Ice cream was furnished for all by the company, following which were ball games and races with many prizes being given.

TAME SESSION SEEN TONIGHT

Monday night's session of the city council will be a decidedly tame affair if the hope offered by various officials of that body is correct. City officials are of the opinion that a true index of business pending before the aldermen.

The public is probably more interested in the water situation than anything else just now, and several meetings of the utilities committee on the Bear & Cunningham report have been held. One of those took the shape of a public meeting. But no report on the water question will be made by the committee Monday night, according to Alderman Chris Kowitz, chairman of the committee, and City Attorney W. H. Trindle.

Before doing anything further with the water matter the committee members want to consult with officials of the Oregon Pulp & Paper company, particularly with Fred W. Leadbetter, Mr. Leadbetter, however, has been out of the state for some time and will not be back in Salem until sometime Monday night. While committee members expect to consult with him as soon as possible to ascertain whether the paper mill might become a patron of a municipally-owned city water system, there will be no further conferences on the subject until Wednesday night.

One issue that has taken considerable of the council's time and which may be cleaned up Monday night is the water street location of the water street. Several residents are interested both for and against the requested location.

HUNDREDS OF ELKS AT SUNDAY FROLIC

Between four and five hundred members of the Salem Elks lodge, members of their families and friends gathered for the annual picnic of the organization at Hager's grove Sunday. Games and contests of various sorts held the attention of those present while the entire group sat down to a basket dinner. Diving and swimming exhibitions were given by members of the Black Dragons, a group of similar Red Cross clubs. The Elks band gave a concert during the afternoon.

Man Badly Hurt by Hit and Run Driver

Oswego, Ore. (AP)—An unidentified man was injured probably fatally here Sunday night by a hit-and-run driver. The fleeing driver almost forced a machine driven by Ray J. Staff, into the ditch. Staff says the injured man lying in the road notified Thomas Allen, a druggist, who called an ambulance. Allen said the man's skull was badly crushed. The car which struck the man was said to have driven on toward Forest Hills.

Commission Costs Materially Reduced

Administrative costs of the state income tax accident commission have been reduced materially under the guidance of Governor Meier, a report for the second quarter of the year showed.

During April, May, and June of this year, the committee spent \$81,025.84 to complete routine administrative expense. The new figure is \$33,445.20 for the same period, and represents a saving of \$47,580.64 for 1929 and \$24,600.59 over 1928.

"It is the accidents that cost money and not the administration of the act" Commissioner Early commented in regard to the administrative expense tabulation.

Jonathan Bourne, for many years an employe of the Southern Pacific company, who is confined in a local hospital, was reported as being in about the same condition as during the past few days.

Leonard Paul, defendant in divorce proceedings instituted by Thelma Paul, was ordered by Judge McMahan Monday afternoon to pay \$65 a month support money pending trial, \$50 attorneys fees and court costs. Paul was then returned to jail where he is awaiting the outcome of a non-support charge.

A. Van Dahl, owner and publisher of the Mill City Logue, was in Salem on business Saturday afternoon. LOCAL FOLK AT RAINIER'S PEAK

Nine Chemeketaans were successful in reaching the summit of Mt. Rainier early Sunday forenoon, according to Bob Kuedell, Willamette university student who was one of the group of 12 making the climb. Three others dropped out at Camp Comfort at the 12,800 foot level while a few decided not to make the final ascent after reaching Mt. Camp.

Excellent time was made by those who finally reached the top of the mountain. A start was made at 1 a. m. from Muir camp. Traveling with the aid of flash lights the group reached Camp Misery at the base of Garibaldi rock where the party was roped together. The summit was reached at 8:30. After 45 minutes at the top the descent was started, Paradise park being reached at 3:30.

Visibility was fairly good from the top, several of the snow peaks of the Cascade range being in view. The trip was reported strenuous with the climbers catching but a few hours sleep.

Douglas Ward, a guide from Paradise park guided the group to the summit. Those making the complete trip included Gusie Noldorf, Bob Kuedell, Esther Lytle, Edith Clement, Gladys Miller, Dick Upjohn, Harry Barley, Art Boucher, Tommie, Mrs. Vasey, Portland, and Walter Robinson.

Bessie Smith, Lillian Block and Dr. Leo Lewis, dropped out at Camp Comfort.

Several Chemeketaans who spent last week at the park came out Sunday while others went in for final week of the annual outing.

FRANCE WON'T GIVE UP CLAIM

Paris (AP)—France never will relinquish her claim to reparations from Germany, Pierre-Etienne Flandin, minister of finance, declared Monday.

Flandin, in an interview, said that nations such as the United States were entitled to dispose of their reparations as they wished, but that France intended to insist on Germany's making the scheduled payments.

"If world prosperity could be restored by the annulment of debts, there should be no reason why neutral countries without war debts should be in a state of crisis almost as great as Germany," Flandin said.

Questioned on Germany's capacity to pay, he said that was a question for the Young plan experts. "Besides, if certain incapacities arise," he said, "they need not be permanent. Circumstances change rapidly. When France's financial crisis in 1926 and our rehabilitation since."

Basle (AP)—The bankers' committee of the Bank of International Settlements agreed Monday to prolong for six months the \$100,000,000 loan to Germany in short term credits to Germany.

This agreement was made known although the German insistence upon inclusion of foreign holdings of marks in German banks had not as yet been accepted, it was said.

The bankers' committee reached a complete agreement by Monday evening.

PICNIC ENJOYED BY POSTOFFICE

One of the largest groups in recent years was in attendance Sunday when employes of the Salem postoffice with their families met at Hager's grove Sunday for their annual picnic and field day. Events which ran the gamut from clothes pinning contests to a baseball game between postoffice workers and members of the Salem Elks lodge, together with a bountiful dinner at 1 o'clock held the attention of the crowd throughout the major portion of the day.

The playground ball game was won by the postoffice force from the Elks by the score of 10 to 3. Rider and O'Neil made up the battery for the winners, with Kitchen and Young and Clinton performing in like capacity for the Elks.

Mrs. Dudley Taylor won three events—nut race, potato race and clothes pin contest. She won the last named event when she pinned 26 pins on a line with one hand in one minute.

The winners of other contests were: William O'Neil and Jay Harnberger, horseshoes; Maxine Drobough, shoe race for girls under 12.

Chester Nichols, 30 yard race for boys under 10.

Eileen Aspinwall, 30 yard race for girls under 14.

ANOTHER WAR SHAKES SALEM

The milk war is nicely over. Trouble in the Balkans evidently has been averted for the summer. By settlement of the case of the American aviators in Japan recently diplomatic relations between that country and this will not be severed. Just as quiet and amicable relations seemed to have been established between peoples and the dove of peace was fluttering to his heart's content, then entered LeRoy Schoettler of the scene and fired the first gun in a new hollock war.

LeRoy says he has hollyhocks blooming in his back yard which have attained the height of 14 feet—that is the hollyhocks, not the back yard.

It is admitted on all sides that hollyhocks which attain a height of 14 feet are some sizeable hollyhocks and his friends are commending LeRoy on the accomplishment.

But it is also as certain as the night follows the day, that some other back yard there are hollyhocks which have attained the height of 14 feet 6 inches, and unquestionably in other back yards there are hollyhocks that are having their tips fanned by breezes 15 feet above ground. In preceding hollyhock wars which have shattered otherwise peaceful relations between neighbors, hollyhocks have been known to rear their heads to heights even approximately 17 feet.

But if LeRoy insists on launching a new hollyhock war this season, the first gun has been fired, the shock troops are ready so bring on the hollyhocks.

MEN RECRUITED TO FIGHT FIRES

Spokane, Wash. (AP)—Foresters recruited 100 men here Monday and rushed them to the fire lines near Lone, Wash., in Pend Oreille county, where 700 men were already battling an onrushing forest fire that threatened to sweep over the town.

Their homes threatened by two roaring forest conflagrations, many women grabbed axes, shovels and other equipment to battle alongside 700 men and state fire fighters on the outskirts of Lone, Sunday.

Residents of the town spent much of Sunday afternoon and night in terror as clinders and burning brands showered the town from a murky red sky. Automobiles and trucks were loaded and a Chicago, Milwaukee and St. Paul freight railroad train stood on a sidetrack, awaiting a shift in the wind that might send the fire into the town and the residents fleeing to safety.

But the wind shifted just before the lumber mill whistle that was to be the signal for evacuation was to have sounded and the fire leaped Clark Fork river into Dry Gulch. An hour or so later the wind shifted again, scattering spot fires all around the town and fanning major blazes on two sides of the town.

Sunday night the wind died again and the residents relaxed, still ready, however, to flee.

Pend Oreille county commissioners appealed to the federal forest service for fighters, and Major E. W. Kelley, regional forester at Missoula, Mont., ordered 600 men sent there.

Harrington Booked As Drunken Driver

Lee Harrington of Black Rock was being held in the city jail Monday pending the settlement of a drunken driving charge placed against him Sunday evening by a local traffic officer. Archie Saling, and Ted Swanson of Dallas and Bob Kelso, Black Rock, riding with Harrington were charged with being drunk. Saling and Kelso were later released when they posted \$10 bail each. Prior to Harrington's arrest, which occurred on Court street, two reports had been received of the driver of an automobile who had caused drivers of other cars to take to the ditch in order to prevent collisions. It is said Harrington's car nearly caused an accident in Salem.

Costume Improper For Portland Beach

Portland (AP)—Flesh-colored silk underwear for men and black stockings and brassieres for women won't do for bathing in the Willamette river here, police told Mr. and Mrs. S. C. Mumby Sunday. The charge was "wearing improper bathing suits." Mumby put up \$5 bail but Mrs. Mumby was released on her own recognizance.

WRIGHT LEAVES TO STUDY MUSIC

William H. Wright, for the past three years assistant pastor and their director of the First Presbyterian church, will leave the first of September for Ithaca, New York, to continue his musical studies. Mr. Wright's request for a two year's leave of absence was granted at a called meeting of the church session following the Sunday morning service. The vacated position is not being filled at present.

Mr. Wright will enter with advanced standing the Westminster Choir school at Ithaca. His famous A Cappella choir has achieved wide recognition both in this country and abroad, and the restricted registration of the school has made it necessary for some to make application two years in advance of the entrance date.

Mr. Wright has been prominent in musical circles since his entrance to Willamette university, where for two years he was assistant director and soloist with the men's glee club and a member of the variety quartet. He is an artist pupil of Paul Petri, head of the conservatory of music at Oregon state college, and for the past year has been part time instructor in voice at the college. His numerous solo and recital appearances have won for him a host of friends.

Mr. and Mrs. Wright and children will make the trip east by auto, with frequent stops to visit with friends enroute.

CHINESE SEEK WHEAT TERMS

Washington (AP)—The Chinese government laid before the American government Monday an informal inquiry to ascertain the quantity of wheat available on credit terms for flood stricken areas in China.

The inquiry was called to the state department by the American consulate at Nanking. The communication did not specify the amount of wheat which would be required nor did it offer a concrete proposition for purchase.

Officials described the Chinese suggestion as having been "on a business basis," contemplating sale of wheat stocks on credit for flood sufferers in the Yangtze river valley.

State department officials said the question of distribution which has stood in the way of furnishing wheat to famine stricken areas in the interior in the past, would not exist in the present instance since the flood stricken areas were on the Yangtze river, thus facilitating transportation.

The inquiry will be turned over to the farm board.

Dikes have broken at Wuchang, the Japanese concession was flooded and electrical current has failed in the old German concession. The consul reported uneasiness in Hankow over possible failure of the power supply.

Two English language papers at Hankow were forced to discontinue because of high water. All buildings were undergoing tests to ascertain the security of their foundations.

Bend Visited By Few Drops of Rain

Bend, Ore. (AP)—A few drops of rain fell here early Monday morning, the first precipitation in 50 days. Thunderclaps were rolling over the Cascade range from the south in mid-morning, with every evidence that the thunderstorms predicted for Monday would materialize.

Sunday night, with a minimum temperature of 61, was the warmest of the year. Sunday's highest was 84 degrees and Monday's reading at 10 a. m. was 85.

Can't Fool a Bear Police Chief Says

Vancouver, Wash. (AP)—You can't fool a bear, Police Chief Ira Cresap admitted Monday when he returned from a week-end in the hills.

Chief Cresap, armed only with a telescopic fishing pole, met the bear on a trail. He pointed the pole as though it had been a rifle.

"Bang, Bang," shouted the chief in his best imitation of rifle shots.

But the bear kept right on coming, so Chief Cresap prudently got off the trail.

Sing Sing Employes Now Fingerprinted

Oswego, N. Y. (AP)—Convicts are being fingerprinted before admission to Sing Sing prison here. Now, by order of Warden Lewis E. Laves, all civilian mechanics and workmen employed must be fingerprinted and photographed to prevent convicts escaping disguised as "employees," as one did.

Salem alumni of Willamette university have been asked to report at the chamber of commerce rooms Tuesday evening at 7:30 o'clock. The meeting is upon call of H. E. (Si) Eakin.

SIMMS VACCINE WILL GET REPORT

Practicing veterinarians from Oregon now enroute to Kansas City will report important developments in research to the 68th annual convention of the American Veterinary Medical association which opens August 23 for four days.

Dr. B. T. Simms, professor of veterinary medicine at Oregon state college, has developed a vaccine which will immunize dogs against the deadly salmon poisoning prevalent in the Pacific northwest from British Columbia as far south as Crescent City and inland as far as Wallowa county, Oregon.

Besides Lytle and Simms, Dr. S. M. Reagan of Hillsboro, Dr. J. D. Harrison of Portland, Dr. O. H. Math and Dr. E. M. Bohn of Corvallis are enroute to the convention. Dr. Lytle is secretary of the association's division of sanitary science and food hygiene. He will also report on animal disease problems in Oregon.

Frank Shafer Shows Some Improvement

Frank Shafer, proprietor of a local leather and harness shop, is at the Salem General hospital following a paralytic stroke early Saturday evening. Friends of Mr. Shafer noticed him driving erratically in West Salem, and took him to his home on State street, from where he was removed to the hospital later in the evening. After the physicians said his left arm and leg were involved and that a week or 10 days would elapse before the full effects of the stroke would be known. His condition Monday afternoon was reported as somewhat better than immediately after the attack.
