

# LOCALS

July of this year shows indications of establishing a "wet" record, 22 of an inch being registered Wednesday morning, equalling the total rainfall during the previous days of the month. Last year, there was no rain or cloudy days during the month of July, and in 1930 but 31 of an inch rainfall was registered during July.

For lumber shingles and building material, see Peder Lumber Co., 1221 Edgewater street, W. Salem. Phone 3811. W. T. Orier, mgr.

Fifty members and friends of the Yoncaro Sunday school class of the First Methodist church attended a picnic at the E. B. Millard gardens Tuesday night. The Yoncaro picnic has been an annual event for the past 12 years and has always been held at the Millard gardens.

Black cherries wanted for cash. Ph. 5008. Claude McKenney.

Order has been granted in probate permitting Elmer Knauf as guardian of Walter W. Knauf, incompetent, to mortgage real property.

Hey, Skinnle! Look at my whoopy skirt I got from Curly's Dairy. They give you one for every cash customer you get and they only charge 8c a quart, cash.

Notice has been filed by Robert G. Clostermann, German consul at Portland, that he has been granted power of attorney by heirs in Germany of the late Henry Stuhlman of Mill City, to keep watch of proceedings in administration of the estate. D. B. Hill was named administrator.

Dr. S. F. Scott, chiropractor, moved to 816 1st Nat'l. Bank bldg. 109

A verdict was given in circuit court in the case of Rudy Smith against D. J. Richards, awarding \$75.00 to the plaintiff. Harold R. Burk was foreman of the jury.

Dance, Mellow Moon every Wed. & Sat. Cecil Thomas' band, only 25c. 186

Notice of appeal has been filed in circuit court by Frank Collier.

Biggest, best old-time dance. Crystal Gardens, Wed., Sat.

Contracts were awarded today by the county court on bids for gravel crushing and hauling. The job on the Hubbard-Woodburn road went to S. S. Montague and on the Aviqua road to Contractor Itcher of Molalla. The county court has agreed to smooth off the road into the Itcher quarry and will gravel it.

Dance, Mellow Moon every Wed. & Sat. Cecil Thomas' band, only 25c. 186

Circuit Judge Lewelling arrived in Salem today for a docket that will take him through Friday. Melike vs. Melike was the case scheduled for today. Thursday the case of Pruet vs. Jones is docketed, Friday the case of Beeman vs. Folkland and next Monday he has on the docket the case of Tachida vs. Lison.

One lot girlies, values to \$10, at half price. July Clearance Sale. Howard Corset Shop, 163 N. Liberty. 167

Ben Schlage pleaded not guilty in justice court to a charge of fishing without a license and the case will be set for hearing later. He was released on his own recognizance.

Expert magnet work. All makes. Dick Barton, 621 Court. 169

Complaint for foreclosure has been filed in circuit court by Fred C. Rittner against F. E. Birch.

Ice. Prompt residence delivery. Phone 5603. New modern all-steel refrigerators at cost. Call at Capital Ice, 500 Trade street. 166

E. M. Croisan, collector of customs, an old resident of Salem, has now left St. Vincent's hospital, Portland, and is convalescing at the Imperial hotel in Portland where he now resides. He hopes to be able to return to his office in the near future.

First grade sawdust for winter use. Phone 3447. W. W. Mee. 160

The water in the Y.M.C.A. swimming pool was given the rating of "A", the highest possible, as the result of a test given by state department of health officials recently. While the water is tested each day for chlorine content, the official test for bacteria count is conducted at irregular intervals, the local Y officials never knowing in advance when a sample of the water will be taken.

Don't abuse your feet, have your shoes repaired at Salem Shoe Shop, 138 South Liberty.

The First Christian church will have charge of the union services which will be held in Willson park Sunday afternoon. Rev. D. J. Howe will discuss the question: "How Will Christianity Survive?"

Old time dance at Macley's Thursday, 14th. Good music, refreshments. 166

Uncertainty prevails in the minds of senior high school heads as to what the enrollment will be next September, due to one or two conditions of which they have no control. Fred Wolf, principal stated Wednesday. If present economic conditions should continue, Wolf believes that the enrollment may be serious, while a reversal of the circuit court decision by the supreme court in connection with the county high school tuition fund would automatically lose off many students who would ordinarily enroll from the county districts. Many county students have stated that they could not afford to pay tuition if the supreme court should declare the law unconstitutional. Confident with a reversal of the circuit court decision, George Hug

study of middle childhood instructed by Mrs. M. H. Welby of Seattle, the study of adolescence taught by Rev. R. V. Wilson of Salem, and the course on home missions taught by Dr. Russell Showers of Dayton, Ohio. Bishop Ira D. Warner is dean of the school.

Work of replacing several flights of steps in the senior high school building which had become badly worn through the wear and tear administered by thousands of shoes over a period of several years, was started Wednesday forenoon. The repair work was authorized by the school board Tuesday evening. All of the treads in the stairways from the ground floor to the gymnasium will be replaced at the east end of the building, while extensive repairs will be made on the several flights at the west end. During the enforced absence of G. W. Smalley, head janitor who is recovering from an illness of several weeks duration, the repair work being done in the buildings of the district has been in charge of A. W. Andrews, manual training instructor of Parrish junior high.

Unable to pay a fine of \$1 and costs after pleading guilty to driving his car with four persons in the front seat, George Hoffman was committed to the county jail by Justice of the Peace Hayden.

Kenneth A. Hughes pleaded guilty in justice court Wednesday to a charge of speeding with a truck. He was fined \$15 and costs which he did not pay, and was committed to the county jail.

Three girls, Anna and Bernice Baldwin and Bernice Drake, will have a hearing in justice court Wednesday afternoon on a charge of giving checks without sufficient funds.

Evil Daley will appear in justice court Wednesday afternoon to enter a plea to a reckless driving charge.

Final plans for the picnic of the Salem Retail Credit association were made at the weekly luncheon Wednesday noon. The picnic will be held at Nelson beach Sunday. There is a large community hall at this resort which can be utilized in event of inclement weather. L. R. Schoettler is chairman of the sports committee. The picnic will be open to everyone engaged in credit work whether or not they are members of the association. Registrations are being made with Miss Emma Wilcox, phone 4137, at the credit bureau.

J. T. Delaney, California delegation liaison officer for the national convention of the American Legion in Portland in September, is accompanying a delegation of American Legion and convention officials to Seattle Friday morning. Nearly 100 have already signed for the trip exclusive of the drum corps and the "hungry seven" band of the "40 and 8." The purpose of the trip is to acquaint Seattle ex-service men with details pertaining to the national convention.

No definite date has yet been set for the annual Atwater Kent road audit though numerous inquiries have been received by the chamber of commerce from persons interested. The only word received is to the effect that the national event has been delayed and that local auditions should be held prior to September 15.

Mrs. Phil Bowen was elected secretary of the Salem Trades and Labor council Tuesday night to succeed H. W. Hale, of the Carpenters local. She is a member of the Culinary Alliance. M. C. Moynihan barber, was elected sergeant-at-large to take the place of George (Scotty) Ferguson, of the Carpenters. Otto Hartwig, new member of the state industrial accident commission and labor's representative, was unable to appear as scheduled but will speak at an early meeting of the council.

A marriage license has been issued to G. R. Lowery, 21, Brooks, and Inez Allison, 18, Brooks.

On relation of Clarence Donnelly the state has asked for an alternative writ of mandamus in circuit court to compel the industrial accident commission to pay Donnelly \$1016.12 alleged to be due him as result of injuries while employed on a job in Portland.

A picnic for club members only will be held by the Salem Rotary club at the Silverton municipal park August 3.

Mr. and Mrs. Gardner Knapp returned to Salem Tuesday night from a week's motor vacation trip which included a stop at the Pacific Coast Advertising club convention at Vancouver, B. C. Knapp is president of the Salem Ad club. The return trip was made by the coast route with a side jaunt to Mt. Rainier where seven feet of snow was encountered at Paradise Inn. The weather was so cloudy it was impossible to see the mountain.

Homer Smith, Jr., was introduced Wednesday noon as a new member of the Salem Rotary club.

Presidents and secretaries of Rotary clubs in the northwest district, comprising over 70 clubs, will be entertained here August 8 to 9 with William McGilchrist, Jr., of Salem, district governor, presiding. Entertainment will be provided by a special committee named Wednesday by W. L. Phillips, president of the Salem club. Members of the committee are J. T. Delaney, chairman, C. A. Spague, V. P. (Tiny) McNamara, L. B. (Tiny) Endicott, Lytle Bartholomew and Roy Simmons.

A demurrer has been sustained by Judge McMahan in the case of Intermountain Building & Loan association against Carl O. Allport.

Salem church people attending the United Brethren leadership training school, Oregon conference, being held at Philomath this week are Rev. and Mrs. R. V. Wilson, Deana Shephard, Maxine Hill, Bernice VanCleave, Marlan Chase, Frances Christensen, Antoinette Lambert and Ida May Lyons. The group left last Sunday afternoon for Philomath and will return this coming Saturday. Four standard courses are being given at the training school, including the New Testament course taught by Dr. W. L. Rayburn of Los Angeles, the

## ASKS PROOF OF LOSSES DUE TO RAILROAD RATES

Seattle, July 13 (AP)—The Union Pacific system today was ordered to submit proof sheets and data to support its claims of \$200,000 a year revenue losses under the interstate commerce commission grain rates now held in abeyance by the United States supreme court.

The commission's examiners, George Hall and Arthur Mackley, in Seattle from Washington, D. C., for one of a series of grain rate flights ordered by the railroad to submit its data, after a spirited debate at today's session.

The order came after H. E. Lounsbury, general freight agent for the Union Pacific, had echoed demands of other transcontinental lines for a 20 per cent increase over the rates now held in abeyance. The increase would bring grain rates about 4 per cent above the present rates.

Lounsbury's statement that the Union Pacific would lose \$150,000 a year in grain rates and \$50,000 a year due to certain free transit privileges which would prevail, was challenged by Arthur Geary, representing the northwest wheat ranches.

Competition of intercoastal grain stevedores and the short haul rate controversy was brought up. Lounsbury asked relief for the transcontinental lines from the I. C. C.'s rule which requires a uniform rate on a commodity all along the line between two long haul points.

He was willing that the transcontinental rate be left untouched in competition with the steamship carriers but asked that the railroads be permitted to vary rates on short hauls.

## Notification Date Early Next Month

Washington, July 13 (AP)—Representative Snell, permanent chairman of the republican national convention, expects to formally notify President Hoover of his renomination sometime between August 5 and 10. He said today a definite date had not finally been agreed upon, but thought it would fall within this period.

The New York representative said present plans call for notification ceremonies at the White House—on the grounds if during the day, or inside if at night.

## \$6,000,000 OF FEDERAL FUNDS GO TO OREGON

Portland, July 13 (AP)—A total of slightly more than \$6,000,000 of federal highway funds will be available for expenditure in Oregon on the basis of the senate relief bill passed last night. Senator McNary said today according to a dispatch from the Journal's Washington correspondent.

The total comprises \$75,000 of regular unobligated federal aid funds, \$1,450,000 of forest road money in the agriculture bill and \$4,500,000 carried by the relief bill. Of the last almost \$2,000,000 goes to federal aid highways, \$775,000 to forest highways, and \$400,000 to forest improvements.

Contracts paid by emergency funds of the relief bill shall specify minimum wages determined by the state highway departments. The bureau of public roads has advised McNary that it approves the 50 cents an hour rate adopted by the Oregon highway commission.

Little definite information was available here today concerning the exact nature of federal aid funds to be made available to Oregon for highway work under the provisions of the house and senate relief bills and other appropriation measures already enacted or now pending in congress.

At the state highway department it was said that Senator McNary's estimate of money to be available, more than \$6,000,000, was slightly more than had been expected by the highway commission, but that this might be accounted for by Senator McNary's inclusion of forest road and forest improvement money in his estimate. Forest money is expected by the federal forest service and the highway department has nothing to do with it.

The McNary estimate speaks of the \$3,770,000 contained in the senate relief bill, with the explanation that \$2,000,000 of this is for federal aid highways, \$775,000 for forest highways and \$400,000 for forest improvements, leaving \$407,000 of the total unaccounted for.

It has been the plan of the highway commission to utilize the money secured through the relief bill to match regular federal aid appropriations, of which there is at present about \$800,000 unmatched by the state and another \$1,700,000 to become available October 1.

## WANT FEDERAL AID TO BUILD RAILROAD

Portland, July 13 (AP)—A special dispatch to the Journal today from Washington, D. C., said Senator McNary has secured a request for assistance in securing \$5,500,000 of reconstruction finance corporation money to complete the railroad between the Rogue river valley and Crescent City, Calif., and to extend it eastward to connect at Klamath Falls with the Southern Pacific and Great Northern lines.

The dispatch said W. H. Gore, who signed the message in behalf of the railroad chamber of commerce, said it would vitalize \$4,500,000 already spent for 100 miles of road and give immediate employment to hundreds of men.

McNary replied that the proposal may be submitted by formal application to the reconstruction finance corporation and suggested conference with Walter D. Schultz, its representative at Portland.

## COW ESTABLISHES PRODUCTION RECORD

Madison, Wis., July 13 (AP)—A milk production record of 36,859.4 pounds in a year, or more than 100 pounds a day, was credited by the Holstein-Friesian association today to Carnation Prospect Veeman of the Carnation milk farms near Seattle.

The record is second only to the all-time production record set by her grandmother, Segie Pietertje Prospect, world champion cow to which a monument was erected near Seattle. Her world record was 37,281.4 pounds or 17,587 quarts in 1921.

Carnation Prospect Veeman is ten years old.

The juvenile division of the Neighbors of Woodcraft will hold a picnic at the 14th street playgrounds on Thursday afternoon from 2 to 5 o'clock. Mrs. Hazel Walker, Mrs. Clark and Miss Helen Lutz will be in charge of the picnic and games. The children attending are asked to bring sandwiches. The women of the lodge will furnish ice-cream.

## ROGERS FOR ROGERS As Congressman

Oklahoma City, July 13 (AP)—William Cornelius Rogers, a small town schoolmaster, today had the endorsement of Will Rogers, the humorist, in his candidacy for the democratic nomination for congressman-at-large from Oklahoma.

Teacher Rogers used the name of Humorist Rogers on the ballots in the state primary election and ran first by a wide margin.

One opponent protested Teacher Rogers had tricked the voters but the state supreme court refused to rule on his action.

When supreme court justices endorsed Teacher Rogers in his syndicated newspaper column, they left Howard without a recourse in his protest.

## BOY DROWNS

Rockaway, Ore., July 13 (AP)—Falling from a bridge into Lake Lewis, a 13-year-old boy, Robert Allen Treblehorn, 19, son of J. Treblehorn, local baker, was drowned Tuesday.

## OREGON FRUIT YIELD HIGH BUT MARKET LOW

Corvallis, July 13 (AP)—Although the markets are extremely low compared with former years, abundant crops covering wide variety of fruits and vegetables are moving to market from Pacific northwest growers in volume approaching 750 to 800 cars a week.

Eastern cherry auctions, according to the federal market service-State College review today, strengthened somewhat during the week but sales netting around 50 lb. F. O. B. northwestern shipping points. The northwest was shipped 840 cars of cherries to date, with Union county just starting its cherry harvest. Last year the total was only 600 cars.

The 1932 apple crop is expected to total only 133,254,000 bushels, or two-thirds of last year's production. Washington expects a crop 7 per cent under last year, while Oregon probably will harvest a larger crop, particularly in the Hood River district. Cold storage supplies in the country are said to be practically cleaned up and early new crop apples are starting to move.

The California Gravenstein crop started this week with first prices at \$1.25.

The Gresham district has shipped 35 cars of fresh raspberries to date, despite poor markets, mostly to North Central states. Yields are smaller than first estimated as dry weather has kept yields small.

Northwest apricots are moving now with yield plentiful and prices low, although fair northwest district is in prospect because of light supplies from California. Oregon celery shippers face low priced middle western markets. Some California acreage has been abandoned because of low prices.

## HOME LOAN BILL IN CONFERENCE

Washington, July 13 (AP)—A conference committee of senators and representatives today held the fate of President Hoover's project for a system of home loan discount banks to aid home owners threatened with foreclosure.

The senate tacked on to the measure an amendment authorizing an expansion of nearly \$1,000,000 in the nation's currency. If the conference committee does not eliminate this, Mr. Hoover will veto his own bill.

The senate passed the bill late yesterday. The house approved it several weeks ago, but without the currency provision. This difference made necessary a conference between the two houses.

The home loan measure would set up a system of four banks, somewhat similar to the federal reserve banks, to discount mortgages on home properties. Each bank would have at least \$15,000,000 capital. The federal government would give them up to \$125,000,000 and they could issue bonds to obtain further funds.

The credit made available through the home loan bank bill would reach the home owner or prospective builder after a devious process.

Building and loan associations and other financial institutions would be eligible to subscribe to membership in the four banks. In return they would be given the privilege of discounting at the banks their first mortgages and other paper.

This in turn would increase their working funds and enable them to grant more mortgages or advances, and to adopt a more lenient policy with respect to those already outstanding.

## STANDARD OIL TO BUY RICHFIELD

New York, July 13 (AP)—Reports were current in oil trade circles here today that the Standard Oil Co. of California had made an offer for the Richfield Oil Co. of California and that the Consolidated Oil Corp. had countered by improving its recent offer.

Richfield Oil Co. is now in the hands of its creditors. The Standard Oil Co. of California is said to have conveyed intimations to these creditors that it would be willing to give them upward of \$21,000,000 income bonds of the reorganized Richfield company in exchange for their bonds and claims on the company.

Details as to the reported counter move by Consolidated Oil Corp. were not obtainable here, but Los Angeles advices indicated the company would offer 180,000 to 185,000 shares of its capital stock in exchange.

## VETERANS' SURGEON SHOT BY PATIENT

Washington, July 13 (AP)—Dr. Victor A. Almon, medical officer of the Mount Alto veterans hospital, was shot through the heart and instantly killed today by Frank Castell, former patient in the psychopathic ward.

Castell fired the shot apparently without warning after entering the physician's office at the hospital. He had been awaiting the arrival of another physician in an adjoining hallway. Orderlies seized Castell but he offered no resistance.

He refused to give a reason for the shooting, or answer questions by police.

W. C. Pettyjohn, Karl E. Wenzel and Irvin Selby have been named appraisers of the estate of Cora D. Schwab.

## SEARCH RESUMED FOR LOST INFANT

Minneapolis, July 13 (AP)—National guardsmen by plane and afoot, and civilians continued the search for the missing Leslie Delano of Columbia Heights today, the sixth day since he disappeared.

Under orders of Governor Olson, the national guard company of 100 men and five officers searched in swamps, brush land and along highways in the vicinity of the home of the 29-month-old boy, son of Mr. and Mrs. Ray Delano.

## 100,000 Orangemen Parade at Belfast

Belfast, Northern Ireland, July 13 (AP)—A host of 100,000 Orangemen from Great Britain, Canada and other parts of the British Empire paraded here yesterday in celebration of the anniversary of the battle of the Boyne and proclaimed their loyalty to the king, their belief in the British Empire and their faith in the protestant church.

It was one of the greatest Orange gatherings in history.

Northern Ireland Orangemen passed a resolution reiterating their determination to resist any attempt to force them into the Free State by a union of both parts of Ireland.

## PENNINGTON TALKS, ROTARY ON EDUCATION

Consolidation or no consolidation, organization or not, educational bills must be paid just the same whether by taxpayers or public donations. Dr. Levi Pennington, president of Pacific college at Newberg, told the Rotary club Wednesday noon during a comparison of the educational systems of this country and England where he spent three months last year. Oregon does more for its young people than any other state in the union while the United States does more than four times in proportion that done by its nearest competitor, England, he said. There are 81 of every 1000 persons in college in this country and 15 per 1000 in England.

Cigarette manufacturers in this country do not know anything about advertising in comparison with that carried on by the liquor interests of England, Dr. Pennington said, where \$25,000,000 is spent annually for advertising including even the backs of bus or street car tickets.

England is tremendously interested and misinformed about prohibition in this country and prohibition here at its worst is better than the system used in that country where London arrests three and Glasgow four times the proportionate number here for drunkenness. The English system works better there than it possibly can here because the average Englishman has more regard and better observance of the laws in general than the average American, he said.

"Government control of liquor, as proposed, means the sale of liquor by private enterprise under supervision, but this is nothing other than a saloon and don't let them fool you," Dr. Pennington said. "If liquor is as available as it used to be, come to Newberg and buy my automobile, for it will be for sale, as the highways of Oregon would be unsafe."

Dr. Pennington is convinced that the dole system of England is no solution to the economic situation and present conditions which have resulted from the production of foot-stuffs and enterprises on a scale never before known are described as a "reflection upon the intelligence of the human animal."

## GLASS FATHERS REPEAL MOVE

(Continued from page 1)

hereby repealed.

"The sale of intoxicating liquors within the United States or any territory subject to the jurisdiction thereof for consumption at the place of sale (commonly known as a saloon), and the transportation of intoxicating liquors into any state, territory, district, or possession of the United States in which the manufacture, sale, and transportation of intoxicating liquors are prohibited by law, are hereby prohibited. The congress and the several states, territories, and possessions shall have concurrent power to enforce this article by appropriate legislation."

"Section 2—This article shall be inoperative unless it shall have been ratified as an amendment to the constitution by conventions in the several states, as provided in the constitution. Within seven years from the date of the submission hereof to the states by the congress."

Senator Glass said that under his amendment liquor could be sold at hotels and restaurants in states with no enforcement laws.

Glass announced he would let the repeal resolution lie on the table and attempt to bring it up later, "chiefly to test the good faith and sincerity of the senator from Connecticut and others who have been attempting to test the sincerity of those on this side."

He referred to Senator Bingham, republican, Connecticut, and other advocates of the Bingham beer bill who accused democrats of not adhering to their party platform because they voted against the beer bill.

Senator Bulkeley, democrat, Ohio, an anti-prohibitionist, asked unanimous consent that the senate take up the motion of Senator Wagner, democrat, New York, to discharge the judiciary committee from further consideration of Wagner's resolution to repeal the 18th amendment.

Norris objected to this also, blocking action.

Women interested in kindergarten work are urged by Mrs. George R. K. Moorhead, leader of the radio section of the Salem Branch, American Association of University Women, to listen to a talk by Miss Mignon Goodard of the Oregon Normal school on the topic, "The Relation of the Kindergarten to Primary Education." The talk will be broadcast over station KOAC at 11 o'clock Thursday morning.

## MEIER PLEDGES ASSISTANCE TO LUMBERMEN

Portland, July 13 (AP)—A pledge by Governor Julius L. Meier of executive assistance to Pacific northwest lumbermen in plans for rehabilitation of the industry, was made here today to a committee in charge of the plans headed by C. D. Johnson of Portland.

The governor said he agreed the industry needs organization on a new basis and that he will continue to lend all possible help toward the successful culmination of such plans. He participated in this program last week in communicating with President Hoover regarding best methods of procedure toward the formation of the regulatory corporation now being considered.

Today's meeting was of an executive nature and was closed to the public. Johnson, as chairman, said the morning had been taken up with informal discussions on various phases of the proposed corporation which would curtail ruthless and reckless logging and lumber production and which would control prices to the point where lumbermen could sell at least a price equal to standard costs of production.

Lumbermen from Seattle, Tacoma, Grays Harbor, Longview and from several Oregon points attended the conference.

Johnson said "no motion was taken on any important point. We expect to continue the meeting all afternoon."

He said the lumbermen's program received a setback today in word from Washington, D. C., that the Oregon and Washington delegations had been unable to place their bill legislating price control to the point of production upon the new relief bill which was rushed through the senate last night. Johnson said, however, that the lumbermen are not discouraged. He declared the fight for a reorganization of the industry will be carried on vigorously.

Johnson intimated that some of the lumbermen favor a plan for the industry in Oregon and Washington similar to the Oklahoma oil plan where the state assumes the right to control production when such control is required.

## OVER MILLION IN AUTO FEES

The state highway department will receive \$1,045,576 and counties \$52,788 as the result of automobile license fees during the second quarter of 1932. Hal E. Hoss, secretary of state, announced today. The gross receipts for the quarter were \$1,623,742 of which \$55,377 was expended for administrative expense.

New licenses sold during the period resulted in receipts of \$1,533,285 while last quarter licenses of the previous year brought in \$60,705.
