

POMONA GRANGE QUARTERLY MEETING, CHEMAWA

NEW OFFICERS ARE PLACED AT BIG CEREMONY

Chemawa—Chemawa grange was held at the Marion county Pomona grange at an all-day session quarterly meeting Wednesday. The regular business meeting was held in the morning during which 29 candidates were obligated. Approximately 250 people were present at mid-day with the following Marion county granges represented: North Howell, Silverton, Aukney, Silverton Hills, Union Hill, Surprise, Woodburn, Stayton, Aurora, Mount, Butterville, Scotts Mills, Fairfield, Red Hills, Salem and McCleary.

In the afternoon Ellen Glover Lambert, installing officer, Stayton, assisted by Helen Welner, marshal, North Howell; Bern T. Emblem, bearer, Stayton; Leona Krenz, regalia bearer, Union Hill; Effie Sweeney, chaplain, Monitor; Roswell Wright, soloist and Ethel Fletcher, musician, Salem installed the newly elected officers: L. S. Lambert, master, Stayton; F. S. Matthews, overseer, Butterville; Daisy Bump, lecturer, North Howell; H. Hall, steward, Fairfield; Winnie Tate, assistant steward, Union Hill; Effie Sweeney, chaplain, Monitor; S. H. Van Trump, treasurer, Salem; Anna Hadley, secretary, Silverton Hills; E. Stevens, gatekeeper, North Howell; Leona Krenz, Ceres, Union Hill; Alwilda Savage, Pomona, ChemaWA; Clara Shields, Flora, Salem; Elsie Tate, lady assistant steward, Union Hill; executive committee, W. H. Stevens, North Howell and J. O. Darby, Union Hill.

Charles O. Hulet of Albany, state master delivered the main address, taking as his theme, "Organization." Dean Roy Hewitt of Willamette university spoke on law enforcement. Mrs. Marie Flint McCall told of her trip to the national grange convention at Madison, Wis., as state lecturer. S. H. Edwards, deputy state master, reported 223 new members in Marion county and stated that Marion county leads the state in gains in membership.

The following committees were appointed: Home economics, Mrs. W. R. Dallas, chairman, Salem; Mrs. O. W. Humphreys, Union Hill; Mrs. F. Oddie, North Howell; agricultural committee, O. F. Larson, chairman, Woodburn; E. L. Emmons, Aukney; Fred McCall, ChemaWA; J. B. Stalker, Silverton; Finance committee, L. G. Weisner, chairman, North Howell; W. E. Savage, ChemaWA; Mrs. B. H. Hall, Fairfield; legislative committee, A. A. Geer, chairman, Silverton; Seymour Jones, Salem; R. A. Eason, North Howell. A visiting committee will be appointed in the near future. The state grange will meet at Silverton in June and it is expected that the Marion county officers will be asked to put on the degree work. A committee consisting of Effie Sweeney, chairman; Daisy Bump and Anna Hadley was appointed to make the necessary arrangements.

James Farmer, national grange lecturer, is on a tour of the west. For the benefit of the folks in this part of the valley he will hold meetings in the Woodman hall, McMinnville, on February 11 and 12. The invitation of Stayton grange was accepted to hold the next Pomona meeting in their hall April 20.

The local home economics committee in charge of the dinner consisted of Mrs. Ida Oldenburg, chairman; Mrs. Anna Claaggett and Mrs. John Zielinski.

State Master Hulet declared in a statement while here that "a crisis is upon the nation and that we, the common people of the state of Oregon must rebuild American institutions for the advantage of the common man, regardless of the plea of our hitherto privileged classes. Old age insurance as a means of preventing the recurrence of millions of our fellow citizens in periods of hunger and want, for the future, must be considered," he said, and declared public utilities should be required to amortize their indebtedness. Industry should be encouraged but not monopoly. In conclusion he said: "We should oppose the loaning of government money to foreign countries, agriculture should have adequate tariff protection, while just compensation should be given the ex-service man and should have a higher inheritance tax. Hulet left Wednesday night for Pendleton and will spend the next week attending grange meetings in eastern Oregon.

ERECTING SAWMILL
Mitsala—A sawmill owned by Oscar Kuyler and Marion Oswell is being built on the Oswall place. Harry Pederson and S. M. Wagner are helping with the work. They intend to saw lumber just for their own use.

Debate Season To Open at Silverton

Silverton—Of the Silverton senior high school events that are open to the public is a debate Thursday evening at the high school auditorium with Woodburn as the first opponent of the season. Silverton will uphold the affirmative side of the question, "That the several states should enact legislation providing for compulsory unemployment insurance." A list of the Silverton debaters for the entire schedule is: Affirmative team, Mrs. Coffey, first speaker; rebuttal; Helen Davis, second speaker; negative team, Catherine Tomlinson, first speaker; Vernita Brewer, second speaker; rebuttal; alternates, Wayne Satchwell, Vera Beugli, Laura Hubbs.

LIBRARY HOLDS ALL DAY OPEN HOUSE, FRIDAY

Silverton—Open house for the Silverton city library will be held Friday from 10 to 4 o'clock. Mrs. H. B. Latham and Mrs. G. B. Benson will be in attendance during the day. Miss Lillie Madsen is librarian.

Since January 1 there have been added to the shelves 49 volumes, 27 of which were acquired through the efforts of the purchasing committee with Mrs. Latham active chairman.

The principal object of the reception Friday is to renew interest in the progress of the work of the library, and to urge donations of books or money with which to enlarge the circulation. This work is sponsored by the city council and the Silverton Woman's club.

The inception of the library for the city of Silverton was by the efforts of the Woman's club about 18 years ago when Mrs. Latham was serving as president of the club. The beginning were small and the work was heavy. Around 100 volumes were acquired at the start, and have grown to near 4,000 volumes with a steady increase in numbers. The library was housed in a private residence at first, then given room in the senior high school, until the city hall was built. Space has been given by the city in the city hall for a number of years. Mrs. Latham has been chairman of the board of directors since the work began, and Mrs. Benson has been a member of the board, also during that time.

Mrs. Latham has served as librarian much of the time, as has Mrs. Benson. Miss Rosella Richardson, Louise Latham, Mrs. Joe Kercher and Mrs. Opal Hendrickson are the others who have been librarians beside Miss Madsen. During the first years of the work the library was maintained by the efforts of the board of control by giving various benefit affairs, then the city council aided the Woman's club in contributions in support of the upkeep.

Prill Will Speak
Scio—Dr. A. G. Prill is to address the Parent-Teachers meeting here Thursday night on the subject, "Communicable Diseases." The program promises to be new and novel, staged by men of the community. Ladies attending will be required to pay an admission fee of three cents, the proceeds to be applied on treats for the men putting on the program, it is announced.

Will Play Bridge
Scio—The Scio Bridge club is to meet Friday afternoon of this week at the home of Mrs. P. H. MacDonald. At the last meeting the club was delightfully entertained by Mrs. Rolla Shelton, when three tables were occupied. High scores went to Mrs. Percy Schrank and Mrs. Fred Blyden. A lunch was served by Miss Ardith Shelton.

FORUM LEADERS ARE RETAINED; REVIEW GIVEN

Silverton—Election of officers, a review of the past year's undertakings, financial accounting, and reports of the various chairmen of the committees working throughout the year were the special features in connection with the banquet served by the girls of the home economics department of the senior high school to the members of Silverton's Chamber of Commerce at the final yearly session held Wednesday evening in the dining room of the senior high school with Earl J. Adams presiding and George Hubbs, secretary.

Officers elected were Earl J. Adams, president, to succeed himself; Ernest Starr, vice president, to replace Walter Arbutnot who has moved to Albany; George Hubbs, secretary, re-elected; Clifford Rue, treasurer, re-elected. There are six directors serving, with Ernest Starr, George Steinhilber, Dr. P. A. Loar and Merlin Contra as holdovers, and M. G. Gunderson and Alf O. Nelson elected to complete the board of directors.

Visitors present who were heard in short talks were Charles Olson of Seattle, a guest of Merlin Conrad, who announced a lecture near February 15 to be given here for the benefit of poultrymen of this community. Albert Peters of Seaside will be the speaker and will illustrate his talk with several reels of movies. W. A. Heater, sublimity, candidate for county commissioner, spoke of the work of granges in making preparations for the state grange to be held in Silverton in June. Heater had attended ChemaWA Pomona grange during the day and he announced their having talked tentative plans for the coming convention.

In listing the accomplishments of the past year that were sponsored by the Silverton Chamber of Commerce, Adams mentioned the work of June Drake, Heber Allen, H. B. Latham and Dr. P. A. Loar, chairman of the highway committee, in persuading the state highway to take over the state park including the scenic falls of Silver creek; the June session of the state grange in Silverton which will bring 3,000 to 5,000 people here for five to seven days; the spring state show; the talent contest fostered by Hal Campbell of the instrumental music department of the Silverton school; the Boy Scout drive with Parsy Rose chairman and Silverton meeting her quota of more than \$300 raised; Dr. Loar and his plans to free the streams of pollution; the fall style opening; the poultry, corn, potato, nut show, with George Hubbs, Ernest Starr and Warren E. Crabtree in charge; the goodwill visitation trips to the surrounding community groups in order to make contacts, socially, with the various community clubs, with an announcement that the next community to be visited would be the Labish Lake club on the first Friday in February.

Of the committee heads, Dr. Loar reviewed the road situation and stressed the necessity of ridding the streams of sewer pollutions, mentioning the aid given by the state game commission, and a surty of the next legislature working out a way to assist the cities in clearing their streams; Alf O. Nelson as chairman, listed the advertising efforts of the publicity committee in mailing illustrated circulars, 250 government forestry maps, a page advertisement in a local paper, showing Silverton's municipal swimming pool in action. Nelson mentioned the chamber's appreciation of the extreme courtesy and patience of the managers of station KOAC in dealing

with the participants in the recent advertising broadcast. He summed up some vital needs for special consideration of the group for the year in the criminal and civil violation of the law in permitting stream pollution; the need of extending the city limits one-half mile in each of the four directions; "forget politics and get outside"; and investigate the light rates which are gradually creeping up on the consumer.

Ernest Starr as head of the visitation committee, reported a program for North Howell on February 25 in addition to Labish on February 26. M. G. Gunderson as chairman of the agricultural committee and June Drake on secondary highways, spoke briefly of their work. Robert Goetz explained the situation of high school funds contributing to make possible the free high school education of those outside the city district.

The next meeting of the Silverton Chamber of Commerce will be on the third Wednesday in February.

Officers elected were Earl J. Adams, president, to succeed himself; Ernest Starr, vice president, to replace Walter Arbutnot who has moved to Albany; George Hubbs, secretary, re-elected; Clifford Rue, treasurer, re-elected. There are six directors serving, with Ernest Starr, George Steinhilber, Dr. P. A. Loar and Merlin Contra as holdovers, and M. G. Gunderson and Alf O. Nelson elected to complete the board of directors.

SEWERS PROVE TOUGH SUBJECT FOR WOODBURN

Woodburn—The proposed Corby street sewer proved to be a tough problem for the Woodburn city council when it came up for discussion at the regular meeting Tuesday night, and much time was spent in trying to find some solution to the matter but without success.

Residents on the west side of Corby street have petitioned for a sewer on one side of the street, and those on the east side do not want a sewer for the reason that they are not financially able to go into the matter and also that they are able to get rid of their sewage by private drains leading to the slough. Those on the west side wish to pay for the construction of a sewer on one side of the street, and connect with the Lincoln street sewer built some years ago and paid for by residents in that district which does not include Corby street.

This the council felt was not a fair proposition for the Lincoln street people and would be a bad policy for future operations. Many plans were offered and rejected and the matter was left for further investigation as to the cost of construction and approval by the state board of health.

A proposal in writing by the American Legion for use of the ball park, the city to plough the ground five inches deep, level and roll same and lay a water pipe from the nearest city main to the grand stand, the Legion to repair fence and grand stand and put the ground in shape for games, was read and more discussion took place. The proposition seemed altogether too large for the council to finance when the addition of a waterline was added and the option seemed to be that it would be better to allow the Legion a lump sum of money for the improvement to use as they desired. After some time it was decided that the council could not afford to allow more than \$50 for this purpose and Clyde Whitman who represented the Legion was so informed, and a motion was made and carried to that effect.

An objection was made by W. J. Wilson as to the location of power

poles on Wilson street, particularly an unnecessary "dead man" and the recorder was instructed to request the P. G. E. company to remove the "dead man", and move the other poles to a more proper location if possible. A letter was read from the company expressing regret at the poor service given during the month of December and asking the cooperation of the city in bettering the conditions by reporting promptly any lights not burning.

It was moved and carried that the bill of the county for graveling a street inside the city limits, which was laid over from last meeting, be paid.

Mayor Broyles stated that the money received by the charity board as Woodburn's portion of the unemployment donations was to be used only for county subjects in the city, under the direction of the board of which Mrs. R. A. Trullinger is president.

A sample "No U Turns" sign, which has been printed at the intersection of Front and Cleveland streets, was deemed altogether too small by the council and the opinion was that it should be at least three times as large. Mayor Broyles stated that the streets were really too small for signs of the proper size.

The eternal question of fire hose consumed the remainder of a long session and the ever present salesman was on hand with samples of his wares which the council examined, compared, and looked wise over and they immediately moved to adjourn.

Plaque Is Placed
Silverton—The bronze plaque of Eugene Field bought by the grade teachers of the Eugene Field building was placed in the corridor of the building Wednesday and adds greatly to the significance of the name of the man to whom the building is dedicated.

MRS. BUCK TO SPEAK
Marion—Mrs. Nevia E. Buck of Salem will lecture at the Friends church Sunday morning at 11 o'clock. She is a national temperance lecturer and W.C.T.U. organizer.

STOPS FALLING HAIR
LUCKY TIGER, a proven germicide corrects dandruff and scalp irritations. World's largest seller—Money-Back Guarantee. Safe for adults and children. At Barber and Druggists.

TEACHERS MEET AT SILVERTON; FOSS SPEAKER

Silverton—Rev. Carl Foss, pastor of the Trinity Lutheran church of Silverton, in an address on "Origins of English People", was the principal speaker at the regular meeting of the Silverton Teachers' association held in room No. 22 of the Eugene Field building Tuesday evening. Rev. Foss gave a careful resume of the historical background that resulted in the beginning of the Anglo-Saxon people, some unusual facts of the Irish race and their relations to the Norsemen, and traced the general accomplishments of the English speaking people up to the present century.

Harry Wells, head of the foreign language department of the Silverton senior high school, president of the association, was chairman of the business meeting, and Miss Elaine Glover was secretary-treasurer. The treasurer's report showed the payment of the appropriations for the Girl Reserve and the Boy Scout funds, with a favorable balance on hand.

Committees responsible for the success of the program and decorations: Miss Ruth Scott, G. W. DeLay, Miss Mary Carter, Harold Davis, Miss Lou Ann Chase, and Miss Luella Henkle. Wells appointed the following to serve for the February meeting: Professional, Miss Marie Klev, Miss Mildred McDermott, Miss Catherine Slattery, decoration, Miss Helvie Silver, Miss Dorothy Eberhard and Miss Olivia DeGuire, Miss Mildred Wharton was appointed to assist Hal Campbell and Mrs. Vida Bennett, members for the year on the music committee, to select the musical numbers for the February session.

P. T. A. MEETS FRIDAY
West Salem—The members of the P. T. A. will meet for a pot luck supper at 6:30 o'clock Friday evening in the school basement. A program will follow the supper. Miss Trina Grant, Mrs. Ralph Bloom and Mrs. A. F. Goffrier are the program committee.

PUPILS QUIT PUBLICATION

Hazel Green—Pupils on the honor roll in the upper grades under the direction of Mrs. Vida Miller are Emil and Kimi Yada, Hazel Woelke, Frank Johnson, Kay and Tom Mio and Alice Johnson.

Those on the honor roll in the primary room with Miss Margaret Barquist as instructor are Waldo Gilbert, Joe Yada, Stanley Kamyo, Edna Luckey, Irene Wachter and Geneva Van Cleave.

Emil Yada and Marjorie Elias have received student certificates from the Palmer method writing

company. Doris Masie and Lucille Dunnigan have received improvement certificates and a number of other pupils have received notice of certificate awards.

By a vote the student body decided at their last meeting to discontinue issuing the bi-weekly paper "The Local Gossip" owing to an increase in other duties. The cooking club will hold meetings once a week, Thursday afternoon. The social meetings will be held later on after the majority have completed their projects.

Hayesville—Mrs. Burr Teal is visiting at the home of her daughter, Mrs. Chester Goodman at Eugene. Mrs. Teal has been on the sick list for some time and the change will be one of benefit to her.

"The Finest Non-Premium Motor Fuel Ever Offered"
—says Barney Oldfield

"I have just finished making a series of road tests on New Union 76 Gasoline.
"On steep grades I find that this fuel gives me a great deal more power. I notice it particularly in the hills. With Union 76, I shift two or three hundred yards farther up the hill than with any non-premium gasoline I have ever used.
"In traffic, when I push the throttle to the floor, I reach better miles an hour earlier and smoothly without spluttering or knock.
"In my opinion you have in New Union 76 Gasoline the finest non-premium motor fuel ever offered here or elsewhere."
Barney Oldfield

Secret is Increased Anti-Knock Rating

The reason for the improved performance of New Union 76 lies in its anti-knock rating or Octane value.
New Union 76 has the greatest uniform anti-knock rating (Octane value) of any non-premium fuel ever offered.
Because it eliminates knocks, both audible and insensible—steps up power—and improves mileage, this new gasoline has been judged the most economical and efficient sold on the Pacific Coast.

A New Aroma and Color Identifies the Quality

The aromatic compounds which are responsible for the higher anti-knock qualities in gasoline have a pleasing odor. New Union 76 can be easily identified not only by this aroma but also by the rich orange color. Thus for the first time there is preserved in this motor fuel the full inherent anti-knock quality thereof. Watch for the aroma and the rich orange color—it is your proof of the greatest anti-knock (Octane value) non-premium fuel sold in the West today.

Watch for the 76!

Turn in for this new fuel where you see the big orange banners with the 76—the trade name of this New Union Gasoline. Be sure that the pump where you fill has a big 76 on the side. Every pump that dispenses the genuine New Union 76 gasoline is labeled for your protection.

MORE HORSEPOWER—
With increased anti-knock comes extra horsepower. This chart shows plotted horsepower curves for medium priced high compression cars using New Union 76 and average non-premium fuel.

UNION OIL COMPANY

New Union 76 GASOLINE
THE FINEST ANTI-KNOCK NON-PREMIUM MOTOR FUEL EVER OFFERED AT NO EXTRA COST
