44th YEAR, No. 96 Entered as second class matter at Salem, Oregon SALEM, OREGON, THURSDAY, APRIL 21, 1932 PRICE THREE CENTS ON TRAINS AND NEWS STANDS—FIVE CENTS

ROLPH DENIES MOONEY PARDON

SUSPENSIONS OF 4 OTHERS NOW PENDING

James and Charles Reed, Frank Cross and Glen Moody Expelled

De Jardin, Father of Hazed Youth, Swears Out Warrants for Seven

Four members of the "Julius Caesar" secret student organization, were suspended from Salem high school for the remainder of the year this morning as the result of the hazing of Victor DeJardin Tuesday afternoon, and similar action in the case of four other students alleged to have been involved in the kidnaping was pending while school authorities investigated further into the case.

The four students whose suspension was ordered by Fred D. Wolf, principal of the high school, are James and Charles Reed and Frank Cross, members of the senior class, and Glen Moody, junior, all of whom admitted participation in the kidnaping. All four are members of the football team.

The second development of the day came early this afternoon when G. W. DeJardin, father of the hazing victim, following a conference (Concluded on page 15, column 6)

FLIER KILLED IN AVIATRIX' HOME

Miami, Fla., April 21 (AP)—Haden Clarke, 31, aviation pilot and free lance writer, died today from a bullet wound he received shortly before dawn at the house where he was living with Captain W. N. Lancaster, former British flier, and Mrs. Jessie M. Keith-Miller, Australian aviatrix. Both are held in the county jail for investigation.

In a statement to police, Mrs. Keith-Miller said she was awakened shortly before daylight by Lancaster who told her Clarke had shot himself.

Mrs. Ida Clyde Clarke, mother of the injured man, said police showed her a typewritten note, addressed to Mrs. Keith-Miller which said:

"Cannot stand economic pressure. Will you please help sustain my mother in her deep grief?"

She said she could not be sure that the signature was that of her son, but expressed the opinion he had shot himself. Police said they had no knowledge of a note written by Clarke.

His mother said he had been a newspaper and magazine correspondent for some time, and recently had been writing the life story of Mrs. Keith-Miller.

Engineer Dies While at Throttle

Sarnia, Ont., April 21 (AP)—Alex Bond, 62, engineer on a Chicago to Montreal Grand Trunk passenger train, died today with his hand on the throttle as his train speeded 60 miles an hour toward Strathroy, Ont.

Samuel Falconer, also of Sarnia, an engineer acting as fireman, saw Bond slump in his seat in the cab, took the throttle and stopped the train without peril to passengers.

Entire Hoover Cabinet Favor Resubmission of Prohibition Question

Copyright, 1932, By United Press
Washington, April 21 (AP)—The entire Hoover cabinet is agreeable to resubmission of the prohibition issue, according to information given to United Press. President Hoover's most intimate advisors, now almost without exception recognize the desirability of facing the question. This trend is expected to increase the likelihood that the republicans this year will abandon the bone-dry position on which President Hoover was elected in 1928 and will shift to a more neutral position in favor of resubmission.

Good Evening!

Sips for Supper
By DON UPJOHN

Tad Shelton has undertaken a bit of scientific research into the question of whether a Scotchman ever has a middle name. Up to date a census by himself and emissaries fails to reveal one.

However, we think we can help him out. There's William McGilchrist, Jr., for instance. Isn't his middle name McGilchrist?

We haven't found out from Tad as to whether Scotchmen are too tight to give middle names to their children, or whether they have middle names and are too tight to use them. Maybe this information will come out later.

"Three Queens in Fete Race" says headline in Journal. Such grammar. And such spelling!

We note that Lindbergh has secured two machine guns and according to the headlines may use them on highjackers. We suggest he use them on some of the newspaper reporters assigned to his case and maybe he'll get his baby back.

If Mayor Baker is guilty of malfeasance in office for spending too much money on a public market site, then aren't our legislators guilty of malfeasance in office for voting too high salaries to public officials?

AFTER A STRONG TEAM "Keelo Signs Garlick."—Oregonian headline.

We understand Rufus Holman is safeguarding his precious health by drinking water brought in in jugs from the well at the state feeble minded institution. Yes, boys, it's the water.

"J. C." we are told, stands for Julius Caesar. Well any high school boy knows what happened to him.

Mysterious voices—strange whisperings out of the ether. A soft singing over the telephone wire and then female confidences, stern male confidences, but all in subdued tones. All members of the staff made confidants. Yes, we have been told many things today by unnamed persons. We have been told that the district attorney and his staff are all "J. C.'s", that all members of the school board are "J. C.'s", even Mrs. Keene as far as we know. We expect to hear next in subdued tones out of the void that Fred Wolf himself may be a "J. C." It's been a great day at the office for anonymous telephoners.

If all the folk we've heard about today jumped on the De Jardin boy no wonder he had his clothes torn.

It makes a man think that maybe "J. C." stands for "Jimmy Christ-mas." Well, who knows.

GOLD STOCKS IN HOLLAND INCREASE

Amsterdam, April 21 (AP)—Withdrawal of gold holdings from abroad by the Bank of the Netherlands was revealed today in the bank's weekly statement showing that gold stocks had been increased by 8,000,000 florin to 900,500,000 florin (\$362,028,728 at par).

Authorities indicated that under present world conditions it was believed safer to keep the bank's gold at home.

The newspaper Handelsblad said withdrawal was due to "disturb of the dollar" as most of the foreign holdings of about \$41,735,000 was in the United States.

Alberta Swept by Worst Blizzard

Calgary, Alta., April 21 (AP)—Spreading over the entire province of Alberta, with its bliting snow and drifts of snow piled 3 and 4 feet high on the roads and drove traffic and cattle to cover. It was feared hundreds of head of livestock, turned loose on the open range after several days of sunny weather, would be lost.

Governor Meier Absent for Week

Governor Julius L. Meier will not be at the state capitol this week, it was announced today by the executive offices. He is remaining in Portland due to the serious illness of Mrs. S. Julius Mayer, mother of Mrs. Meier.

DAWES GRILLS BONUS BILL AS ROAD TO RUIN

Sees Disaster in Inflation Of Currency To Pay Veterans

Defends Loans by Reconstruction Finance Corporation to Banks

Washington, April 21 (AP)—In characteristically forceful language, Charles G. Dawes condemned demagoguery today before the house ways and means committee to present a powerful plea against full payment of the bonus.

He called Wall Street a "peanut stand" and said too much stress was laid upon its activities, while the mass of the people was becoming more optimistic.

Withdrawals from banks have ceased, Dawes said in outlining the operations of the reconstruction corporation which he heads.

He warned that inflation of the currency would have a disastrous effect upon the nation's monetary and credit system. The two billion dollar bonus would be paid in new currency under the Patman bill which he opposed.

Dawes said that up to April 19, the reconstruction corporation had loaned \$243,248,000 to 1,520 banks (Concluded on page 15, column 5)

BILLINGS NOW SEEKS PAROLE

Poison Prison, Cal., April 21 (AP)—Despairing of a 15-year fight for a pardon, Warren K. Billings, co-defendant with Tom Mooney in the San Francisco bombing case, announced his willingness today to accept a parole.

Writing anxiously in his cell for Governor Rolph's decision today on the Mooney case, Billings revealed for the first time he was ready to make admission of guilt in order to win release from prison.

The diminutive 39-year-old convict still protests his innocence, and in years past has made numerous fiery tirades against his conviction. But 15 years behind bars have robbed him of his old ardor.

All that time he followed Mooney's ideal that "nothing but a pardon would do." He claims now, in fact, that he would only accept the parole "under certain conditions." It was evident, nevertheless, that he is anxious to get out of prison in almost any way possible.

Billings in recent months has been the "silent partner" in the case. Since his break with the Mooney defense league he has had little to say concerning his co-defendant. He is not a little bitter over being "kicked out of the picture."

ALBERTA SWEEP BY WORST BLIZZARD

Calgary, Alta., April 21 (AP)—Spreading over the entire province of Alberta, with its bliting snow and drifts of snow piled 3 and 4 feet high on the roads and drove traffic and cattle to cover. It was feared hundreds of head of livestock, turned loose on the open range after several days of sunny weather, would be lost.

BRITAIN TO ENFORCE 20 PERCENT TARIFF

London, April 21 (AP)—A total duty of 20 per cent will be imposed on nearly all manufactured goods imported into Great Britain after midnight April 25.

DEPORTATIONS NOW EXCEED IMMIGRANTS

Washington, April 21 (AP)—Secretary of Labor Donak today announced that for the first time in the history of the immigration service the number of aliens deported from this country in March exceeded immigrant entries for the same period. He said 2,000 immigrants were admitted, and 2,112 aliens deported under formal warrants of deportation.

DENY MOTION FOR DISMISSAL EMPIRE TRIAL

Judge Walker Refuses Demand for Instructed Verdict for Defense

Witnesses for Defense To Complete Evidence Probably Friday

Dallas, April 21—Defense witnesses took the stand for the first time Thursday afternoon following a lengthy argument between attorneys in the trial of Frank J. Keller, Jr., ex-officer of the Empire Holding corporation who is charged with devising a scheme with intent to defraud, after Circuit Judge Arlie G. Walker denied a motion for a directed verdict made by Frank Lonergan, defense attorney. The defense will complete its case "early Friday afternoon at the latest," Attorney Lonergan told the court.

Indications that considerable time will be taken up by the defense in its final plea to the jury came when Attorney Lonergan did not agree with the suggestion of Barney Goldstein, special prosecutor, that arguments be limited. The case will probably not go to the jury before Monday, Judge Walker stating that he would not charge the jury late Saturday as such a procedure would be unfair to the jury.

"At the very worst, the best that can be said against acts of the defendants in this case is that misrepresentation has been made by salesmen," Attorney Lonergan asserted. He charged that the section of the blue sky law under which the indictments were returned was unconstitutional in that it attempts to delegate legislative powers to the state corporation commissioner and that the indictments, if any, should have been brought under Sec. 25-1225 of the Oregon code which covers the misrepresentation and not the previous section which covers the commission of crime through intent to defraud.

Only an actual confession could be stronger than evidence presented the jury, Attorney Goldstein declared. (Concluded on page 14, column 4)

SNOW FALLING IN CALIFORNIA

Los Angeles, Calif., April 21 (AP)—King Winter, paying a belated encore on the Pacific coast, left blizzards, snow, cold rains, high winds and badly interrupted shipping and air schedules in various sections of the territory today.

The brunt of the storm apparently struck southern California coastal areas where numerous fishing boats were destroyed when driven ashore by a wind that reached a velocity of 50 miles an hour. No lives were lost.

The coastwise steamer Yale and the navy tanker, Neches, scraped sides in the harbor at San Pedro when the passenger ship became uncontrollable in the high wind. Slight damage was done.

Although the wind had died down considerable this morning, coast guard cutters were endeavoring to save the fishing barge Melrose which snapped its anchor during the night and was drifting toward the rocks near San Pedro. Five men are aboard the vessel, and fear for their safety was felt if the vessel went on the rocks.

The high winds in southern California delayed regular shipping and air schedules, many air lines calling off scheduled trips and steamships arriving hours late. A heavy sea was running.

In the northwest section of the coast, light snows were reported in the mountains and high winds in the lowlands. In Idaho a blizzard raged.

As far south as Truckee, in the mountains west of Reno, snow was reported.

MASSIE TRIAL DELAYED TO GIVE ALIENIST TIME TO EXAMINE DEFENDANT

Honolulu, April 21 (AP)—A delay until Saturday of the trial of four persons accused of lynching Joseph Kahahawai was ordered by Judge Charles S. Davis today in order to give a prosecution alienist time to examine Lieutenant Thomas H. Masie, who admitted responsibility for the killing.

Honolulu, April 21 (AP)—Having been turned momentarily into a spectacle of wrath by the witness stand outburst of Mrs. Thalia Masie, the trial of four persons accused of lynching Joseph Kahahawai reached the beginning of its epilogue today.

The white spark of fury which flashed first from the witness and then in turn from judges and prosecutor yesterday not only signalled

BOMBING CASE DRAMA AT NEW CLIMAX

Tom Mooney (left) heard in his cell in San Quentin prison, the failure of the latest attempt to free him of a charge of bombing a preparedness parade in San Francisco in 1916 which caused the death of 10 persons. Gov. James Rolph, Jr. (below), who led the parade, made the decision. At the right above is shown the picture upon which Mooney based his alibi. The photo shows Mooney on top a building more than a mile from the scene of the bombing. Enlargement of the dial of a street clock revealed the time as 2:01 p. m., whereas witnesses had said Mooney was near the explosion scene at 1:50 p. m.

50 Days Jail For Owner of Blasted Still

John Coryell was sentenced by Police Judge Martin Poulsen to serve 50 days in the city jail when he pleaded guilty early this afternoon to a charge of unlawful possession of intoxicating liquor, for which he was arrested following the explosion of a still yesterday afternoon at 2085 North Front street.

The explosion set fire to the house and caused damage of \$250 or \$300.

The house is owned by Mrs. Cora Hendry, 154 Columbia street, and was rented to Coryell about a week ago. Mrs. Hendry said she had no idea the place was being used as the base of a liquor still.

The still was of the wash-bottle type, and included in the material confiscated by the police was a gas generator, water barrel, copper cooling coils, a five-gallon keg and three quart bottles of moonshine whiskey, also two barrels of cracked corn.

The house was a mass of flames inside when the firemen arrived, and as soon as Mrs. Hendry arrived and found the remains of the still, she called the police. Coryell was arrested nearby.

CEILING COLLAPSES

Bastia, Corsica, April 21 (AP)—The ceiling of the court room collapsed today during a trial in the correctional court, burying 20 persons, of whom ten were reported dead or seriously injured.

WARDEN LEWIS TO VIEW PRISONS

James Lewis Superintendent and warden at the state penitentiary, expects to leave Monday for an inspection of dining rooms in state penitentiaries in Washington and California. The board of control authorized the inspection four preparatory to the state's construction of new dining quarters at the institution here.

Lewis has completely recovered from knife wounds received a month ago when a convict ran amuck. He was stabbed twice in the back. He expects to be absent about two weeks.

CONVICTION OF PRISONER AGAIN UPHELD

Governor Refuses Pardon To Mooney for Preparedness Day Bomb

Is Fourth Governor Who Has Refused To Intercede for Clemency

Sacramento, Cal., April 21 (AP)—Governor James Rolph Jr. refused today to grant the pardon plea Mayor James J. Walker and others of New York made last December on behalf of Thomas J. Mooney, convicted San Francisco parade bomber in 1916.

It was the fourth time a California governor has refused to intercede in behalf of Mooney who has consistently disclaimed any connection with the outrage that cost 10 lives.

Commenting on his decision the governor first reviewed his study of the case and stated he approached the hearing of Mooney's pardon application, presented by Mayor Walker, "with an open mind" and "in a (Concluded on page 13, column 6)

NEW YORK REDS CLASH POLICE

New York, April 21 (AP)—Disorder broke out this afternoon at a demonstration for unemployment relief at city hall when a group of several hundred communists broke through police lines. Police instantly charged the crowd and blackbacks and batons were swung repeatedly on the heads of demonstrators.

The demonstration had been in progress an hour when the disorder broke out. Police had made no attempt to interfere as the demonstrators, two abreast on the sidewalk, marched around City Hall park. They carried banners, and many shouted "Down with Walker" and "No work, no rent."

Suddenly the group of several hundred broke through the police lines at Park Row and the Plaza. Instantly, at a signal from their commanding officers, reserve patrolmen and mounted policemen swung into action and charged the crowd, mounted police rode down the sidewalks, driving running pedestrians to the streets.

Philadelphia, April 21 (AP)—A score of persons were injured and 23 others, six of them women, were arrested today when police broke up two groups of marchers in what was termed by authorities "a plot to mass radicals for a march on city hall."

The disturbances broke out within a block of city hall when a parade of about 200 marchers who said they belonged to the "Workers' Executive Men's League-Philadelphia Post Number 1" refused to obey a police order to disperse.

PUBLISH LIST OF 350 SHORT SELLERS

Washington, April 1 (AP)—The senate banking and finance committee today made public the names of approximately 350 persons who had engaged in short selling on the New York stock market to an extent of 2500 shares or more. The names had been taken from 24,000 order slips submitted to the committee by the New York Exchange.

Committee members, notably Senator Walter, republican, Connecticut, said the list contained "a great many obvious dummies."

WASHINGTON BUREAU OF THE CAPITAL JOURNAL OFFERS A NEW BOOKLET EVERYBODY'S COIN BOOK

As much as \$10,000 has been paid for a single United States coin, and the lucky person who could produce a certain California gold piece could probably almost name his own price for it.

Everybody's Coin Book is a companion booklet to Everybody's Stamp Book, and you can order either or both on this coupon, enclosing six cents for each copy ordered. Mail direct to Washington, D. C.

The Capital Journal Information Bureau, Frederic J. Haskin, Director, Washington, D. C.

Enclosed find cents in coin or stamps, for which send me as checked
