Here's Quick Way To Break Up a Cold

Makes You Feel Like a New Person Almost Before You Know It

The thing to do with a cold is to break it up in a hurry—with something you know does the job; not to trifle with a lot of trick ideas and remedies. Colds are too dangerous to experiment with.

Get a box of Hill's Cascara Quinine at any drug store. Take two tablets now. Then follow directions on box. Drink lots of water, too—that's all.

Soon that miserable, aching feeling begins to go. The cold breaks up. The poisons are moved from your system. The world looks like an altogether different place.

These results come because Hill's goes back to first principles by going to the seat of the trouble. It's not a new-fangled fancy idea but a tried and proved way that's made to do ONE THING WELL: to knock a cold in a jiffy.

Hill's costs only a few cents. Use it for quick relief after anything else you've tried has failed. adv

BRIDGE ON YAMHILL WILL BE REPAIRED

Sheridan—Sheridan's bridge over the Yamhill will be thoroughly repaired within the very near future. The south approach was partially repaired a short time ago. The north approach is going to pieces rapidly and large holes in the concrete indicate that the under structure is rotted away and under the stress of a heavy load could give away at any time. Judge Kennedy of the county court, who looked the bridge over, did not say definitely what the top surface would be, but the planking will not be covered with concrete at this time. The judge stated that the work would be done by local men in charge of a competent bridge man.

36TH BIRTHDAY EASTERN STARS IS CELEBRATED

Woodburn—Evergreen chapter No. 41, Order of the Eastern Star, observed the 36th anniversary of its organization at the regular meeting in Masonic temple Monday night. The two remaining active charter members, F. W. Settember and Mrs. Minnie Richards, were the honor guests of the evening and after being introduced were escorted to the east where they were called upon to speak. The talks given were in a reminiscent vein and dealt with the early history of the chapter and the way things were done in the chapter room 36 years ago.

Evergreen chapter was instituted January 13, 1896 in the old hall over the Bank of Woodburn then called the Association hall. The installation was in charge of J. H. Briedford, grand patron of Oregon, assisted by Belle Farrar as grand marshal, Ida Babcock as grand secretary and Miriam Burnett as grand organist, and other members of Chadwick chapter. Mrs. Elizabeth Cathey was the first worthy patron and J. M. Pomeroy the first worthy patron. The initiatory work was done by the officers of Chadwick chapter of Salem, which had been organized less than a year before.

Following the meeting Monday night refreshments were served in the dining room and the table was centered with a large birthday cake decorated with candles in the five colors of the order forming a five pointed star. The ceremony of lighting and extinguishing the candles and cutting the cake was performed by the two charter members.

Albany—Wet, sloppy snow greeted Albany folk Tuesday morning when they awoke to find four inches of snow on the ground, for Monday a perfect gale and rainstorm lasted almost all day.

Gates—Springlike weather was brought to a sudden halt Monday evening when about three inches of snow fell during the night. Prospects for an early spring were evident by the pussy willows and small blue spring queens which are in bloom. Peonies and daffodils are appearing above ground. This is considered early as the Santiam canyon is usually about two weeks behind the lower valley.
