

RICKREALL AID SOCIETY VOTES RELIEF FUNDS

Rickreall—Mrs. I. A. Dempsey and Mrs. T. S. Burch entertained 31 women, a record attendance, at a regular meeting of the ladies' aid society at the home of Mrs. Dempsey Wednesday afternoon. The St. Valentine motif was carried out in decorations, placecards and favors. After roll call, to which each member responded with a quotation from Lincoln or Washington, a short business meeting was held. The treasurer's annual report was read and accepted and \$10 was voted for the Red Cross relief fund.

A regular meeting of the federation of Polk county rural women's clubs was announced for February 21, at Brush College. Mrs. Webb Lewis extended an invitation to the local society to attend a quilt show which is sponsored by the Orchard Heights and Oak Grove clubs and is scheduled for February 25 at Oak Grove.

"A February Picture Gallery" engrossed the group until the arrival of Mrs. Inez Miller of the department of rural education at N. E. S., whose address was prefaced with Van Dyke's delightful story of the lump of clay. Among the topics stressed by the speaker were roadside beautification, unsightly billboards and the protection of wild flowers.

Special guests for the occasion were Mrs. Fannie Bell Guthrie, Mrs. Ethel Miller and Mrs. Inez Miller all of Monmouth; Mrs. Samuel Orr, of Salem; Mrs. B. P. Lucas, of Portland; Mrs. Webb Lewis of Oak Grove ladies' aid, and the Misses Katherine McEwen, Marjorie Davis and Caroline Burch.

Refreshments were served by the hostesses as listed by Mrs. H. A. Dempsey and Mrs. J. O. Price.

The March meeting of the society will be held at the home of Mrs. Charles Lowry with Mrs. Charles Campbell assisting hostess.

Polk County Grangers Hold Agriculture Meet To Work Out Program

Dallas—Polk county granges were represented at a meeting of the agricultural committees held in the court house in Dallas Wednesday morning of this week. Prominent farmers from all parts of the county united in drawing up plans of activity for their several organizations. A comprehensive program covering production, marketing, legislation and other phases of successful agriculture was adopted. The meeting was called by J. R. Beck, chairman of the county grange agricultural committee and was attended by 23 farmers representing the nine granges of the county. According to Beck this was one of the most important and successful meetings of the grange agricultural committees ever held in Polk county and was particularly noteworthy in view of the excellent weather which ordinarily keeps farmers at home at this time of year.

To open the meeting, a brief summary of six important points on the agricultural extension program of the county was given by Beck. Those mentioned were alfalfa, red clover, prunes, rodents, boys' and girls' club work and co-operative marketing. In addition to considering these, each committeeman was called on for his own suggestions. After these had all been listed each was taken up in detail and disposed of as the meeting saw fit. In the field of legislation, strong endorsement was made of the proposed federal and state license and postage tax on oleomargarine. Dairyman present stated that the prosperity of the great dairy industry of the country depended to a large extent upon the enactment of this legislation. They are asking business folks and other industries to join with them because of the fact that the prosperity of the country is largely dependent upon a prosperous dairy industry.

The intangibles and income taxes were approved of and their enactment for the purpose of equalizing the tax burden now so heavy on real estate. The majority of those present were opposed to present plans for cream grading but they felt that a substitute plan should be offered and authorized a committee to make a study of this on behalf of their organizations. This plan will probably be presented at a later date.

The present plan of compulsory county-wide grey-squirrel poisoning was heartily endorsed. Each grange agreed to undertake steps that would improve the carrying out of this law. In co-operation with the county agent's office, they are arranging for the appointment of committeemen in each of the school districts of their grange territory.

In order to avoid the serious spread of Canada thistles that now exists in Marion county, an active campaign against this weed is being undertaken. At the present time the acreage of Canadian thistles in Polk county is limited and it is hoped that this can be eliminated. Each grange will foster a Canadian thistle spray trial in its community. Ultimately it is hoped that all thistles will be killed out.

Support of the grangers of the county for the elimination of European red clover seed was assured as a result of unanimous endorsement of the project now underway. J. H. Harland of Rickreall proposed that a red clover seed association might be particularly valuable at this time. A committee of five was appointed to study out such a plan and, if one can be drawn up, present it at a later meeting.

Trials in the use of land plaster on alfalfa will be placed in all parts of the county as a result of the adoption of this one of the projects for the several committees. One hundred pounds of land plaster will be applied to an acre of alfalfa in the very near future. An alfalfa strip will not be treated so that there will be a chance to observe the benefits, if any, in each trial.

Each grange is going to endeavor to sponsor an active livestock or farm crops club among the boys and girls of their community. Protection of the cherry, strawberry and prune crop by proper application of sprays and poison baits will be advocated at timely intervals in the several granges of the county.

This was the first county-wide meeting of this nature ever held by the granges of the county and the following list with the granges which they represent indicates the whole-hearted support given to this type of work by their organizations: Rickreall, Glen Hogg, J. H. Harland; Monmouth, George Kurze, William Riddell, Jr.; McCoy, C. L. Gilson, G. L. Shields; Buell, Herman Eudres, Charles Muller; Brush College, E. C. Ewing, Wayne Henry, Charles McArthur; Dallas, Forrest Martin, Loren Wilson, G. H. Farrer; Oak Grove, S. H. Robinson, W. B. Allen; Suver, Martin Conger, George Plov, W. J. Kerr, W. W. Keatee; Port Hill, William Shephard, W. W. Werth, Howard Woodson.

SCIO MERCHANTS GIVE CASH TO RED CROSS

Scio—J. S. Sticha reports that he has sent to the Albany Red Cross chapter the sum of \$47.50, contributed by Scio merchants and others. The local schools are expected to contribute to the fund, which is to be sent to drought sufferers east and south.

KUNCITER STRICKEN

Bethel—William Kunciter was taken suddenly ill with violent pain on Wednesday. Neighbors were called and a doctor from Salem. An ambulance made a quick trip and Kunciter was rushed to the Deaconess hospital where he was operated on at 3 o'clock. A long distance call was sent to his sister at St. Helena and Mr. and Mrs. Zak and their daughter arrived that night.

Kunciter is in a serious condition and his friends are deeply concerned.

SHERIDAN CIVIC CLUB MEETING HELD TUESDAY

Sheridan—The regular monthly meeting of the Civic Improvement club held Tuesday afternoon in the city hall, was of great importance to the members. It was the first business meeting of the year at which the newly elected president, Mrs. Howard Houser, presided and a large percentage of members was present.

Mrs. George H. Funk and Mrs. Lee Ladd were appointed to rewrite the constitution, embracing the amendments made since the original draft. The president made a tabulated inventory of the preference of the members for lines of work, that she might use it in appointing her committees for the year. The departments embrace: philanthropy, city beautification, society, and publicity. Mrs. Elery Townsend was appointed kitchen custodian.

The club decided that their main work this year would be along the lines of "a park for Sheridan." They expect to have printed programs embracing the definite plans of this year's work. The drive for membership, which began the first of January, will close the last of this month. This club, which is one of the oldest in the city, has done much for Sheridan in past years along city beautification and the members hope that, after their number is increased by the present drive, much work will be accomplished during 1931.

NIGHT COUGHING

Quick and Safe Way To Stop It!
Whatever it is due to—cold, catarrh condition of the throat, dust irritations or influenza—night coughing can and should be stopped. Nothing will pull you down faster, for it not only deprives you of needed sleep, but it tears you to pieces.

At the first sign of a cough, take good old "Fiso's for Coughs." It does the five things necessary to stop a cough and repair the damage done. It checks the cough spasm, loosens the mucus, opens the air passages and soothes the inflamed tissues. At the same time it has a tonic value that tends to build up what the cough tears down. Only Fiso's supplies these five vital effects and it contains no opiates and does not upset the stomach. Safe to give even to babies. All druggists sell Fiso's in 35c and 60c sizes. Be sure you get "Fiso's for Coughs."

CARE OF SHEEP CLASS SUBJECT

Molalla—Thirty-two farmers and their wives met at the Dickey Prairie schoolhouse Tuesday evening and organized a class for lessons in systematic instruction on the care and management of farm sheep. Earl R. Cooley, state supervisor of the state board of vocational education in agriculture and E. E. Jackson, agricultural instructor in the Molalla union high school, assisted in planning a series of conferences. B. O. Cole acted as chairman. The group decided to hold these classes each Tuesday evening at 7:30 and study some particular job in the production of farm sheep. The care and management of lambing time will be discussed at the next meeting.

There is no charge for enrollment at these meetings and anyone interested in this work may attend. This work is a part of the program of the agricultural department of the high school.

AMITY SOCIAL CLUB HAS VARIED PROGRAM

Amity—The Social Service club of the Methodist church met Wednesday afternoon in the church parlors with the president, Mrs. Mary McGowan presiding. After the business meeting a musical program was presented as follows:

Piano solo, Miss Morris; vocal solo, Miss Cleo Odum, accompanied at the piano by Miss Eleanor Massey; piano solo, Alan Torbet; piano duet, Mrs. G. B. Abraham and daughter, Miss Jean Abraham.

The concluding number of the program was a darky monologue by Mrs. E. O. Morse. Refreshments were served and a silver collection taken. Hostesses for the afternoon were Mrs. J. D. Woodman, Mrs. Lucy Gibbs, Mrs. Jacob Mauer and Mrs. Hettie Shields.

STORAASLI DISPOSE OF OAK STREET HOME

Silverton—Mr. and Mrs. Oscar Storaasli have sold their beautiful new home on Oak street to A. Halverson, who has been living on Reservoir street. The Storaaslis are this week moving into the Van Valkenberg house on Oak street very recently vacated by Mr. and Mrs. Nye Bristol, who have moved to Hillsboro, where he opened a new hardware store.

WOODBURN PEOPLE HEAR THEATER BLAST

Woodburn—Dr. and Mrs. Gerald B. Smith returned Wednesday evening from a two weeks' trip to California. They made the entire trip in their car and drove as far south as Long Beach, visiting San Francisco, Fresno, Bakersfield and Los Angeles, also Santa Monica and Pasadena and visited W. H. Bentley at San Gabriel. On the return trip they followed the coast highway to San Francisco and Crescent City, then the Oregon coast highway to Coquille and Marshfield, thence across to Roseburg and home by the Pacific highway. They found paved or old roads on the entire trip, had no car trouble. The weather was perfect, barring one day of rain in Los Angeles. They were in the R. K. O. theater

in Los Angeles when the explosion occurred which injured 30 people during the performance of "Climax." They drove past the ruins at Oakland where the race horses were burned. Dr. Smith states that Bakersfield was the busiest place they found and Los Angeles and San Francisco have many empty store buildings. Along the entire highway they found work going on widening the roads. Dr. Smith brought home three cases of grapefruit and oranges which he is sharing with friends.
