TESTS FURNISH **VALUABLE DATA**

Ontario, Ore., OP--Froducing ability of the individual cow is an important determining factor in the
costs and consequent profit from
any dairy berd at anytime.

Fresh evidence of this fact has
been brought out in the annual report of the Malheur county dairy
herd improvement association,
which has just completed its testing year under supervision of the ing year under supervision of the county agent's office. Each of the 10 cows with the highest butterfat production produced butterfat at a cost of 31-3 cents per pound, and returned their owners each a profit above feed of \$7651. The 10 low cows for the association produced butterfat at a cost of 26 1-3 cents per pound, and gave their owners a profit above feed cost of only \$9.34 each for the year.

The average production of the 10 high cows for the year was 643.2 pounds of butterfat for the 10 low cows. 10 cows with the highest butterfat

been joined there by his family. His residence is near the airport and having charge of service work at it the airport such service is available to aviators at all times. Superintendent B. B. Irving of the Roseburg airport reports that the addition to the airport personnel has resulted in an increase in passenger business as Branson is offering a taxl and passenger business such as is found at all regular airports. Branson is the son of Mr. and Mrs. Will Branson, 2230 South Cottage street.

GARBAGE DEAL **AGAIN BEFORE** CITY COUNCIL

An attempt will be made, but a fuffle attempt, it is predicted, to pass the garbage franchise ordinance over the veto of Mayor Gregory, when the city council convenes Monday night.

The reason given by the mayor for his veto was an opinion from City

The reason given by the mayor for his veto was an opinion from City Attorney Trindle holding that the ordinance was void for the reason that it was impossible to grant a franchise to a corporation that did not exist. The Salem Sanitary service, seeking the franchise, has not yet incorporated, but is expected to do so if the franchise were allowed and is still making plans along that line.

The mayor, however, is known to The mayor, however, is known to be opposed to exclusive franchises on general principles and no doubt that had a good deal to do with his vetoing the measure which would have granted the concern an exclusive garbage hauling franchise for five years and turned over to it the operation of the municipal incinerator. The strong talking point for the ordinance was that it would relieve the city of the \$6250 annual expense of operating the incinerator. Four members of the council voted against the ordinance when it pass-

the ordinance was that it would relieve the city of the \$6350 annual expense of operating the incinerator.

Four members of the council voted
against the ordinance when it passed two weeks ago. Of those who voted for it. Alderman Pation will be
absent Monday night, hence, in order to get the necessary 10 votes, it
would be necessary for the Sanitary
Service to get the vote of at least
one member who previously voted
against the bill.

Only a verbal report will be returned by the utilities committee on
the Baar & Cumilingham water report, and it will ask further time
for consideration. Several meetings
of the committee are planned for
the next two weeks, and one probably will be a public meeting. The
committee will call in the members
of the now defunct city water commission and also will call Engineer
J. C. Baar, who was not available
to the committee at its meeting last
Priday night for the reason that he
was in Calliornia.

The Kowitz labor bill is scheduled

was in California.
The Kowitz labor bill is nee county district court granted an order restraining enforcement of a according to Alderman Kowitz, may new state law prohibiting the sale of merchandise and accessories by gas companies.

The attorneys filed the petition on behalf of ten City Service distributions companies.
