COLDS GO THROUGH 3 STAGES!

And They are Far Easier Stopped in the First than in the Second or Third!

A cold ordinarily passes through three stages—the dry Stage, the first 24 hours; the Watery Secretion Stage, from 1 to 3 days; and the Mucous Secretion Stage. Relief is twice as easy in the first stage.

For prompt relief take a couple of Grove's Laxative Bromo Quinine immediately upon catching cold. This will usually expel the cold overnight and thus prevent the spread of the infection within your system.

Grove's Laxative Bromo Quinine is effective because it does the four things necessary. It opens the bowels, Kills the cold germs and fever in the system, Relieves the headache and grippy feeling, Tones the entire system and fortifies against further attack.

Grove's Laxative Bromo Quinine contains nothing harmful. May be safely taken by young and old and whether you stay indoors or go out. There is absolutely no penalty attached to its use. For more than 40 years it has been the standard cold and grippe tablet of the world, the formula keeping pace with Modern Medicine. Grove's Laxative Bromo Quinine now comes in two sizes—30c and 50c. Get yourself a package today and be ready for any cold that may come along. Say "NO" to a substitute!

NOTE: During Epidemics a tablet or two of Grove's Laxative Bromo Quinine every morning and night will do much to keep your system immune. adv.

Warns Women Against Crude Disinfectants For Personal Hygiene

Caustic poisons and disinfectants that are properly used to clean out drains or exterminate vermin have no place in personal hygiene.

Women who would never dream of putting such chemicals in their stomachs, do not hesitate to use them on other vital tissues that are just as delicate. Such a practice is dangerous in the extreme and should be discouraged.

Whatever you wish to use a germicide for marriage hygiene, simply ask yourself this question: Would I dare DRINK it? Of course you wouldn't, so don't use it.

Use instead the safe antiseptic that sufferers from bad breath actually can and do DRINK—Kojene. Then you will know you are playing safe. So be warned in time. For your health's sake, insist on Kojene. You can get it at PERRY'S DRUG STORE or any other first-class drug-store. —adv.
