FALL FESTIVAL TO OPEN AT SILVERTON FRIDAY

PET'S PARADE, TREASURE HUNT MAIN FEATURES

Silverton—Everything is in readiness for the opening of Silverton's fall festival Friday and Saturday of this week. Friday night, the Salem American Legion drum corps, winners of the national contest in Portland, will play here as a main feature of the carnival. A reception is being planned in their honor by the Delbert Reeves legion post. Following the parade and concert downtown, a supper will be given for the visiting musicians.

Otto Alm, Ernest Starr, and Fred Cavender, legionnaires, assisted by Hal Campbell, director of the Silverton school band, are making plans for the reception.

The festival commences at 7 o'clock when the windows of all the stores are unveiled. The Salem drum corps escorted by the Silverton band, will parade at 7:30 o'clock from the school ground to Main street, on Main to First street. Both musical groups will play in a concert at the intersection of Main and First streets, the Salem corps playing the numbers which brought them first honors of the land.

The treasure hunt will commence with the unveiling of the windows, and will continue throughout both Friday evening and Saturday.

The auto show, an annual feature, will be both nights in the space marked off for that purpose in the block of Main street between First and Water streets.

There will be no cash prizes for any of the events this year, excepting in the P. T. A. flower and vegetable show. Ribbons will be awarded for the best decorated windows. Ribbons will be awarded the children for their garden exhibits, the ribbons being worth so many points teach. Those making the highest number of points will receive prizes. The particulars will not be announced until the prizes are awarded. Merchandise prizes will be awarded in the pet parade, for the best decorated floats, for the smallest pet entered, for the largest pet, and for the most unusual. The Palace theater will give theater passes to 25 individual winners.

The flower and vegetable show, together with a baked goods display, will be held at 2 o'clock Saturday in the Masonic building. This is under the auspices of the P. T. A. and is a continuation of the Spring flower parade and the garden contest. Miss Hannah Olson is chairman. All children of the first eight grades are eligible for entry. Any flowers, vegetables, or baked goods, grown or made by the children, may be entered in the competition.

The pet parade will form at 2 o'clock on the school grounds. Any child up to 15 may enter. There will be juvenile floats, wagons, toy autos, pets of any kind, walking, or in carriages, and individuals entered. The general festival committee, headed by J. W. Jordan as general chairman, is in direct charge of the parade. The parade will leave at 2:30, the time of march to be down Water street to First, First to Main, and on Main back to the school grounds. The Girl Scouts will assist with the parade formation and along the route.

Special lighting for the evening fun is being arranged by Rufe Bentson. Each merchant who has an establishment in the festival center, on Water street, between Oak and Main streets, and the block of Main to First street, is being asked to prepare a special, large light for Friday and Saturday nights.

DETAILS DEMAND COUNCIL ACTION WOODBURN SOON

Woodburn—The regular meeting of the Woodburn city council was held Tuesday evening. The condition of a sidewalk on North Third street was reported and after some discussion it was ordered upon motion that the street commissioner post notices for the construction of a concrete walk along the property of Charles Black, Charles Dryer and the city of Woodburn.

The matter of shrubbery and rose bushes growing too near fire hydrants and hampering the firemen in their duties was brought up for disposal and it was suggested by City Attorney McCord that an ordinance be passed giving the council uniform control and the matter was referred to the ordiance committee. Mayor Broyles reported that the hedge which had obscured the view at the corner of West Lincoln and Front street had been trimmed.

It was reported that the deed for the Nick Miller property at the corner of First and Garfield streets had been received from the sheriff and placed on record and the recorder was instructed to notify Mr. Miller that the city was now in possession of the property and if he desired to remain as a tenant of the building he should make his wishes known to the council.

A request of F. Brassel to use several city lots adjoining his property on Harrison street for garden next spring was left in the hands of the property committee.

A request from the H. S. Gile company, operators of the juicery, for manufacturers rates on water was presented but no action taken. This, however, precipitated a discussion of water rates in general and some enlightening information was brought out by the several councilmen, city attorney and water superintendent which took up considerable time but resolved itself into a general opinion that the water rates are all right.

The condition of the Bogard building, left as an eyesore by the recent fire, was brought up and it was regarded as a menace to safety in its present condition. However, it was reported that plans are underway for its reconstruction and the matter was left without action. Recorder Beach was given the privilege of taking a short vacation by hiring a man to take his place during his absence.

MORE STUDENTS AT SILVERTON

Silverton—Registration in the three Silverton public schools now is 1,042. Last year, on the second day of school, only 989 were in attendance. Superintendent Robert Goetz expects the present numbers to increase within the week as some young folk are still out of school picking and drying prunes. The figures by schools, are as follows: senior high, 281; junior high, 290; Eugene Field grade school, 471. There are 53 in the beginning classes in this school. The classes in senior high are beginning sophomores, 84; second term sophomores, 32; junior threes, 74; junior fours, 12; senior fives, 42; senior sixes, 29; post graduates, 8.

The talk about towns regarding Silverton's schools closing within seven months is entirely unfounded, is the official statement from the office of Superintendent Goetz. The board has taken no action along that line, and all teachers and principals' contracts are for the regular nine months year. Under the state law, Mr. Goetz explained, schools to receive state and county monies, must hold 160 days of actual school, exclusive of holidays. The rumor started, perhaps, he said, when Portland cut school time to nine months. Portland has always had 10 months of school before so in the nine months will be able to include the required number of days.
