoonful for the wash basin or dish-pan, a cupful for the washing machine. Sold by your grocer.
