How to Make Better Cough Remedy Than You Can Buy

Saves You \$2, and It's So Easy! No Cooking!

Cough medicines usually contain a large quantity of plain sugar—a good ingredient, but one which you can easily make at home. Take 2 cups of granulated sugar and 1 cup of water, and stir a few moments until dissolved. No cooking! No trouble at all. These get from your druggist 25¢, pour it into a pint bottle, and add your syrup. This gives you a full pint of truly wonderful cough remedy, far better than anything you could buy ready-made. It lasts a long time, never spoils, and saves two-thirds of the money a family usually spends on cough remedies. Children love its taste. This is positively the most effective, quick-acting cough remedy that money could buy. Instantly, you feel it penetrating the air passages. It loosens the germ-laden phlegm, soothes and heals the inflamed membranes, and makes breathing easy. You've never seen its equal for prompt, lasting results.

Pinex is a highly concentrated compound of Norway Pine, the most reliable healing agent for severe coughs. It is guaranteed to please you, or money refunded.
