NO CHANGE IN BUTTER MARKET OVER WEEK END

Portland, March 21 (UP)—There was no change in the butter market situation for the week's opening. There was a very heavy increase in receipts of butter here last week with a moderate gain in local churning.

The market for eggs appears practically unchanged at the week's opening with receipts practically steady. Peddling by producers to retailers continues the chief market price menace.

There remains an easy feeling generally in the market for live lightweight hens as well as mediums but heafy stock remains fairly steady. Broilers market is about steady at 18 to 22 cents pound, according to weight and quality.

Lower prices are being named in spots for country killed calves. Sales in general are not above 9 to 9½ cents for tops with heavy sorts mostly 6 cents pound.

Aside from veal, the market for meats is strong. This is especially true of hogs, mutton and old lambs as well as the better quality offerings of spring lambs. The latter are up to 20 cents pound.

While buying of potatoes in the local territory for carload shipment remains fairly active, California buyers appear to be fighting the latest price advances being quoted by Yakima.

Market for onions continues a trifle slow. Reports indicate that total unsold holdings are not more than 15 loads in Oregon with but five of these at Brooks. Buying price is nominally held $2.

Very light shipments of lettuce from California have forced a further advance in the price.

Onion sets are very scarce for yellow varieties with a further upward swing.

General declines are showing in the market for asparagus with a liberal increase in the movement.

Cauliflower - broccoli market is fairly steady with more local stuff arriving. Mostly very small sizes.

Artichokes remain unusually low priced, but the demand is rather good.

Imperial valley peas continue to reflect price loss and are now showing a maximum of a dime a pound.

New potatoes are scarce with prices steady to firmer and higher. Outdoor rhubarb is still a trifle slow but prices are steady.

Spinach market shows further decline.

NO BANK FAILURES BRITAIN OR CANADA

Washington, March 21 (UP)—There has not been a single bank failure in Great Britain or Canada for seven weeks, the commerce department reported today.

In the United States, more than 2000 banks closed during 1931 alone, involving $1,700,000,000.

Profits of British banks declined some eight percent last year, the commerce department said. Dividends, however, were curtailed even less, as the banks had built up large surpluses. Total assets at the close of the year were 1,928,883,590 pound sterling in 1930. The ratio of loans to depositors increased from 49 to 51.9 percent.

the principal outlets for small quantities. An occasional inquirer submits bids, but apparently most of the interest in sizeable quantities of wool is not urgent as the refusals of bids are not being followed by buyers raising these limits. The estimated receipts of domestic wool at Boston during the week ending March 19 amounted to 11,795,000 lbs. compared with 1,526,900 lbs. previous week.

COAST WOOL CLIP SALES STAGNANT

Portland, March 21 (AP)—General lack of sales of the 1932 wool clip continued to reflect the almost general stagnation of the fleece market throughout the country, as wool shearing is about to start in Yakima and the Horse Heaven country. Shearing in central and eastern Oregon and in the Willamette valley is not due for a couple of weeks unless the weather suddenly turns warm.

Boston buyers have been on the coast for several weeks but have done practically no business. The slowness of sales in Boston continues the chief worry in the domestic trade. Foreign markets recently have been inclined to show more or less steadiness.

BANK IN MEDFORD CLOSED BY SCHRAMM

Medford, Ore., March 21 (AP)—Following heavy withdrawals of deposits, attributed by state banking officials to a "whispering campaign," the Jackson county bank today voluntarily transferred its accounts to the First National bank of Medford on waivers of deposits.

Waivers totaling $257,000 were signed Sunday and the First National today assumed the obligation to pay half of the deposit liability.

The Jackson county bank, with deposits of over a million dollars, had been subject to withdrawals which mounted last Saturday and resulted in the calling of A. A. Schramm, state bank superintendent.

Other banks of the city were not affected by the condition. According to the Jackson county bank's statement at the close of business December 31, 1931, resources totaled $1,263,872. Savings deposits amounted to $355,356, and demand deposits $645,593.

TAX TABULATIONS SHOW BIG DECREASE

Washington, March 21 (UP)—Continued decreases in income tax collections this year were recorded in the treasury statement today. The total receipts for the month thru last Friday were placed at $152,428,074, a reduction of $86,603,907 from the corresponding total for last year.

The 1931 figure was $238,123,981.

The collections for March 18 were $27,846,167.07, the total for the corresponding day last year being $44,103,314.

Collections tabulated on March 15 payments brought the four-day total to $130,375,455.93. Last year the four-day total was approximately $192,000,000.

LIVES AFTER FALL

Lenoir, N. C.—Still living here after a 900-foot fall Roy Hunter, Rutherford, is on the road to recovery in a hospital here. He lost control of his car at Robbins Gap and fell 900 feet down a mountain, overturning at least 25 times. Hunter sustained injuries, serious but not fatal.

Exports of raw cotton from the United States last year totaled 7,318,000 bales.

EXPORT DEMAND HOLDS WHEAT PRICES STEADY

Chicago, March 21 (AP)—Firmness developed in grain prices today, largely because of more activity in North American wheat export demand, purchases for overseas totaling 1,000,000 bushels.

A stimulating feature was that the Argentine wheat market showed pronounced strength, going to a premium over Kansas City, compared with a recent discount of 5½ cents. An additional bullish influence was 2,026,000 bushels falling off in the United States wheat visible supply total, compared with a week ago.

Wheat closed steadfast, at the day's top level, 1 to 1 5-8 over Saturday's finish, corn ½ to 5-8 up, oats ½ to 5-8 advanced, and provisions varying from 2 cents decline to a rise of 10 cents.

Announcement that France had raised her wheat import quota 5 per cent helped give an upward trend to grain values today. Statements credited to Chairman Stone of the federal farm board that proposals to finance United States wheat sales abroad implied no suggestion of dumping in Europe or elsewhere, acted as a strengthening factor. Opening unchanged to ½c higher, wheat advanced all around. Corn started unchanged to 3-8c up and showed a general rise.

Portland, March 21 (AP)—On the Portland futures market trade totaled 6000 bushels of May wheat. That option was up ⅛ cent at the closing with July unchanged and September ¼ cent lower. On the merchants' exchange cash wheat gained ½ cent bushel.

Skeleton of Oldest Modern Type of Man

London, March 21 (AP)—Proof that the "Oldoway man," whose skeleton was found in Tanganyika, East Africa, in 1913, is the oldest modern type of man yet known, has been discovered by an expedition now exploring there, according to A. T. Hopwood of the London museum of natural history.

Tools and other objects found by the Tanganyika expedition, he said, indicate that the Oldoway man equalled culturally the Heidelberg man.

Although it would be impossible to date the Oldoway man accurately, he said, and "he might be 100,000 or 1,000,000 years old," he is "infinitely older than anything yet found," although there have been older fragments of skeletons.

WATER MAROONS SMITH'S LIVESTOCK

Eighty head of hogs, 25 head of cattle and six horses are marooned on high ground on the ranch of Commissioner J. E. Smith at Weston landing near St. Paul with a rise of three more feet in the river sufficient to sweep them away, according to word received Sunday by the commissioner from his son on the ranch.

When the son telephoned Sunday he told of the stock being out on the high ground which had then been formed into an island by the raging waters which had swept over the lowlands on the ranch. The water had six feet to go at that time, he reported, to reach the livestock. Commissioner Smith stated that water there generally rises two or three feet after it starts going down here. Sunday afternoon, Smith stated, the gauge here showed the 20 foot mark plainly, but Monday morning this was covered up and he said he wasn't sure but what the stock is still in danger of being lost.

PLAYHOUSE BUILT FOR PRINCESS BURNS

Llandogo, Wales, March 21 (AP)—The pretty life sized playhouse which the Welsh people built for little Princess Elizabeth, granddaughter of King George, was destroyed by fire today as it was being taken to London to be presented to her.

It burned along the roadside near here in spite of all the efforts of a bucket brigade formed by the villagers to put out the fire.

The model of a Welsh cottage, large enough for the princess to play in and believed to be the finest of its kind ever built, was being hauled on a trailer from Cardiff to London by a steam tractor. It was intended to be presented to the princess on her sixth birthday next month.

The Duke and Duchess of York formally accepted the gift on her behalf at Cardiff last Wednesday. A complete set of furniture which was being transported separately was saved from destruction.

FARM BOARD GRAIN OFFERED TO FRANCE

Paris, March 21 (AP)—George S. Milnor, president of the United States grain stabilization board, is due here tomorrow to try to sell France 12,000,000 bushels of wheat to supply the country's needs between now and September.

Millers have been buying heavily from Canada and Argentina in the past few months and Mr. Milnor will confer with Ambassador Edge about the prospects of selling some farm board wheat.

Air mail service between Havana and other leading cities of Cuba has just been inaugurated.

Potato Quotations Remain Unchanged

Corvallis, March 21 (AP)—The potato markets opened the week mostly steady with San Francisco maintaining quotations unchanged from the peak reached in the recent rise, according to the O. S. C. extension service and the U. S. D. A. bureau of agricultural economics.

Prices dropped slightly at Chicago. Shipping markets were generally dull although Yakima reported steady trading at prices mostly $14 a ton.

The terminal market was steady. Chicago was steady and quotations lower with Idahos at 1.35-1.45. On the Los Angeles market there were too few sales to establish a price, and San Francisco was steady and unchanged.

STRENGTH OF RAILS HELPS STOCK LISTS

New York, March 21 (UP)—Railroad shares advanced on expectation of aid in meeting their obligations in 1932 and prospect of higher earnings. Their strength bolstered the entire stock market. Trading, however, was light, being under the total of last Friday when sales fell below one and one-half million shares.

Atchison was a leader, rising two points on its car loadings report showing a supstantial increase over the preceding week. Others of the group were up fractions to nearly two points.

United States Steel was sold early in the day on adverse news the steel industry was down a point to 24½ per cent of capacity. Special issues were bid up one to two points. Steel preferred rose nearly two points on investment buying.

Pressure converged on International Match, Kreuger and Toll subsidiary, and the issue dropped to a new low at 6⅝, off 2½ points. Trading was resumed on the Stockholm exchange today, but operations were still banned in the Kreuger group.

General Motors was depressed to a new low.

Receivership for two subsidiaries of F. & W. Grand-Silver Stores, Inc.—F. & W. Grand 5-10 & 25-Cent stores and Isaac Silver & Bros., Inc.—brought sharp declines into these issues.

American Telephone was bid up more than two points and Western Union a point, while the gas and electric utilities also made gains.

Bonds were irregularly higher, featured by rails. Rubber futures broke to new record lows here and in London on failure of Anglo-Dutch negotiators to arrive at a new restriction agreement.

According to preliminary calculation, the Dow, Jones and Co., industrial average stood at 79.87, up 1.78 points; rail average at 33.72, up .79 point, and the utility average at 32.43, up .49 point.

Sales totaled 900,000 shares, compared with 1,400,000 shares last Friday.

Aggregate market value of ten leading issues was $6,435,305,328, against $6,345,910,490 on Saturday, an increase of $88,445,835.

FOSHAY GIVEN 15 YEARS FOR FRAUDS

(Continued from page 1)

prejudice were circulated against him.

Attorneys for Foshay said they would appeal the case. A stay of 42 days was allowed for perfection of an appeal.

The two trials were said to have cost the government $70,000. Approximately two tons of evidence was introduced and witnesses brought from all parts of the country.

Seventeen counts of mail fraud were listed in indictments against the men. The jury found them guilty of four counts. Judge Molyneaux sentenced Foshay and Henley to five years on each count with one sentence running concurrently and the other three consecutively.

The government charged that the Foshay enterprises "wrote up" the value of their stock and engaged in other fraudulent transactions to obtain permits to sell stock in Arizona and Oregon. Defense claimed the stock market break in 1929 was responsible for the collapse of the Foshay companies, and denied use of fraud in any transactions.

CLERK TORTURED BY THREE THUGS

Chicago, March 21 (UP) — A month's work was ended today for three bandits who obtained the combination of a safe by threats of torture and escaped with $10,000.

Police said the plot was one of the most daring and carefully planned they had encountered.

The men accosted Herman Saperston, assistant manager of a loop shoe store as he was about to enter his home with his wife and Mrs. Elizabeth Rosenthal, a friend.

After forcing admission to the home the trio informed Saperston they had shadowed him for a month and knew he was acquainted with the combination of the shoe store safe.

Saperston refused to reveal it, but when they threatened to torture the two women, he gave in. Two bandits guarded Saperston and the two women, while their comrade went to the shoe store.

Two hours later the bandit returned, and escaped with his companions after cutting telephone wires. When Saperston and police reached the store they found the safe looted of $10,000 cash.

HOP DATE CHANGED

Mt. Angel—The hop growers' meeting date has been set for March 30 instead of March 28 as at first named, as at the latter date the hop growers at Donald are holding a meeting. Henry Cornoyer of Salem and Otto Wellman of Mount Angel will be in charge.

PROTEST SLASH IN SALARIES OF COOP MANAGERS

Washington, March 21 (AP)—C. E. Huff of Chicago, president of the farmers national grain corporation, today defended the salaries paid officials of his organization.

He told a senate committee only seven men in the corporation would be affected by the bill of Senator Borah, republican, Idaho, to cut farm board salaries and limit the pay of officials of borrowing organizations to $15,000.

"The mishandling of a single day's business would cost as much as their combined salaries for the entire twelve months," Huff asserted, contending that executives "to be induced to leave their own business must be paid reasonably adequate salaries."

Dameron H. Williams, of Gastonia, N. C., a member of the American Cotton Shippers association, told the committee considering the Borah bill "the farm board by unwise use of its powers is literally crushing the cooperative movement."

Huff asserted there was no voting of salaries by grain corporation officials "out of which they could benefit" and said "Our concern lies in effectively doing the job with which we are entrusted."

Referring to George S. Milnor, general manager, whose salary of $50,000 has been criticized, Huff said he did not know what the position of the corporation and its wheat activities would have been if a man of "less experience, or less sound judgment" had been in charge "or had devoted himself less closely to the task."

Huff said he believed the corporation had beneficially affected the whole price structure.

EXPLOSION TO CAUSE INQUIRY

Springfield, Ill., March 21 (UP)—Prompt inquiry was made today in the mysterious explosions which rocked the $1,000,000 high school building and injured a doz
