LEADERS FORCED TO LOW LEVEL

(Continued from page 1)

York was down more than $2 a bale.

Selling gathered momentum as the session progressed, the majority of issues opening lower. Many large blocks representing stop loss orders and some marginal selling, were recorded. Sales volume otherwise was not great and tickers held near the market throughout the short market period.

Causes of Saturday's selling were a combination of lack of confidence and bear pressure, some of the latter instigated by circulation of new rumors.

Traders who had expected the market to recover on the reduction to 2½ per cent in the New York rediscount rate and the decline last week of $11,000,000 in brokerage loans, became fearful of the market's future and threw their holdings down for what they would bring.

Selling was fairly orderly, however, and no particular stock was in distress.

Pressure was steadily exerted against the leaders, and Steel was driven to 154, off 4 points and a new 1930 low. Westinghouse Electric was driven down to 127¾, off 6¼; Standard of New Jersey 61¾, off 2¼; Allied Chemical 236, off 15; Bethlehem 76½, off 3½; General Electric 66¾, off 3 5-8; American Can 110½, off 5½; Atchison 207 5-8, off 5 3-8; New York Central 155¼, off 1⅝; Auburn Auto 95, off 8¼; Eastman Kodak, 161, off 11½; J. I. Case 164¾, off 6¼; and Loew's 60, off 5½.

Most of the foregoing closed slightly above their lows of the day. Steel closed at 155½, up 1¼ from the low, but off 2¾ from the previous close.

acquire and extend feeder lines into the timber of northern California.

Cities of California and Oregon were jubilant Saturday over the extension of the northern transcontinental into the San Francisco bay area, and because of the aid which the great building program will afford the employment situation.

In addition to the new construction, the Great Northern will immediately reballast and
