### Western Boy Amazes Mother

"J. C. Jr.'s stomach was often upset and he had very little appetite," says Mrs. J. C. Bradley, Mesquite, Dallas County, Texas. "He was feverish and his breath was bad. I found he was constipated."

"My mother always used California Fig Syrup, so I decided to give my boy some. It surely surprised me to see how quickly it stopped his feverishness, cleared his breath and tongue, regulated his bowels; made him a strong and energetic boy again."

The quick, safe way to cleanse and regulate the bowels of bilious, head-achy, constipated children is with California Fig Syrup. Give it at the first sign of bad breath, coated tongue, listlessness or feverishness. Every child loves its rich, fruity flavor and it acts without griping or discomfort. Appetite is increased by its use; digestion is assisted; given stomach and bowels are given tone and strength.

For fifty years, doctors have endorsed this pure vegetable product. The genuine is always marked by the word California. Look for that when buying or you may get an imitation.
