

DRY LAND NOAH PREPARING FOR FLOOD IN 1932

Olympia, Wash. (AP)—A dry-land Noah continues preparations for his personal escape in an ark when the Pacific coast feels the wrath of the Lord and sinks into the Pacific ocean.

There is no question in the mind of William Lound Greenwood, 60, but that folks along the Pacific slope are going to get a surprise some fine day after the year 1932.

Mount Hope, in British Columbia, will sink into the Fraser river, according to the grizzled "Captain Billy" Greenwood, who never skippered a boat in his life. The coast line will disappear, Victoria, Seattle, and all cities as far south as San Francisco will be swallowed up by huge waves. There will be a second inundation, and then California will get what's coming. In the north the ocean will be halted by the Cascade mountains, but in the south the land will sink as far back as the Rockies.

Panic and death will be everywhere, but "Captain Billy" will calmly knock off work in the sawmill where he is employed, board the "Ark Second" and sail to safety in a craft that sailormen say couldn't float in a calm lake. Greenwood told all about it, in the astonishing cabin of his astonishing craft.

Eight years ago he started the Ark. It will be completed by 1932, when he expects first forerunners of destruction of the Pacific coast to start.

Unlike Noah, "Captain Billy" will take no animals along, aside from his two dogs.

His craft is the despair of seagoing gods, but Capt. Greenwood isn't worried. Noah was no seafaring man himself, Greenwood pointed out.

Turner—Armistice day was quietly observed in Turner with flags unfurled at homes and business houses. A number of ex-service men marched in the parade in Salem and took active part in the program of the day. Others attended the football games, and many were out of town visiting for the day.

STOP BOBBY'S COUGH

Before it Weakens Him to the Danger Point!

Never take a child's cough lightly. You can't tell where it will end. Many a serious sickness has started with "just a cough." For a cough is not only distressing, but weakening as well. At the first sign of a cough or chest soreness in old or young, always give good, dependable old "Pina's for Coughs."

Pina's does the five things necessary to stop a cough and repair the damage done. It checks the cough spasm, loosens the mucus, opens the air passages, soothes the inflamed tissues, and at the same time, has a tonic value that tends to build up what the cough tears down. Only Pina's supplies these five vital effects and it contains no opiates and does not upset the stomach. Safe to give, even to babies. All druggists sell Pina's in 25c and 50c sizes. Be sure you take for "Pina's for Coughs." —adv.
