## Plan Scholarship Loan Benefit Tea

Prominent among social events during the coming week will be the scholarship loan fund silver tea to be given next Wednesday afternoon, January 27, from 2 to 5:30 o'clock in the Women's club building under the sponsorship of the Salem Women's club. A benefit affair is held annually for the scholarship fund by the club women, and proceeds are turned over to the state federation's loan fund where it is drawn upon by students in Oregon colleges and universities.

Particular emphasis is being placed upon the need of the fund this year, to keep young people in school rather than have them competing with the unemployed for situations and also because of the heavier demand on the fund since parents and others supporting students in schools are not able to help them as in previous years.

The educational department of the club, headed by Mrs. J. C. Nelson, is in charge of arrangements for the afternoon, and Mrs. Walter Spaulding, social chairman for the year, is in charge of the serving and tea arrangements. A program will be given.

## Stubborn Coughs Ended by Recipe, Mixed at Home

Here is the famous old recipe which millions of housewives have found to be the most dependable means of breaking up stubborn coughs, colds, and takes but a moment to prepare, costs little, and saves money, but it gives real relief even for those dreaded coughs that follow severe cold epidemics.

From any drugist, get 2 1/2 ounces of Pinex, pour it into a pint bottle and fill the bottle with plain granulated sugar syrup or strained honey. Thus you make a full pint of better remedy than you could buy ready-made for three times the cost. It never spoils and tastes so good that even children like it.

Not only does this simple mixture soothe the inflamed throat membranes with surprising ease, but also it is absorbed into the blood, and acts directly upon the bronchial tubes, thus aiding the whole system in throwing off the cough. It loosens the germ-laden phlegm and eases chest soreness in a way that is really astonishing.

Pinex is a highly concentrated compound of Norway Pine, containing the active agent of creosote, in a refined, palatable form. Nothing known in medicine is more helpful in cases of severe coughs and bronchial irritations. Do not accept a substitute for Pinex. It is guaranteed to give prompt relief or money refunded.

Mrs. Vernon A. Douglas will be hostess Thursday with a 5 o'clock dinner complimenting the fifth birthday anniversary of her young daughter, Stella Jean. Ten neighborhood playmates of the small honor guest are being bidden for the informal party.

The West Side circle of the Jason Lee aid society will meet at the home of Mrs. Richard Erickson, 1515 North Liberty street Friday afternoon at 2:30 o'clock. Regular business will be enacted and sewing will occupy the remainder of the afternoon.
