FIRE TRUCK TO BE PURCHASED BY COUNCILMEN

Woodburn—Councilman George Beach was elected city recorder at a meeting of the Woodburn city council held Tuesday evening. The first ballot showed two votes for Beach, one for E. H. A second ballot by the remaining three councilmen resulted in the election of Beach as recorder by two votes in favor and one against. The office of councilman will be filled at the next meeting of the council.

Another important matter which was brought to a head was a motion which carried unanimously to purchase a new fire truck. The details of this will be worked out at the next council meeting and the type of machine to be purchased decided upon.

Attorney McCord reported that the petition to improve Bradley street contained a majority of the property owners on that street and the petition was accepted by the council and an engineer will be employed to prepare plans and specifications for the improvement.

A letter from the Northwest Public Service company, expressing their wish as to a change in the tree ordinance, which will permit them to trim trees which interfere with power wires, was read and the ordinance referred to the city attorney and ordinance committee for the insertion of a clause relating to this matter.

Notice was issued to the property owners on Settler avenue that it was necessary that the money subscribed to pay for grading the street be paid into the recorder's office before work would be started on the improvement.

J. H. Landon was granted permission to erect a one story tile and brick building on First street, adjoining the building occupied by Love's Tire shop.

A letter from the Hubbard band relative to summer concerts was referred to the chamber of commerce.
