

BONUS ARMY WETS SEE HOOVER

MRS. A. JOLLEY LEADS W.C.T.U. FOR SIXTH YEAR

Portland Woman and Old
Officers Reelected In
Annual Session

Prizes Awarded In State Wide Total Abstinence Contests

Mrs. Ada Jolley, Portland, was re-elected president of the Oregon Woman's Christian Temperance Union for the sixth successive year at the state convention here this morning. Other officers named at the convention, all re-elected, were Mrs. Rachel Ellis, Madras, vice president; Mrs. Frances Swope, Portland, corresponding secretary; Mrs. D. G. Clark, Harrisburg, recording secretary; Mrs. Alice Thomas, Portland, treasurer. While several of the officers were contested, elections were made unanimous by acclamation after the ballots were counted.

PIVOTAL STATE TO HEAR HOOVER

Cleveland, Oct. 13 (AP)—Approximately 20,000 persons are expected by John D. Marshall, chairman of the local committee on arrangements, to gather Saturday night to hear President Hoover's plea for support in this pivotal state.

There will be three separate audiences at the public hall, where his address will be delivered. About 10,000 persons will be seated in the main hall, according to present arrangements, and behind him, in the music hall, will be 5,000 more, mostly republican organization workers. A curtain that ordinarily divides the main hall from the music hall will be raised.

MODERATE RAINS FALLING IN COOS

Portland, Oct. 13 (AP)—Moderate out general rains continued during the night and this morning over western Oregon, extending into the Coos Bay country and as far south as Roseburg, and bringing relief from serious forest fires in that section.

About a quarter of an inch of rain fell on Coos Bay during the night, the first help of consequence fire fighting crews have had since the fires started.

Portland today had received .91 of an inch of rain since the drought was broken.

The weather bureau reported today that occasional rains tonight and Friday were in store for Oregon and Washington, with showers in northern Idaho.

Unrest Gives Roosevelt Edge In Most States Of Rocky Mountain Region

By RAYMOND CLAPPER
Copyright, 1932, by United Press
Washington, Oct. 13 (AP)—Dissatisfaction over economic conditions, causing a desire for a change in administration, marks some western political sentiment today, according to Press national survey.
These reports likewise note the following across currents of reaction:
Disappointment in showing of the west over Roosevelt's move on his recent tour.
A feeling in some places that Roosevelt is perhaps more sympathetic to the farmer than President Hoover.
Roosevelt's audiences in some quarters were lukewarm or curious. He probably benefitted himself in

Good Evening! Sips for Supper By DON UPJOHN

One of our fair readers writes in to tell us that while she likes our column she's getting tired of false teeth. Well, perhaps she should get herself a new pair.

John Marx was seen on our streets yesterday attired in a sou' wester hat and rubber coat. "Looks like a cod liver oil advertisement," opined Ann Fisher.

THE DIVINE AFFLUENT
"We're probably funny," remarks Curt in his Curt Comments. You mean possibly, don't you, Ralph?
"Do you think these Quincy Scott cartoons are getting any better?" Cecil Spencer asked Bill Busick today. "I don't know," remarked Bill. "The only thing I ever look at in the sporting section is Lair Gregory's stuff."

No, Walt Thompson didn't succeed in getting the city umbrella away from the police matron so was wearing the city goloshes, instead. But we'd think the city goloshes would be more beneficial to Shanks.

We got an expected telephone call from Justice Harry Belt today explaining that he and Justice Hand leave their service club five minutes before the speaker finishes every Tuesday because they have to be back at the supreme court building, that being the day to hand down opinions. Now we knew that yesterday. But just thought we'd pass up that explanation in the first place to show the court what a wide read and influential column ours is.

CAPITAL BUSINESS COLLEGE YELL

"asfashewmfp!!!!"
"We debit 'em and credit 'em. Raw, raw, raw!"
"Now is the time for all good men to come to the aid of the party."

That was sure a nice rain yesterday. We walked around in it with our hat off and were never out in such a nice rain before for us in the district.

Gardner Knapp, official football announcer at Willamette, is looking ahead to an easy season. All a football announcer has left to do this year is to announce substitutions and penalties.

CHICKEN MARATHON

Lieut. Walt Lansing and Chief Frank Minto last night staged a chicken eating contest at the house of Officer George Edwards, Mrs. Edwards cooking the chickens. The contest was on a challenge from Lansing to Minto. Lansing participants say he won, that he ate four out of six chickens furnished, drank a gallon and a half of coffee and then went out and ate nine milk nicks. Minto backers claim he won, that he ate five out of the six chickens and half a cake for a chaser. Out of a mass of conflicting reports the nearest we can get to the truth is that George Edwards sat down and ate more chicken than the two others put together. George lost count on the number of chickens he ate and has to start all over.

BANK BANDITS USE GIRLS AS SHIELDS

Grand Island, Neb., Oct. 13 (AP)—A band of daring bandits raided the Nebraska National bank here today, took \$25,000 in cash and currency and fled, forcing girl stenographers to stand on the running board of their car to shield them from possible gunfire.

The frightened stenographers were ordered off the car a block and a half from the bank.

The states in today's section of the survey went in a block for President Hoover four years ago. Governor Roosevelt, against the advice of his political managers insisted upon visiting many of them on his recent swing to the coast. The reaction to this tour crops out repeatedly.

HOOVER LAYS COURT BLOCK CORNERSTONE

New Home of Supreme
Court Dedicated In Dis-
tinguished Audience

Davis Delivers Address On Behalf of Bar and Justice Hughes Replies

Washington, Oct. 13 (AP)—In the presence of a distinguished audience of the judiciary and the American Bar association, the cornerstone for the new home of the supreme court of the United States was laid today with President Hoover officiating.

After he had handed the tiny trowel while rain fell softly, he passed it to Chief Justice Hughes, who also dabbed mortar on the huge marble stone, and then stepped aside for Guy A. Thompson, of St. Louis, president of the bar association, to do the same.

Beginning while John W. Davis was delivering an address on behalf of the bar to "be supreme court, the drizzle continued throughout the brief ceremony held across the plaza fronting the capitol.

All members of the supreme court save Louis D. Brandeis were present. Aged 76, he stayed away because he feared the chill weather.

Attorneys attending the annual meeting of the American Bar association composed the larger part of the audience that watched the ceremony at the partially completed structure.

Among them were Frank B. Kellogg, former secretary of state, the (Continued on page 11, column 5)

SMITH TO STUMP FOR ROOSEVELT

New York, Oct. 13 (AP)—A tentative schedule under which former Governor Alfred E. Smith would make six speeches in behalf of democratic state and national tickets in New England, New Jersey and New York state, was announced at his office today.

The first announcement was merely that the speeches would be made, but this was shortly followed by another statement the whole program was still only tentative.

Smith's first speech, under the tentative program, will be delivered in Tammany Hall, etc.

His first address will be delivered in Tammany Hall, New York City, on October 19, the announcement said. The next date, tentatively set, awaiting word whether the army can be obtained that night, is October 24 in Newark, N. J.

Former Governor Smith is scheduled to go into New England October 27, making speeches in Boston, and Providence, Rhode Island, that day. Another speech is to be made October 28 somewhere in the Albany district, possibly in Albany or Troy, N. Y. The final address, listed in the announcement is set for Buffalo on October 29.

Li Yi-Hsun, staff officer of the Manchukuo privy council, was mortally wounded today when he was hacked with an axe while at dinner by Gen. Chen Shieh-Yuan, who succeeded General Ma Chan-Shan as governor of the Heilongjiang province. General Chen is also a member of the privy council. He accused Li of forcing him to resign the governorship.

Avalanche of Men Plunged Down Siphon

Los Angeles, Oct. 13 (AP)—In inky blackness, a human avalanche plunged down a steeply inclined steel tube segment of the Los Angeles aqueduct 150 miles north of here early today and 16 workmen were injured, some seriously.

Nine feet in diameter, the tube is a siphon in the aqueduct at Grapevine canyon—a wild and lonely spot.

The men were strung out down the first hundred feet on the 900 foot slope, chipping and scraping the interior of the python-like siphon. A man at the top slipped and fell. He struck the next man below, the lights went out and the avalanche started.

Sharp tools mixed in with the shouting, struggling mass of men as they slid to the bottom. Some men plunged several hundred feet.

Fellow workmen who had not entered the tube went to the rescue.

INSULL CLINGS TO PASSPORT

Athens, Greece, Oct. 13 (AP)—Samuel Insull refused to surrender his passport this afternoon when Edwin A. Platt, United States consul, called at his hotel and made a second request for the document.

On Platt's earlier visit, the Chicago utilities man, sought for his extradition on embezzlement and larceny charges, sparred for time and asked Platt to call again.

Washington, Oct. 13 (AP)—Although Samuel Insull, Sr., refused to surrender his passport to American consul at Athens, state department officials remained confident today they had maneuvered the former utilities magnate into a position assuring his eventual return to this country to face embezzlement charges.

While Insull retains actual physical possession of his passport, officials held that the mere fact that the state department had requested its surrender would make it impossible for Insull to flee from Greece to any other country. Remaining in Greece, he faced two alternatives, according to officials:

1.—Extradition to this country when the Greco-American extradition treaty is formally promulgated.
2.—Deportation by Greece to another country. In this event, officials felt confident he would be deported to some country with which the United States already has an extradition treaty.

THOMAS ATTACKS CAPITALISTIC SYSTEM

Cheyenne, Wyo., Oct. 13 (AP)—Norman Thomas, socialist candidate for the presidency of the United States, attacked the capitalistic system at Cheyenne today, before 1000 persons here last night and declared that socialism "is the only hope of the country to prevent a dark age such as followed the downfall of imperial Rome."

"Capitalism itself has proven it will not work," Thomas said. "Internal contradictions are causing the death of capitalism and the country is drifting toward a new era—a war of capitalistic socialism."

"The country wants a war—but it must be a war against poverty," he said. The socialist candidate criticized the two major political parties for "failure to offer a practical plan of recovery from the present economic crisis," and asserted that socialism offered the only real method of alleviating the depression.

Thomas was scheduled to speak at Boulder and Denver, Colo., today.

GLEN FABRICK OF MEDFORD KILLED

Medford, Ore., Oct. 13 (AP)—Glenn Fabrick, Sr., 55, prominent Medford businessman, was killed while hunting deer near Butte Falls early today.

U. S. HARD HIT BY NEW TARIFF NOW EFFECTIVE

Drastic Change In Canada
Cut Millions From
American Trade

Farm and Factory Feel Thrust Due to Smoot- Hawley Act

Ottawa, Ont., Oct. 13 (AP)—Drastic tariff changes expected to eliminate from \$75,000,000 to \$150,000,000 in sales by the United States to this country went into effect today.

They affect agricultural and manufactured product exports from all sections of the United States, and accordingly all wage earners dependent upon such exports. The business, it is intended, will be transferred to members of the British commonwealth of nations.

The new rates, including some of the most radical schedule changes in this country's history, were drawn up during the Ottawa imperial economic conference. They are the result of agitation which became widespread with passage of the Smoot-Hawley tariff act in the United States more than two years ago, which Canadians and others said reduced their market.

The principal products affected are:

Iron and steel, agricultural, textiles, chemicals, drugs, glass, automobiles, tobacco, vegetable oils, leather, canned fruit, toilet accessories, aluminum products, asphalt, rubber boots and shoes, China and porcelain ware, electrical apparatus such as radios, anthracite coal, and others of lesser importance.

More restrictions on United States exports are to come, these from Great Britain and other empires.

ROOSEVELT WILL SPEAK TONIGHT

Albany, N. Y., Oct. 13 (AP)—Governor Franklin D. Roosevelt was ready today to discuss before a nationwide audience some aspects of the question of relief.

In a radio address at 10 o'clock, Eastern Standard time, tonight, he will talk on a series of questions which ten executives of welfare organizations submitted to candidates for the presidency. In substance, the questions are:

Do you favor a substantial increase in federal relief outlays during the economic emergency?
Do you favor substantially increased works appropriations to aid employment?
Do you favor unemployment insurance reserves made compulsory by the states?
Do you favor strengthening the children's bureau of labor department?

Do you favor a higher age requirement for children leaving school?
In connection with the forthcoming speech, an utterance in his acceptance address at Chicago on July 2 was recalled.

"I say," he declared, "that while the primary responsibility of relief rests with localities, yet the federal government always had and still has a continuing responsibility for the public welfare. It will soon fill that responsibility."

Mountain Climber Dies In Accidental Plunge From Peak Of Pyramid

Cairo, Egypt, Oct. 13 (AP)—Elbridge Rand Herron, an American mountain climber, slipped and plunged to instant death from the top of the great pyramid today while he was trying to climb the ancient monument, one of the seven wonders of the world.

Nut Growers Deny Fear Of Roosevelt Or Tariff Policies

Association Manager Asserts Oregonian Writer
Misrepresentation and Twisted
Views; Protection for Farm Products Dem-
ocratic Pledge

By HARRY N. CRAIN

Officers and members of the North Pacific Nut Growers association, made the goats of republican propaganda inspired by desperation for the Hoover cause, are resentful of their implied antagonism to the presidential candidacy of Franklin Roosevelt and to the

a hand in the political game contained in a signed political article in this morning's Oregonian.

Asserting that his position had been misrepresented in the Oregonian story by the implication that because he favors "continuation of a tariff duty on nut imports" he is fearful of the results to the nut industry if Roosevelt is elected, W. H. Bentley, manager of the association, informed the Capital Journal today that:

"I have no fear that there will be any change in the agricultural tariff if a democrat is elected. I did tell the Oregonian writer that we still stand for a tariff on nuts, but conclusions were drawn in the article that were never intended. The writer put an entirely different twist to my words than I intended."

Mr. Bentley said that when he was in Washington seeking impos-

BAR DEMANDS CUT IN COSTS

Washington, Oct. 13 (AP)—Elimination of nepotism and reduction of the cost of federal, state and municipal government were urged today in a report submitted to the American Bar association by its commerce committee.

The committee denounced government encroachment on private business in requesting the association use its influence in support of a sound public policy which would:

1.—Reduce all government costs, whether federal, state or municipal.
2.—Reduce the number of government employees.
3.—Eliminate nepotism, gratuities, "special buying privileges of government officers and employees from government stores, naval stores and the like; junkies and the thousand and one grafts, petty and otherwise, which prostrate the public service and impoverish the treasury."
4.—Eliminate the franking privilege except when confined strictly to public business.
5.—Eliminate government businesses and services which come in direct competition with the private business of citizens.

FIRE PREVENTION BANS TAKEN OFF

Portland, Oct. 13 (AP)—Rain that laved the parched lands of northwest Oregon and coastal Washington has resulted in forest fire prevention bans in national forests within the area being lifted, forest headquarters has announced.

"No smoking" signs in Mt. Hood national forest have been taken down and closed areas opened to hunters and campers as the result of drenching of the area by over an inch of rain Wednesday.

Mountain Climber Dies In Accidental Plunge From Peak Of Pyramid

Cairo, Egypt, Oct. 13 (AP)—Elbridge Rand Herron, an American mountain climber, slipped and plunged to instant death from the top of the great pyramid today while he was trying to climb the ancient monument, one of the seven wonders of the world.

DELEGATION OF B.E.F. RECEIVED BY PRESIDENT

Petition Left With Hines
Censuring Forceful
Eviction by Troops

Pledged Allegiance to Government and De- mand Clothing, Food

Washington, Oct. 13 (AP)—President Hoover today received personally a delegation from the Bonus Expeditionary Force, after its leader, Hoke Smith, had conferred for more than an hour with one of the president's secretaries.

Frank T. Hines, director of veterans' affairs, stood beside the chief executive's desk as the B. E. F. delegation filed into Mr. Hoover's private office. Those in the lobby outside could hear the president say: "Gentlemen, I am glad to see you."

Smith placed upon the president's desk a petition asking that members of the B. E. F. be given clothing, food, blankets and a food allowance of not less than 15 cents a day.

Two women were in the delegation. "We were received by the president and shown every courtesy," (Continued on page 10, column 5)

TROOPS ROUT MORO BANDITS

Jolo, P. I., Oct. 13 (AP)—In fierce fighting today the highly trained Philippine constabulary routed warlike Moro outlaws from their fortified village of Tayungan. One constabularyman and six Moros were known to have been killed.

After three days of fruitless negotiation to obtain surrender of the outlaw leaders, 60 constabularymen attacked the entrenched Sulan at 7 a.m. Hand grenades, rifles and bolt action rifles in the fighting which lasted until 3 p.m.

The natives fled their village, in which 400 warriors, women and children had taken refuge, shortly after the constabulary attacked. Scattering, the Moros continued sniping for hours. Another battle was expected tomorrow.

SLAYER OF WOMEN LYNCHED IN HARBIN

Harbin, Manchuria, Oct. 13 (AP)—An unforgotten crowd last night lynched the Chinese bandit accused of killing Mrs. C. T. Woodruff, an Englishwoman, yesterday, as she tried to prevent the kidnapping of her three children.

The bandit was strung up on a tree where the kidnapping occurred. Later his head was cut off and stuck up upon a pole as an example.

CENTRAL OREGON DROUTH BROKEN

Bend, Ore., Oct. 13 (AP)—The long drought was broken in the high country of central Oregon last night, although not a drop of rain fell in Bend. Forest service lookouts along the Cascades reported from 19 of an inch of rain to scanty showers during the night.

Heaviest rain was reported on the western border, with 19 at Broken Top and 18 at Black Butte. Sisters recorded .13 of an inch and a fairly heavy rain fell and the fall at Round Mountain was similar. At Crane Prairie, where water killed timber is being burned, the rain was not heavy enough to interfere with burning operations inside the fire lines.

SAVED FROM MOROS

Manila, P. I., Oct. 13 (AP)—Provincial Governor Arthur Spiller and the provincial superintendent of schools, K. W. Chapman, were saved from Moro tribesmen defying insular authorities at Tayungan, the Manila Herald reported today. Native police drove off the Moros, the report said.
