THE DAILY SACRIFICE

It's an everlasting shame the way fine lingerie and stockings are often washed in scalding water. Usually the reason is that women think they can't get them clean any other way.

Change to White King! Made from fine vegetable and nut oils, White King Granulated Soap will form quick, creamy suds, will cleanse thoroughly, and will swiftly rinse away in the lukewarm water that preserves the life and color of delicate fabrics. White King is pure. That's the reason. And the same purity makes it effective for dishes and heavy washing too.

White King is economical. You'll only need a teaspoonful in the wash basin, a cupful in the washing machine, even in hard water. Try it—today. Recommended by your grocer.
