THE PENALTY OF GRAY HAIR

Gray Hair! Advancing age... slipping... all these unpleasant ideas seem to go together. But they can be avoided. For gray hair often comes to a young head. And those who have it are neither old nor incapable. Yet people will say "Why, she has gray hair" and she's on the shelf. Such a penalty need no longer handicap the woman who uses Canute Water. This is a clear, sparkling, spring-like water... of wonderful properties which actually re-colors hair to its original brilliant shade. No danger of getting brunette shade when your hair is blonde. Not only the color kind but the one bottle is enough. And it does not even interfere with permanent waving. It really is surprising what successful youth-like-fying results it gives. Apply Canute Water yourself in the privacy of your own home. Many women in town are doing the same thing. They merely do not mention it. You need not mention it, either. Just buy a bottle... and get rid of the "age penalty" in gray hair. Canute Water is so safe, so scientific and sure that your dealer knows it will satisfy you. If not, he will refund your money. On Sale at Perry's Drug Store.
