

BUTTER FIRM, EGGS STRONG, LAMBS STEADY

Portland (AP)—Only a very small increase in butter production has been shown in western states recently. Latest figures indicate but 1.72 per cent increase in the output in the entire west. Practically all of this gain is noted in southern California and Nevada.

Most acute shortage of butter the local trade has known for an extended period is still reflected here. Naturally this keeps the price list for both butter and butterfat very firm.

Indicating the demand for supplies to go into store is the strong bidding for eggs at country points. As much as 1c premium over extras at Portland is reported for delivery here.

Strong tone is generally continued in the market for chickens. A shortage of all sorts, but especially light weights continues. Heavy stuff is showing 2 firmer tone.

There appears a somewhat less urgent demand for country killed hogs at the moment owing to the offering of low priced cuts by packers. A general market on light butchers is around 14-14 1/2c with a few 15c pound.

While the market is merely steady for ordinary supplies of country killed lambs, farmers killed stuff which can be shipped interstate, is in better demand than supply. With many consignments reported, it is extremely difficult at this time to find cash offers for carload lots of onions at country points. Sales here are reported to retailers from 75c to \$1.50 with few above \$1.20 to \$1.25 central.

Local storage holdings of apples are being cleaned up in an effort of the trade to avoid losses later in the season. Only nominal stocks are now held here. Most of these are of domestic sizes.

Sales of Oregon caught troll chicken salmon are reported here with demand in excess of supply. Quality of fish is unusually good.

Carload of asparagus in to relieve local shortage; sales slightly lower. Potato trade steady to a trifle easier here and in the country. Hall but market indicates an advanced market for potatoes. Spinach is scarce with prices steady to firmer.

Orange market is firmer with 176s and smaller up 25c case. Turkey supplies still liberal with demand fair. Rubbar market firm with hot-house very scarce.

STREET CAR WAGE STILL UNDECIDED

Portland (AP)—The Portland street car wage dispute was still very much up in the air Friday after a lengthy conference between the wage committee of the carmen's union and Franklin T. Griffith, president of the utility.

The meeting was taken up with a discussion of working conditions arrangements for a further conference, and setting Thursday, March 27 at 2 p. m. as the date of the next meeting.

A new company policy of offering life insurance free of cost to the amount of \$1,000 for each employe on the payroll was announced by Griffith.

If no definite agreement can be reached, contracts call for submission of the question to a board of arbitration consisting of three men, one representing the employes, one the management and a third to be selected by both.
