

BUTTER, MAINT REMAINS FIRM ALONG COAST

Portland, Nov. 21 (AP)—While there was no change in general quotations, the market for butter reflected at least strength. Demand continues chiefly for the under-grades. Butterfat values continue mixed but generally unchanged.

Extreme lowness of the turkey market has caused receivers to discourage live chicken receipts and the present supply is scant.

Most of the arrivals of dressed ducks and geese to date have been of poor to ordinary quality.

Carloads of Oregon cauliflower are being sold in New York as a result of the small yields of Long Island stock available.

With rather heavy arrivals of outdoor stock from California and lower prices prevailing there, some weakness and price loss is suggested in the market for both to-morrow here.

Potatoes continue to show strength at primary points. Well held here.

26 CENTS PAID FOR LOCAL HOPS

Sale of 281 bales of hops at 26 cents a pound and predictions that the hop market would go to 30 cents by the end of the present week were features of today's hop situation.

Hops moved freely at 25 cents in Saturday's business among sales reported being 48 bales from Portland to Lively, 56 bales from Powder at Wheatland to Lively, 18 bales from Sandgate and 15 bales from Hunt, both at Eugene, to Lively, all at 25 cents.

The 281 bale sale was well authenticated at the 26 cent price but names of those handling it were not revealed and it was understood to be a dealers' transaction.

There seemed to be nothing in the offering as the week opened to weaken the market in any way and it seemed to be set for strengthening as the week advanced.

Salem Markets

Compiled from reports of Salem dealers, for the guidance of Capital Journal readers. (Revised Daily).

Wheat, No. 2 white 42c; red sacked 40c bushel. Feed oats \$14 ton; milling oats \$20 ton; feed barley \$14 ton.

Dressed meats: Top veal 6 cents lb; rough heavy 5 cents; top hogs 12c 1/2 lb; other grades 3-4c lb.

TODAY'S MARKET QUOTATIONS

Table with columns for 'New York Stocks' and 'Closing Quotations'. Lists various stocks like American Locomotive, Am. Rad. & Saint Anthony, etc.

Table with columns for 'Portland, Nov. 21 (AP)—Cattle' and 'Hogs'. Lists prices for different grades of cattle and hogs.

Table with columns for 'Portland, Nov. 21 (AP)—These are prices of various commodities'. Lists prices for items like flour, sugar, and other goods.

TURKEY PRICES DROP TO 19 CENTS TRADE WEAKER

Portland, Nov. 21 (AP)—The turkey market appeared to break here today when one large store advertised No. 1 stock to consumers at 19c a pound.

The big call has been for small hens and small toms. No 13 turkeys have been quoted around 13 to 14 cents, with medium sorts and larger ones even of quality, no higher than 16 to 18 cents generally.

There is a fair movement of ducks and one small shipment of dressed geese, the former ruling to 18 and 20 cents a pound, and the latter at 14 to 16 cents.

Leading dealers today had this to say of the Portland turkey market: Northwest Poultry and Dairy Products Co.—We have withdrawn from the market and are now only nominally interested.

United Poultry—We have made very heavy last minute shipments to California by truck.

Continuation of LICENSE FEES (from page one) third counties, to which accrue one-third of the license fee money but none of the gasoline tax money.

The comparative small margin of profit by such the complicated West truck and regulatory bill was defeated at the election just passed does not mean that the question of truck and bus regulation and taxation is dead or even sleeping.

Production is predicted to run about 15 per cent below last year. So far it has been averaging about 10 per cent below the year.

San Francisco livestock market active, butchers 10c higher than Friday at Saturday, Nov. 21. Cattle 60c, dull, killing quality plain, heavy, low active, butchers 10c higher than Friday at Saturday, Nov. 21.

Portland, Nov. 21 (AP)—Wheat futures open high low close Dec. 43 43 43 43; May 48 48 48 48; July 51 51 51 51.

Silverton Hops Go At 23 Cent Figure

Silverton—Sixty-three bales of hops were sold locally Friday at 23 cents, the high price yet paid here.

Chicago, Nov. 21 (AP)—Despite 1,768,000 bushels decrease in the United States wheat visible supply total, wheat prices today weakened under persistent December liquidation.

Wheat closed unsettled, 3/4c under Saturday's finish, corn unchanged to 1/4c off, and provisions down to a shade advance.

Downturns in grain prices early today accompanied fresh setbacks in British exchange and some renewal of talk about further liquidation of Chicago December wheat contracts.

Now, with anti-prohibitionists in the ascendancy and with democrats taking control in Washington, there was expected the chief load would be carried by someone else.

The California wine pool has on hand a supply sufficient to provide for the estimated American market for three years, according to those familiar with it.

Aurora Health Work Will Be Continued

Aurora—Several women interested in the health work and clinics held in Aurora, met at the home of Mrs. A. L. Strickland for the annual reports and election of officers.

The following officers and committees were elected and appointed to carry on the work for the ensuing year: Mrs. Arthur Strickland, president; Mrs. Alfred Knorr, vice-president; Mrs. Amelia Grimm, secretary and treasurer; doctor's committee, Mrs. Amelia Grimm and Mrs. Clara Ottaway; working committee, Mrs. Vera Brodrie, Mrs. Olga McCallister, Mrs. Hunt, Mrs. Atkinson and Mrs. Wurstler; cleaning committee, Mrs. Retta Evans, Mrs. Bertha Evans and Mrs. George Eblen.

CONSENT DECREE FILED IN RADIO ANTI-TRUST SUIT

Wilmington Del., Nov. 21 (AP)—Complete divorcement of the General Electric company and the Westinghouse Electric and Manufacturing company from Radio Corporation of America was ordered today by the federal court of Delaware in a consent decree filed by the government in its anti-trust suit against the radio equipment companies.

At the same time, the court ended the long drawn out suit by enjoining the defendants from attempting to restrain trade by means of patent licenses or similar devices in violation of the anti-trust law.

The government suit, filed in the spring of 1930, was to have gone to trial last week, but was postponed when it was announced that Judge John R. Neils had peace proposals had been presented by the defendants on Nov. 11.

General Electric and Westinghouse, which own a controlling interest in Radio Corporation of America, are ordered to divest themselves of their stock holdings, and while this is being brought about defendants are forbidden to exercise the voting rights of their stock.

The defendants are enjoined also from further exercising or enforcing the exclusive provision of their patent cross licensing agreements, which the government complained eliminated competition and hampered the development of other concerns in the radio business.

The defendant corporations are given 30 months to secure modifications of their contracts with foreign governments or corporations to conform with the court's decree.

Washington, Nov. 21 (AP)—New capital which will permit Nevada closed banks to reopen shortly has been secured, officials said. The reconstruction finance corporation said today after reports had been received from corporation representatives in Reno.

BEER AND WINE INDUSTRY GETS LOBBY IN FIELD

Washington, Nov. 21 (AP)—The American beer and wine industry is organizing to keep out foreign products in event of prohibition modification.

Active lobbying already has started. It is the hope of wine interests particularly that modification will be restricted to permit only beverages made from American agricultural products.

Who interests already are active on Capitol Hill. It is expected they will have active lobbying going full blast shortly. Mabel Walker Willebrandt, who represents Fruit Industries, Ltd., in its home marketing of grapes concentrates, while still under contract is not expected to be as active in the modification movement.

Now, with anti-prohibitionists in the ascendancy and with democrats taking control in Washington, there was expected the chief load would be carried by someone else.

The California wine pool has on hand a supply sufficient to provide for the estimated American market for three years, according to those familiar with it.

STOCK MARKET FLUCTUATES IN DULL TURNOVER

New York, Nov. 21 (AP)—The stock market fluctuated aimlessly in dull turnover today on the eve of the meeting at Washington between President-Elect Roosevelt and President Hoover on the war debt question.

A wide break in Radio Corporation issues unsettled the list for a time but near the close some covering developed and leaders rallied to within fractions of the previous close. Losses were about balanced off by small gains.

The break in radio shares was attributed to signing of a consent decree in the government's suit against Radio Corp., General Electric and Westinghouse Electric. The decree provides dismissal of those companies' orders to divest themselves of their stock holdings, and while this is being brought about defendants are forbidden to exercise the voting rights of their stock.

The defendant corporations are given 30 months to secure modifications of their contracts with foreign governments or corporations to conform with the court's decree.

Washington, Nov. 21 (AP)—New capital which will permit Nevada closed banks to reopen shortly has been secured, officials said. The reconstruction finance corporation said today after reports had been received from corporation representatives in Reno.

Other negotiations under way for the past 10 days have been successful, officials said. Reports received were indicated that depositors of some banks had agreed to adopt a "waiver plan," which would assure the bank that no deposits would be withdrawn for a specific time and when withdrawals start, a stagger plan would be followed.

The plan virtually "freezes" deposits until the end of the year, after which the corporation officials said the corporation is ready to loan to banks, "every dollar that can legally be loaned." Corporation representatives at work in Nevada are following the same banking method, recently in Idaho to reopen the First National bank of Boise and nine affiliates.

Hubbard—The "Jade Necklace" was presented by members of the senior and junior classes at the city hall Friday night to a large house. The play, a three act mystery, was directed by Mrs. Adeline Fields of the high school faculty. Students taking part in the play were: Marjorie Wolfner, Anna Klien, Jack Moomaw, John Schell, Helen Paulsen, Marion Carl, Betty Brown and Dorothy McKey. The audience was enthusiastic in applause.

Between the acts there were special numbers by the girls' glee club also under the direction of Mrs. Fields. Others assisting to make the presentation a success were: Mrs. Hatzler, prompter; Elvia Rich, stage manager; Garfield Vogel, assistant stage manager; Leah Kromling, property manager; Ruth Coleman, costume manager; Crawford Bates and Bill Hendry, business managers.

Mission Bottom—The Mission Bottom P. T. A. voted to send its appropriation to the Marion County association, and to hold a cup shower at the next regular meeting Friday evening at the school house. A discussion of plans for the coming year, and singing of old time songs concluded the meeting. Refreshments were served by the committee.

Only a small group were present as there is considerable sickness in the neighborhood. The cup shower to be held December 16 will be for each member to bring a cup to be given to the P. T. A. for use at the refreshment hour. It is hoped that the cup will be its own and not have to be brought from home each time. The purpose of the shower is to eliminate this nuisance.

Continuation of LICENSE FEES (from page one)

third counties, to which accrue one-third of the license fee money but none of the gasoline tax money. A 50-per cent reduction in license fees would cut the road money of the counties, outside of that derived from direct taxes, in half, and many of them are financing road bond obligations out of these fees.

In the entire discussion of the problem to date one factor has been overlooked which will probably figure in an important way in whatever action the legislature takes. That is the possibility of compensation county and state road funds to some extent for losses due to license fee reductions by increasing the charges upon trucks, buses and other commercial carriers.

The comparatively small margin of profit by such the complicated West truck and regulatory bill was defeated at the election just passed does not mean that the question of truck and bus regulation and taxation is dead or even sleeping.

Production is predicted to run about 15 per cent below last year. So far it has been averaging about 10 per cent below the year.

NABS GLASSES OF POOR GIRL

Every now and then "the meanest man" makes a visit to some city or other but it is seldom that a female of the species makes an appearance as apparently she did here Saturday, in the opinion of Mrs. Elizabeth Gallagher, secretary of the Y. W. C. A.

An unnamed young woman, of poor circumstances, visited the washroom at the Y. W. C. A. rooms Saturday and removed her gold-rimmed eye-glasses, when she went to put them on they were missing. The young woman is partially blind and is unable to work without her glasses and does not have sufficient money to purchase another pair as the finances of the family are extremely low and her work is not very remunerative.

Because of the nature of the glasses it is probable that they were taken solely for their gold rims. The young woman called upon Mrs. Gallagher again Monday in the hopes that some one might have picked up the glasses by mistake. Her eyes were badly swollen from excessive crying over the week-end and she must have another pair before she can return to work. If the person who took the glasses will return them to the Y. W. C. A. rooms no questions will be asked by Mrs. Gallagher, who will see that they are returned to the owner.

Independence Card Club Entertained Independence—Mr. and Mrs. E. E. Addison were hosts to the Kill Kare club Friday evening at their home on Third street, following a no-host turkey dinner. Cards were played, Mrs. J. G. McIntosh winning high score for the women and W. H. Cogle for the men. Mrs. Addison was assisted by Mrs. H. C. Cogle, and a short business meeting was held at the close. Mrs. O. D. Butler was special guest of the evening.

Members of the club are Mr. and Mrs. Elmer E. Addison, Mr. and Mrs. Harrison H. Brandt, Mr. and Mrs. C. O. Sloper, Mr. and Mrs. James S. Robbie, Mr. and Mrs. P. L. Hedges, Mr. and Mrs. W. H. Cogle, Mr. and Mrs. B. F. Swope, Mrs. C. D. Calbreath, Mrs. W. H. Walker, Mr. and Mrs. Grover C. Mattison, Mr. and Mrs. J. G. McIntosh.

The latest survey shows that only 715 persons in the United States and Canada are both deaf and blind.

The National Whirligig

News Behind the News By Paul Mallon (Continued from Page 4)

the responsibility for initiating revenue raising measures. It may prove to be better politics to have the democrats decide how the budget should be balanced.

Likewise beer was not a part of the republican platform. Dr. Hays indeed passed the word Mr. Hoover would veto such a bill. On that subject at any rate the treasury will undoubtedly let the democrats take the reins.

The heart beats of business suggest to the wise men of Washington that we may have a comparatively strong final quarter for the year.

Production is predicted to run about 15 per cent below last year. So far it has been averaging about 10 per cent below the year.
