

BUTTER HOLDS STEADY TONE AT WEEK END

Portland, Ore., Aug. 13 (AP)—Week-end trading in the market for butter continues to reflect a generally steady to firm tone. Undercurrents are showing a somewhat better call but there appears sufficient in sight to take care of needs at current values.

The most serious decrease in arrivals from out of town is shown for recent days together with continued loss in local churning operations.

While the call for undercurrents is excellent, there remains a favorable tone for top grade inasmuch as the loss in this makes for the greatest of all.

Butterfat values continue to strengthen but in general are showing no change.

Market for eggs is showing a very steady tone locally. For the week-end there was no change suggested in quotations either by the local co-ops or by private firms. Some undercurrents continue by outsiders.

Despite the apparent unwillingness of killers to boost their quotations on live stock, the price of dressed broilers, the entire chicken trade is showing a somewhat better undertone.

Very low fish prices are continuing even though the silverside run has entirely subsided along the coast and fishermen are quitting along the Columbia on account of the low bids of canners.

Local potatoes continue to show the best demand in the Portland trade with quality generally quite favorable. Sizes are somewhat better than formerly and this is a considerable aid in marketing.

Very sluggish tone continues in the market for peaches. The California Elberta deal is getting to the end while the local and Yakima deals are just about to start generally. Prices are low all around.

There is an unusually slow movement of Bartlett pears to date. Northwest stock is just starting to market and already values are about as low as they usually go here. It is impossible to move Californian here.

For the week-end there was no change in the market for country killed meats; veal and lamb showing a good and active tone while hogs are steady to a trifle slow in moving.

Beets and carrots appeared steady at the late price range.

Cucumbers were slow but at unchanged prices for both slicing and pickling stock.

MOLALLA RAILROAD STATION TO CLOSE

The Southern Pacific station agency at Molalla will be closed this month, the railroad company informed the public utilities commission today. This is one of several which the Southern Pacific proposed to close this month because of lack of business.

The Oregonian-Union Water Service company today filed with the utilities commission its answer to the Hillsboro complaint protesting against rates and service of the corporation there. The company declared its rates were reasonable and service adequate. Charges of discrimination were denied by the firm.

Salem Markets

Compiled from reports of Salem dealers, for the guidance of Capital Journal readers. (Revised Daily).
