BUTTER PRICE CUT TWO CENTS EGGS UNSTEADY

Portland (AP)—Drop in the price of butter on the produce exchange here, forecast Monday by the Journal, was just as severe as expected. Two cents were lopped off the price of cubes by the members of the exchange which comprises a cooperative body as well as private marketing interests. That the decline was somewhat more severe than actually due or expected by many, is the opinion expressed by the trade.

Market for eggs continued to reflect and uneasy feeling with practically no further change in the price list locally. The price is being shaded but not more so than for the last few days.

Demand for live chickens continues of previous liberal character with no further change in the price list. ecent advances are well maintained both here and at country stations.

Additional small supplies of Oregon walnuts are arriving here but the total is still almost too limited to establish values. Pirces are unchanged from Monday. The trade is unwilling to accept Californian.

Steadiness in the local demand for turkeys is reported. Receipts of both live and dressed birds are finding call at late price betterment there is no outside business in sight.

Demand for Deschutes potatoes is increasing here along with the slowly gaining supply. Prices are held steady to firm at $2.25 to $2.35 cental which is fully 25 cents above the best price for the product of any other section.

Market is well supplied with Chinook salmon. Late offerings from the Rogue river and from Smith river are liberal and prices are extremely low considering the season. Halibut is steady. The trade is stocked with hard shell clams and with crabs.

Fair volume of business is reported for carloads lots of cauliflower with chief sales at the moment in the intermountain country although some trading is reported east of the Rockies. Cash price is around $1 for best.

Hothouse tomatoes moving well around $2 for standard, $2.50 for fancy and $2.75 or extra fancy.

Sales of hothouse cucumbers are steady around 65 cents with choice 95 cents and fancy $1 dozen.

Artichokes are finding a good movement around $1.10 dozen for best.

Veal is slow for fancy stuff but there is a call for heavyweights. Best light vealers 16 cents.

Country killed hog market is more active with a general top of 15 cents for fancy blockers.

Lamb demand continues favorable for country killed with best at 13 to 13½ cents pound.

FILES ON CLACKAMAS FOR POWER PLANT

N. B. Carver, 174 East 71st street, Portland, Tuesday filed with the state engineer an application for a permit to appropriate 500 second feet from Clackamas river, in Clackamas county, for development of 1000 horsepower for light and power purposes. A dam and a main canal two miles long are proposed. The estimated cost is $100,000, and it is stated that the work would start within 60 days after granting of the application.

On September 22 Stephen Carver, for the same Portland address, filed application for a permit to appropriate 570 second feet from the Clackamas near the same point. This filing was for the Oregon Light, Power & Irrigation company.

BUYING SPREE HELD SUCCESS

Muskegon, Mich. (UP) —The drive by Muskegon clubmen to end the "buyers' strike" and bring about a return of prosperity through a "spend a million a week" campaign was so successful that merchants urged adoption of similar drives in other cities.

Incomplete reports from representative business houses disclosed that business increased several time during the campaign week, that tocks were depleted, old bills paid, hundreds of thousands of dollars of idle money put into circulation and the way cleared for the business men to aid manufacturers by purchasing new goods.

During the campaign, which was started by President L. H. Reitdyk of the Kiwanis club, 300 members of seven clubs pldged themselves to spend $100 each. They also succeeded in getting many other men to spend like amounts. Merchants aided by offering bargains and banks by lending money at unusually attractive interest rates, with special savings inducements.

"It is just as important to spend money now as it was to buy Liberty bonds during the war," was the slogan Reitdyk used throughout the drive.

WHEAT PRICES CLOSE DOWN IN LATE REACTION

Chicago (UP)—Showing unexpected reserve strength, wheat recovered from a break of about 1½ cents just before noon on the board of trade Tuesday, but closed fractionally lower. The setback was caused by selling started by easiness at Minneapolis and weakness in securities combined with profit taking. Trade was no large but support was in evidence on the dips and the market easily influenced. Strength at Liverpool was a factor. Corn suffered heavy pressure during the latter half of the session and was sharply lowr. Oats held about steady.

At the close wheat was ¼ to ⅝ cent lower, corn was ⅝ to 1¼ cents lower and oats were ¼ cent lower. Provisions were steady.

Chicago, (AP)—Influenced by unlooked for sharp advances in Liverpool wheat quotations, all grain values here went higher early Tuesday. Statements credited to Chairman Legge of the federal farm board that agricultural commmodity prices had reached bottom, attracted much notice and so likewise did Liverpool reports that Russian offerings of wheat abroad were fewer and at higher prices. Opening ½ to 1¼c up, Chicago wheat future delivery contracts held near afterward to the initial range. Corn started unchanged to 1¼c rise, and subsequently continued firm.

MEAT PRICES MUCH LOWER

Chicago (AP)—Most meats are wholesaling now from one-fifth to one-third lower than a year ago, William Whitfield Woods, of Chicago, president of the institute of meat packers said at their convention.

The wholesale prices of fresh pork cuts are slightly lower at present than last October but the prices of smoked pork cuts are slightly higher, he said. The decline in beef prices, compared with a year ago, run from 20 to 30 per cent, varying according to grade and weight. In general the choicest gades have declined least. Veal prices are from 13 to 20 per cent lower than a year ago. Wholesale price of lamb, which reached the lowest level since 1914 in September, are still very low, and at present is about 30 per cent lower than October 1929.

He said the aggregate production of meat for the year would probably be slightly smaller than in 1929. He added that the stocks of meat in cold storage in October 1 were 26 per cent lower than Oct. 1, 1929.

NEW LOW PRICE FOR TEXAS TURKEYS

Cuero, Tex. (UP)—In this village, the turkey capital of the nation, the price was quoted Tuesday at 12 cents a pound, a new low for many seasons.

Growers were urged to hold their flocks and market only the choicest birds at present, as packing plant operators said they expectd an advance to probably 18 cents, however, when the holiday market opens November 7.

Experts predicted a normal crop, despite drought conditions and low prices.

USES HAMMER TO SLAY ENTIRE FAMILY

(Continued from page 1)

ened when he saw the woman's body and did not stop to see whether the Froseth boys were home. He went directly to school and did not tell any one until he saw the teacher.

Officers said Froseth apparently became suddenly insane.

Chief of Police James Long, investigating the boy's story, found Froseth in the living room, his throat slashed by a razor. The other members of the family were in their beds. The children's skulls had been crushed with a hammer while Mrs. Forseth apparently was killed by a blow on the back of the neck.

Chief Long said indications were that Froseth, after killing his family, slashed his throat in the bathroom and then ran down stairs where he died.

"Froseth unquestionably went insane," Chief Long said. "So far as I have been able to learn, he did not have any domestic troubles and he was a respected and well liked citizen."

Coroner Edwin Bradley said he doubted whether an inquest would be held.

PLAN CARNIVAL AS FEATURE OF HOME-COMING

A carnival is a new feature for this year's homecoming at Willamette University next Friday and Saturday, October 24 and 25. James Allison, manager, announces a program which includes for Friday a "W" Club banquet, a rally and a carnival and for Saturday a football game, alumni banquet and a play.

The carnival begins at 8:00 o'clock Friday, October 24, in the gymnasium. Everything pertaining to the affair is being kept a secret by Nellie Badley who is in charge, except that the football team will be presented and that tickets will be sold at the entrance which will be required for entrance into the concessions inside the gym.

Saturday afternoon at 2:30 the College of Puget Sound football team will meet the Willamette team on Sweetland field. Over 300 rooters from Puget Sound have chartered a train to bring them here for the game.

"The Queen's Husband" by Robert Sherwood will be a Theta Alpha Phi production Saturday night at 7:30 in the Salem High School auditorium under the direction of Prof. Herbert E. Rahe.

Alumni members of the "W" Club as well as present members will banquet at the Salem Y. M. C. A. Friday, October 24 at 5:30. Lawrence Gibson is arranging the affair.

Robert C. Notson will sit at the head of the alumni dinner-table at the Masonic Temple at 5:30 Saturday night. He is president of the Oregon Alumni Association and will conduct a business meeting after the dinner.

A rally will start at 7:00 Friday night under the direction of Donnell Sanders, yell king and Helen Cochran, song queen. Students will form in front of Waller Hall and serpentine across the mill stream where a big bon fire will be lit and then at 8:00 will serpentine to the gymnasium for the carnival.

At least 200 graduates or alumni of Willamette will return to the campus for the week end and the townspeople are being asked to help celebrate.

James Allison is general manager for the Homecoming.

JOIN TURKEY POOL

Bend (AP)—Thirty-eight turkey growers in Deschutes and Crook counties have joined the Central Oregon Turkey Growers' association. Seven thousand birds are now represented by the membership and another 5,000 is sought. Herbert L. Byers is manager of the association. Vernon Bassler of Prineville, is president of the cooperative.

FACTS FOR FAT FOLKS

Mr. Herman Hunkis of Detroit, writes: "A few lines of thanks from a rheumatism sufferer—My first bottle of Kruschen Salts took all of the aches and swellings out of my joints—with my first bottle I went on a diet and lost 22 pounds and now feel like a new man."

To reduce take one half teaspoonful of Kruschen Salts in a glass of hot water before breakfast every morning—an 85 cent bottle lasts 4 weeks—Get it at Perry's drug store or any drug store in the world—Millions take this little daily health dose. adv.

STOCK VALUES DECLINE, LOSE MONDAY'S GAIN

New York (AP)—Stocks declined 1 to more tha n8 points Tuesday with trading around the 2,000,000 share level.

U. S. Steel was brought down to within a fraction of its low for the year of 144½ and new lows for the year were made by such issues as Westinghouse Electric, General Electric, Illinois Central, Nash Motors, Public Service of New Jersey, Standard Oil of New Jersey and Atlantic Refining.

Heavy pressure converged on the electrical equipments, Westinghouse Electric dropped more than 8 points on its report for the first nine months. During that period the dividend of $3.75 was earned by a margin of 50 cents a share, but in the third quarter the company failed to earn its dividend. The latter fact worked against the issue and was one reason for the decline in prices generally.

The market slipped off after an irregular opening and continued to decline most of the day.

In the afternoon Pure Oil company passed its dividend and this brought heavier selling. Oils lost 1 to more than 3 points. Standard of New Jersey drifted toward the 50 mark. A year ago after the issue touched 48, it was given support in the form of a million share order at 50 said to have been made for the Rockefellers.

Wide declines were made by such issues as Goodyear, Case, Auburn, Union Carbide, Dupont, Paramount-Publix, American and Foreign Power, Public Service, Standard Gas and American Can.

Near the close some issues advanced slightly. These gains were not sustained except in a few instances.

It represented profit taking to some extent by those who had bought early Monday, and to some extent liquidatino of impaired accounts.

Call money held at two per cent throughout the day. Grains eased off slightly, while cotton held steady to firm.

TOTAL ECLIPSE OF SUN VIEWED

Naifuou Island, (UP)—Long, weary weeks of hoping and laboring by members of the United States Naval observatory expedition will be climaxed here Tuesday, the time scheduled for the total eclipse of the sun.

Delicately adjusted cameras and spectographs were arranged in the most advantageous position for that fraction of a minute when the moon's body passes between the earth and the sun.

The cameras were in perfect focus, having been adjusted by means of star trails on decline plates, and the seven clocks to be used to keep the cameras in the sun have been rated to the smallest part of a second to the rotation of the earth.

Weather conditions during the past 10 days have not been as fair as the members of the expedition had hoped for, while reports early Tuesday indicated there was only a small chance of there being a perfect sky before the eclipse. Everyone, however, was optimistic the results worked for so long would be attained.

FIRST TOUCH OF WINTER CROWDS FLOP HOUSES

New York (AP)—Hundreds of homeless men shivered in the brisk wind whistling through the Bowery Tuesday as the "flop houses" turned them loose after a sketchy breakfast. The first bitter cold of winter has crowded the city's lodging houses beyond capacity.

So great was the number of applicants for beds at the municipal lodging house Monday night that 300 men were given makeshift quarters in a municipal steamboat moored in the East river after the 1,000 beds in the lodging house were filled.

Since the first of the year, those in charge of the institution said, nearly 300,000 have been given shelter in the municipal lodging house, and indications are that advancing winter will carry the total far above last year's.

In New York City, where the temperature was mild in comparison to that in the northern part of the state, the thermometer Monday registered a lo wof 35.5 degrees, making the day the coldest October 20 on record. The high mark of the day was 50 degrees.

Caterpillar tractor plows forcing their way through snow three to four feet deep opened roads in the Buffalo area that had been snowbound since Saturday, thus relieving threat of a food and milk shortage in nearby towns.

The cold spell was general throughout the east, with frost for the first time this season covering a wide area.

TURKEYS SELLING AT LOWER PRICES

Chicago (UP)—Thanksgiving turkeys, which retailed last year for 48 cents a pound, are selling now for 44 cents, with indications that prices, acting in sympathy with lower food costs, would be still lower before the holiday.

One commission house predicted that wholesale prices would be 15 to 17 per cent lower than last year, and retail prices would drop 12 to 15 per cent.

Ingrown Nail Turns Right Out!

A few drops of "Outgro" in the crevice of the ingrowing nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail turns naturally outward almost over night.

"Outgro" is a harmless antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions. adv

MILL WORKER BENEFITED

Picked Up After Taking Lydia E. Pinkham's Vegetable Compound

Towanda, Pa.—"I was working in a silk mill and got so tired and rundown that I weighed only 89 pounds. I was not well enough to do my work. As soon as I began to take Lydia E. Pinkham's Vegetable Compound, I began to pick up. After being married for thirteen years, I had a baby boy and the next year I had another boy who now weighs 37 pounds and is healthy as a bear. The Vegetable Compound has helped me in a dozen ways and I hope others will try it too." —Mrs. C. B. Johnson, Webb Street, R. D. #6, Towanda, Pennsylvania.
