Once Crippled with Rheumatism

Now A Lively, Spirited Woman—Happy, Cheerful and Gay
What A Victory For HER and for Allenru

It's the bright woman who never gives up—she makes up her mind that rheumatic pain and agony isn't going to cause her a lifetime of misery and unhappiness.
Blinded with common sense, this woman didn't waste but little time fooling with makeshift remedies which bring relief, to be sure—but still keep you a prisoner in the old arm chair—what foolishness.

Clever—this woman was—the learned that uric acid is a poison—that it settles deep in joints and muscles—she learned that these vicious deep seated deposits were the cause of her rheumatic agony and she found something—

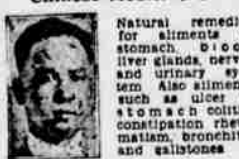

TO REMOVE THE CAUSE
She read about Allenru in the newspaper—This quick acting prescription she learned was guaranteed to start uric acid poison leaving the body in 24 hours—her hope increased as she read further that Allenru would cause pain, agony, distress and swelling to leave in 48 hours—

Keep minded she was—she knew that Allenru was the remedy she wanted and she purchased one \$5 cent bottle—she took it as directed.

When poisonous uric acid left her joints and muscles she was happy once more—lively, active, cheerful again.

The Capital Drug Store and the Salem Drug Store dispense Allenru—so do leading druggists everywhere.
