HOT SPELL HERE LOOMING LIKELY

Commenting early Monday the weather man was giving indications of settling down to give Salem and the central valley its first real surge of summer temperatures. By 1 o'clock in the afternoon the mercury in the official thermometer at the airport had risen to 85 degrees and

was still bounding upward, giving promise of equalling or exceeding the record high mark of 93 for the season before night.

Predictions of continued clear skies and moderate northerly winds gave some substantiation to unofficial prognosticators who foresaw several days of high maximum temperatures ahead.

Perusal of the weather records discloses that most of Salem's "hot spells" have been recorded during the last week in July and the first week in August.

Sunday's official maximum temperature here was 85 degrees.

TREE SITTING NOW CLASSIFIED AS HAZARDOUS

Chicago (AP)—Tree-sitting, the craze of youth that has spread from coast to coast in little more than a week, was listed Monday as one of the hazardous "occupations."

Danger from live wires that loop through trees, the hazard of tumbling out while asleep or fatigued and the parental paddle were gaining the upper hand throughout the treecreeping belt with the prospect that many of the "endurance flights" would come to a quick and ignominious end.

Many youths who had promised at first they would "sit until September" came down over the week-end when parents read of the hazards advanced by scientists and industrialists.

Notable among those who made "forced landings" were Jack Richards and Bill Kearney, Kansas City sitters who sat for many days and laid claim to the "world's record."

On the west coast, however, where tree-sitting is comparatively new, Salvatore Scarpitta, Jr., Hollywood's only sitter, was in the air under difficulties with a toothache. A dentist made one "contact" and reported relief but several more were in prospect.

In El Paso, Tex., Cecilia Schwartz, 19, remained in her tree in the fifth day and claimed the "world's record for girls."

CARETAKER OF ESTATE SHOTS UP EMPLOYERS

Wilkes Barre, Pa. (AP)—An engaged caretaker of a Lehman Heights estate, near here, shot his employer and a deputy sheriff to death, wounded two other persons and then took his own life when cornered by a posse Sunday.

Those killed by Paul Shopka were Harry D. Sordoni, of Kingston, owner of the estate, and John T. Ruth, chief of police of Harvey's Lake and deputy sheriff of Luzerne county. Shopka's 17-year-old daughter, Frieda, was shot in both arms and his son, Francis, 25, was wounded in the right hip and legs.

The shooting began when Mr. and Mrs. Sordoni, their daughters, Florence and Frieda, and their son, Francis, arrived at the Sordoni estate Saturday night to spend the week-end. They were returning to their home from their motor car when Shopka opened fire with a double-barreled shotgun.

The elder Sordoni fell mortally wounded. Francis was struck down by another volley as he went to his father's assistance and Frieda was shot when she leaped into an automobile and started for aid.

Despite the wounds, the girl sped to the home of a physician, who notified the police. Miss Sordoni then returned to the scene of the shooting and took her mother, who had fainted, and her father to a hospital at Kingston. Another motorist took her brother to the same hospital.

When police arrived at the secluded estate there was no trace of Shopka. A posse searched the woods in vain throughout the night. As dawn broke a shot from a bush brought Ruth down, mortally wounded. Shopka put his last shot into his own head.

HOT WEATHER SPELL MOVING ON NORTHWEST

Portland, Ore. (AP)—All signs Monday indicated warm weather is moving in on Oregon. Weather bureau predictions were for "continued warm today and tomorrow."

The intense heat wave that has been sweeping the east is moving westward and the weather report says rising temperature is the rule over the north Pacific slope.

The official chart shows the hottest observation spot in Oregon Sunday was Umatilla, where the temperature touched the 99-degree mark. Medford was next with 90 degrees.

Other Oregon temperatures included Albany, Salem, and Wolf Creek, 85 each; Portland, 83; Roseburg, 82; Baker, 80; Marshfield, 64. Red Bluff, Calif., temperatures soared to the 108-degree mark. Walla Walla and Yakima, Wash., each had 90 degrees.

INDIAN MAID FORCED TO JUMP FROM AIRSHIP

Chicago (AP)—Princess Red Feather, a comely Indian maiden made a parachute jump Sunday under sudden circumstances. It was her own idea. She told Maj. R. W. Schroeder, manager of Curtis flying field, that she was a parachute jumper of long experience. She had jumped, she said, all over Texas.

Pilot Jimmy Van Cise took her up, which was to tell her how—but decided not to because the princess was such a grand jumper that would be like carrying coals to Pittsburgh.

Up about 2000 feet the pilot opened the door of the cabin and pointed suggestively down. The princess arose, and stood poised in the doorway. Then she decided she would not jump.

In the meantime, however, she pulled the rip cord, and the parachute began filling up, being blown around and endangering the control of the plane. The craft began acting up. Pilot Van Cise saw drastic action was needed.

He reached out his foot and gave the princess a sudden and determined shove. In a few minutes she was right side up to land where Major Schroeder suggested she confine further travelling to birch bark canoes.

DRINKS TOAST TO 33 VACANT CHAIRS OF VETS

Stillwater, Minn. (AP)—Thirty-three vacant chairs, draped in black, stood as silent sentinels around a banquet table Monday, witnesses that Charley Lockwood carry out the covenant of the Last Man's club.

Lockwood, 67 years old, is the last man and Monday the club's only law required of him what he considered the hardest task of his life, the dramatic labor of drinking a toast to 33 Civil war comrades who died before him and left him with the honor he has found empty. His toast will follow the roll call, answered only by himself.

Before each chair stood a bouquet of flowers. Before Lockwood's plate was placed the bottle of old Burgundy wine which the club set aside at its formation in 1885 for just this event. But the wine like the honor has soured and a sip of it was all that Lockwood asked to keep his pledge. Monday night the bottle will be turned over to a historical society.

Lockwood and his first fellow survivors of company B, first Minnesota volunteer infantry, and the world banquet, like those each year before, was on the anniversary of the first battle of Bull Run in which the company's losses were exceeded only by Gettysburg. The last meetings only Lockwood, Peter Hall and Charles Goff answered roll call. Hall and Goff died during the past year and only one of the group who marched away to answer Lincoln's call for volunteers in 1861, lived to see the club's destiny of dissolution reached.
