

SILVERTON MAN ACCORDED FINE HONOR DEGREE

Silverton—At the meeting of the 33 instructors of vocational agriculture held in Forest Grove last week, from outstanding members, designated as "Master Teachers" were named among them being Warren E. Crabtree of the local department.

Crabtree was graduated from the Kansas state agricultural college in 1920, having worked under Dean and later president of the college, Wm. M. Jardine. Later Mr. Jardine was United States secretary of agriculture and recently he has been appointed American ambassador to Egypt.

After being graduated, Mr. Crabtree taught in Twin Falls, Idaho for two years, then four years at Milton, Oregon, and this will be his fifth year here.

Since 1920 he has piled up 22 hours in graduate work from the Kansas state and the Oregon state agricultural colleges.

There are now in the local Smith-Hughes department, 48 all day students carrying on regular day classes in agriculture in the high school here.

For the past 12 years this department has also conducted night classes in poultry products for adult farmers.

Davey has been an Oregon newspaperman for more than 45 years, and is one of the newspaper pioneers of Oregon. He has been employed for the Oregonian, the Statesman and the Capital Journal and has had newspapers of his own.

At present he is head of the weights and measures department in the state market agents office.

Davey, though 80 years old, is still slim and sprightly and straight as a young man with his eyes and mind still as keen and bright as ever.

Friday morning they will meet in Canby to visit projects and at Gresham in the afternoon. This is being done to see the work in the different departments.

Heat Is Fatal To Farm Horse Working In Hay

Turner—Rather an unusual experience happened to Deane Roberts, son of Mr. and Mrs. L. D. Roberts, recently while riding the horse that was pulling the hay fork during the harvesting season.

"Susie" the steed that young Roberts was gallantly riding, apparently suffering from heat and old age fell shortly after. The heat had been excessive during the day and it is presumed that it had something to do with "Old Susie's" passing.

HARD USAGE SEEN BY VALLEY BINDER

Hopmore—Perhaps the oldest binder at work in the state is the old Deering binder that has just finished cutting the 1930 crop on the Finney place and as far as any one knows will keep on cutting crops.

It was bought about 30 years ago by John Dunlavy of Brooks, about 20 years later he sold it to Deas Martin of Hopmore, who used it for three years, then he sold it to John Erback of Waconda who gave it an undignified rest beside the fence on the highway in wind and weather, for two years, as junk.

Ella Finney then bought it and it was repaired by Arthur Lindsay and spent the last five seasons cutting grain on the Finney place.

PIONEER RESIDENT OF COUNTY CALLED

Woodburn—Miss Thurza Hovenden, 66, a member of a prominent Marion county family, died at the home of her brother-in-law, Walter Morris, near Broadacres, at 9:30 o'clock Tuesday night. Hubbard—Nineteen boys had one of the best times they ever had Monday afternoon when they were taken to Shad-E-Acres by their Sunday school teacher, Mrs. Blanch Brown and her assistant, Mrs. Merle Stewart. The group is one of the larger classes in the Federated church and has been under Mrs. Brown's care for the past two years. Helping Mrs. Brown in preparing the pot luck supper table were her daughter, Miss Betty Brown and Miss Muriel Beckman. Water sports proved most attractive during the afternoon and the miniature golf course

at the park also was largely patronized.

STEWART STILL CONFINED

West Salem—George Stewart is still confined to his home on Edgewater street, suffering from a broken vein in one of his legs. It has been troubling him for several weeks. He is able to take a few steps on crutches.

RELIEF FROM CURSE OF CONSTIPATION

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause." But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lax, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose. Stop suffering from constipation. Chew a Rexall Orderlie at night. Next day bring. Get 24 for 25c today at the nearest Rexall Drug Store. Perry's Drug Store. —adv.

Tells How Fat Men Can Lose Half a Pound a Day

Here's a simple way to get rid of that corporation and quickly feel in both body and mind the joy of living.

It's the safe way, too—for every day you continue this easy method of losing unwanted and unneeded flesh you'll gain in energy, vigor and endurance.

Nine times in ten obesity means inactivity—it means that your blood is starving for the six vital salts your internal organs need to keep you youthful, active, ambitious and when in mind.

When you take one half teaspoonful of Kruschen Salts every morning in a glass of hot or cold water you get these six vital salts which modern foods and cooking do not supply.

Start taking Kruschen Salts—that's the common-sense way to reduce—but don't take them with tea.

Idea that they possess reducing qualities in themselves. This is what they do—their blood out the impurities in your body by keeping the bowels, kidneys and liver in splendid working shape and fill you with a vigor and tireless energy you'd almost forgotten had existed.

The urge for activity will be so marked that even at the end of a hard day's work you'll feel ready for any social activity or recreation—you can play as hard as you work.

And after two weeks your excess flesh starts to go—you'll know it—feel it—see it—the scales will tell the story.

As one, once corpulent man remarked—"I feel so energetic that I want to get up with the lark and I'm just as lively as a cricket."

Kruschen Salts is not a purgative or a cathartic, but a real system conditioner and for those who are the victims of constipation or toxicosis its daily use soon means blithe regularity.

Get an 85 cent bottle of Kruschen Salts—lasts 4 weeks—at Perry's Drug Store and the Capital Drug Store or any druggist in the world. —adv.
