

LOCALS

Small boys who are flying certain advertising kites are cautioned by W. M. Hamilton, manager of the P. G. E. company, against participating in the pastime too close to power lines, particularly when many of the kites are being flown with what is known as tinsel string. This string, Hamilton says, acts almost as a wire. In conducting electricity and there is the possibility of serious injury. Hamilton does not want to dampen the enthusiasm of the kite fliers nor duty alarm parents, but merely asks that ordinary precaution be taken by the boys. Last year, it is pointed out, a boy flying a kite in the north central part of the city, was knocked unconscious when the string of the tinsel variety, came in contact with a high voltage wire.

In the case of Mary Davie against S. M. Endicott, executrix of the estate of Cornelia A. Davis, an amended bill has been filed by the plaintiff as a defense and that the defendant was fully paid for her services during the life of the decedent. The plaintiff sued the es-

F. D.'S PLAN TO GIVE WORK IN OREGON FORESTS

Portland, March 21 (AP)—President Roosevelt's unemployment relief plan, outlined today to congress, would put several thousand men to work in the national forests of Oregon and Washington, according to C. J. Buck, regional forester.

Ground work for setting up a relief work organization has been laid in anticipation of such legislation, he said. Roosevelt's program embraces a "civilian army" of 250,000 men to begin work by early summer at reforestation.

The amount of work to be done will be governed by the amount of funds available. Buck said. First work will be on the lower levels in the upper Willamette valley, on the coast, and in the Puget Sound area. One of the chief objects sought will be fire protection. Snags will be removed along main highways and on connecting ridges, fire lanes constructed around summer camps and recreation grounds, and roads and trails developed. In addition new roads will be opened and water systems will be installed and sanitary provisions made.

Transportation and communication facilities will be increased, telephone lines rehabilitated, lookout towers constructed, and ranger stations erected.

DOCTORS HAIL BEER'S RETURN

Dallas, Tex., March 2 (AP)—Beer of 3.2 percent alcoholic content was approved today by representative delegates to the fourth congress of the Pan-American Medical association. Noted medical authorities, polled at random and speaking from the viewpoint of specialists, were enthusiastic in commending Congress for its beer act.

The congress opens officially today. Representative comment interviewed specialists:

Dr. Joseph J. Eller of Columbia university college of physicians and surgeons: "America has become a country of hard liquor drinkers. I am glad to see the return of beer and wine, which I regard as a temperance move."

Dr. Julius J. Valentine, professor of surgery, New York Polytechnic Medical school and hospital: "The action of congress will make the people happy. Beer and wine won't hurt them, I'm glad to see it back."

Dr. Manuel Gomez Perales, official representative of the government of Tamaulipas, Mex.: "Better if congress had made it 5 percent."

SCHOOL CELEBRATES SALEM'S VICTORY

Salem high school's basketball team which won the state championship by defeating Lincoln high of Portland last Saturday night in the final game of the 14th annual tournament was celebrated by the student body Tuesday afternoon.

The last period of the day was devoted to a rally in the auditorium, where the 27-pound bronze trophy, emblematic of the state championship was formally turned over to the school. The assembly was followed by a half hour of dancing in the gymnasium while a noise parade was scheduled for the downtown streets late in the afternoon.

Fred Wolpert, who was winning on a banquet in honor of the players and Coach Huntington. This dinner will probably be held Thursday night in one of the downtown restaurants. It will be entirely informal and the players will not be embarrassed by being called upon for speeches.

ALBANY SELECTED FOR COLLEGE MEET

Portland, March 21 (AP)—Oregon's independent colleges will hold their 27th conference at Albany college, Edward L. Clark of the Oregon Institute of Technology, president, announced here today.

Institutions affiliated include Albany college, Eugene Bible university, Linfield college, Oregon Institute of Technology, Pacific university, Reed college and Willamette university.

Speakers include Professor James T. Matthews, Professor S. B. Laughlin and President Carl G. Doney of Willamette; Professor Harold S. Tuttle, Dr. E. J. Anderson and Professor J. E. Storey of Linfield; and Professor A. A. Knowlton and Dr. Norman F. Coleman of Reed.

A long string of cases were set for consideration today in Judge Lewelling's court taking it up into May. The cases set were as follows: 5th, DeQuire vs. Lamberson; 5th, Edlund vs. Battleson; 6th, Heldecke estate; 7th, Sather vs. Anderson; 10th, Taylor vs. Rochardson; 12th, Steinbock vs. Steinbock; 14th, Credit Service company vs. Cherry City Milling company; 17th, Paulus vs. Paulus; 19th, West vs. Kafoury; 20th, Burbank vs. Hart; May 1, Stayton Realty company vs. Kearns; 3rd, Hewitt vs. Central Public Service corporation; 4th, Falst vs. Falst; 5th, Northwest Adjustment company vs. Hartman; 10th, Bunning vs. Breniano.

Circuit Judge Lewelling this afternoon granted decree of divorce to Cleo Loussett of Eugene. E. Loessett on grounds of desertion. The case of Verna Walker against Ray C. Walker was also on the docket for a default decree.

Feline and Rat Feast Together

New Castle, Pa., March 21 (AP)—If the Pied Piper ever gets around to New Castle and goes to work, he probably will find a cat among his followers.

The cat lives in a food store. A city employe who threw her a piece of bread was startled a few minutes later by seeing the feline chewing one end of the crust and a rat eating the other end.

COURT ORDERS NEW TRIAL IN TRESPASS CASE

The appeal of Oldenburg and Lillian B. Oldenburg from the decision of Judge Gale S. Hill of Marion county circuit court, who dismissed the case of the Oldenburgs vs. Benjamin L. and Mabel Claggett, a proceeding to enjoin the defendants from trespass, was sustained by the state supreme court this morning in an opinion written by Justice Campbell and the case was remanded for a new trial.

It was alleged by the Oldenburgs in their original pleading that in March, 1931, they built a fence about a corner section of their farm in Marion county at a point where land for more than 20 years. On the Oldenburg farm on an undedicated roadway, twice tore down a portion of the fence.

The defense of the Claggetts was that they were the rightful owners of the corner piece of land traversed by the roadway by adverse possession, having used that portion of land for more than 20 years. On the grounds that equity had no jurisdiction in the matter the defendants move that the suit be dismissed and the lower court so ordered.

Without ruling upon whether it is a question of equity or law the supreme court holds that, even though the defendants did not deplete the land by their trespassing, the plaintiffs appearing in the pleading, present an issue either in equity or at law, and therefore the plaintiff was entitled to a hearing. In support of its opinion the court cites Section 5-102, Oregon Code 1930, as follows:

"No case shall be dismissed for having been brought on the wrong side of the court. The plaintiff shall have the right to amend his pleading to obviate any objection to that amendment."

"This amendment to the statute was intended to enable the parties to a legal controversy, over which the court had jurisdiction either at law or in equity, to have the cause determined, even if the party plaintiff did mistake his remedy," reads the opinion.

KIMSEY CHARGES TEN CENTS A PEEP

Bend, Ore., March 21 (AP)—Charles Kimzey, brought back to Bend to face a charge of murdering three trappers at Lava lake in 1924, has proved such an object of curiosity in the county jail here that one of his fellow prisoners has been cashing in on the noted Lava lake murder story. Joe Allen, serving out a \$500 fine for a liquor law violation, has been a charging. Bend residents 10 cents a look to see Kimzey.

Officers discovered today that Allen and Kimzey had worked up quite a trade among the curious. When someone approached the jail window for a glimpse at Kimzey, the much-sought man stayed in the background out of sight. Allen, at the window, negotiated and collected the dime. Then Kimzey stepped up to give the customer a look.

The pair took in enough cash to keep the jail supplied with liquor puzzles until the officers discovered the "racket" and broke up the business by moving Allen to the city jail.

HOLMAN PLANS VISIT TO MEXICO

Rufus C. Holman, state treasurer, plans to leave Portland tonight for a trip to Mexico City, he was learned through his offices here today.

Holman, it is said, expected to be absent about five weeks on his visit south. He planned to go by boat to San Diego and from there by train to the Mexican capital.

System Blamed for Murder of Cermak

New York, March 21 (AP)—The assassination of Mayor Anton J. Cermak and the election of his slayer, Giuseppe Zangara, were blamed on "antiquated medical and legal services" in a statement by Dr. Richard H. Paynter, psychologist.

"If foreign-born persons were adequately examined before being admitted to the United States," Dr. Paynter said, "the danger of accepting persons afflicted with serious mental ailments would be vastly reduced."

He classified Zangara as a "psychopathic personality, with a neurotic constitution, and of an inherent anti-social disposition."

SAND ISLAND DIKE

Washington, March 21 (AP)—Secretary of War Dern today approved the allotment of \$195,000 for construction of dikes, revetments and appurtenant works at Sand Point on the Columbia river, below Astoria.

RAINIER FOREST CONSOLIDATED WITH COLUMBIA

Tacoma, Wash., March 21 (AP)—Abolishment of Rainier national forest and consolidation of the area with the Snoqualmie and Columbia national forests will be effected by orders being carried out today by Supervisor E. J. Fenby of the United States Forestry Service here.

The consolidation, Fenby said, was ordered by C. J. Buck, regional forester of Portland, Ore., as an economy move.

A drive to have the order rescinded from Washington, D. C., has been launched by the Tacoma chamber of commerce, assistance of Senator Homer Lyon and Congressman Wesley Lloyd, both of Tacoma, has been enlisted.

The chamber of commerce has proposed that the four national forests in western Washington—Rainier, Columbia, Snoqualmie and Mt. Baker—be consolidated into two forests, with headquarters in Seattle and Tacoma.

If the present orders are carried out, forestry offices in western Washington will be in Seattle and Vancouver, with the latter office in charge of the majority of the area now comprising Rainier national forest.

LICENSE GIVEN POLICE RADIO

Installation of short wave radio broadcasting station at the Salem police department, and the equipment of all Salem police automobiles with receiving sets is a matter of immediate realization. Salem police headquarters received telegraphic information today from Washington, D. C., that the license had been granted.

Application for the license was made some time ago. When the word came from Washington Chief Frank McIntosh sent a telegram to Senator McNary Monday asking him to hasten the matter if possible. The granting of the license today is evidently the result of his assistance in the matter.

Installation of the radio system has been planned for some time by the local police office. Headquarters now has radio connection with the Portland department, and while it does not operate as successfully as desired some practical use has been made of it. It was said at Salem headquarters today that there is no reason to believe the broadcasting system and the automobile equipment planned here will not work in a highly satisfactory way, and it is expected to be of much benefit in an expediting police action, particularly in emergency cases.

MURDOCK WANTED AS HARVARD PREXY

Boston, March 21 (AP)—The Post says the Harvard corporation has made Professor Kenneth Ballard Murdock, native Bostonian and Harvard graduate, its choice to succeed Dr. Abbott Lawrence Lowell as president of Harvard university.

The Post says the 37 year old dean of the faculty of arts and sciences was chosen by a majority of the corporation as the best available educator to become the 24th president of America's oldest university.

Miss Perkins said she had discontinued the posts of 55 special immigration investigators and had put on furlough 16 others because of the imminent exhaustion of the \$200,000 appropriation under which they operate.

These were the operatives, scattered all over the country, to be used by the secretary of labor in determining if laborers were being brought into the United States under control in violation of the immigration law.

Miss Perkins said she discovered that but \$12,976 remained of this appropriation on March 15 to cover a monthly salary set-up of \$11,168 and \$400 traveling expenses.

Meager reports were on file, she said, as to how the appropriation had been expended but the totals were \$107,574 for salaries, \$62,695 for "confidential expenses" and \$8,243 for "traveling expenses" not itemized.

The 16 on furlough, she said, were men who had been transferred to the regular immigration service shortly before she took office, and she had decided it was "not fair to allow the 16 preferential treatment."

The duties of the men who were dropped were placed upon the district directors.

NARROW ESCAPE IN AUTO BRIDGE CRASH

Vancouver, Wash., March 21 (AP)—A remarkable escape from serious injury was experienced today by William Jones, 27, whose automobile crashed through a guard rail on a country road near here and dropped 40 feet into a gully below.

A nearby farmer heard the crash, ran to the place and was able to lift the top of the car from Jones' throat. He had nearly choked to death.

The automobile skidded on ice on the wooden planks and tore out a section of rail. One long splinter pierced the radiator, ran between the spokes of the steering wheel and out the back of the car without touching Jones. Another splinter entered just above the floor boards and emerged without injuring the man. He received only minor cuts and bruises.

Yoncalla Citizen Object of Search

Portland, March 21 (AP)—Police here have been asked to look for Claude E. Wise, 40, who disappeared from his home at Yoncalla, Ore., March 6, and who has been the object of a thorough search by state police and groups of citizens in southern Oregon.

Wise was said to have been in a dazed condition when he left his home to walk to Roseburg. The entire section between Roseburg and Yoncalla has been searched diligently but no trace of the man was found. He was wearing a light cap, corduroy trousers, high top shoes and a blue mackinaw.

Giants' Manager Corrects Weak Spots Of Last Year, Hopes For Better Luck

Los Angeles, March 21 (AP)—With their defensive fences in good repair, save perhaps on the pitching hilltop, the New York Giants look to the 1933 National league pennant race with a feeling that last year's sad story will not be re-told.

Manager Bill Terry has built up a sturdy reserve back of his regular infield, mindful of the injuries which rather messed up things in 1931 and 1932. He has put new power into the outfield and more life back of the pitfield, leaving the only question mark written after his hurling career.

The Giants' infield appears especially strong. Travis (Stone) Jackson has been more active than ever at shortstop since his legs were overhauled during the winter. Hughie Critz' confidence in his once ailing arm has been restored and Johnny Vergez has improved his work at third and at the plate.

Terry completes what he is willing to call it any time, the best infield in the league. He has been clubbing the ball at a pace which promises another year like that of last season when he hit .355. His work at first has been of the same sturdy caliber.

Terry figured he lost too many games behind the plate in 1932, but predicts that this year he will again, with Gups Mancuso, Fred Peperly little catcher with a fine throwing arm and lots of power in his hitting, and Paul Richards, purchased from Indianapolis of the American association, to carry most of the burden. Mancuso went to the Giants in a trade with the St. Louis Cardinals.

George Davis, who hit .309 as leadoff man with the Phillies last year is the most important addition to the outfield. Levin Ott, a twenty-four year old veteran of eight years with the club, is still looked upon as one of the best outer gardeners of the circuit and Joe Moore probably will fill the other spot.

An effort has been made to help solve the pitching problem with lots of hard work during the spring training grind. Carl Hubbell, Fred Fitzsimmons, Leroy Parmeter, Glenn Spencer, Ray Starr, Adolfo Luque, Bill Shores, Hal Schumacher and Herman Bell seem to be the best choices for a full season of activity.

MISS PERKINS STARTS REFORM

Washington, March 21 (AP)—Secretary Frances Perkins today outlined a sweeping reorganization of her labor department, including complete overhaul of the employment service, a scientific survey of the statistical service and a consolidation of the immigration service.

Miss Perkins said she had discontinued the posts of 55 special immigration investigators and had put on furlough 16 others because of the imminent exhaustion of the \$200,000 appropriation under which they operate.

These were the operatives, scattered all over the country, to be used by the secretary of labor in determining if laborers were being brought into the United States under control in violation of the immigration law.

Miss Perkins said she discovered that but \$12,976 remained of this appropriation on March 15 to cover a monthly salary set-up of \$11,168 and \$400 traveling expenses.

Meager reports were on file, she said, as to how the appropriation had been expended but the totals were \$107,574 for salaries, \$62,695 for "confidential expenses" and \$8,243 for "traveling expenses" not itemized.

The 16 on furlough, she said, were men who had been transferred to the regular immigration service shortly before she took office, and she had decided it was "not fair to allow the 16 preferential treatment."

The duties of the men who were dropped were placed upon the district directors.

GAS FUMES FATAL TO FAMILY OF FIVE

Vancouver, B. C., March 21 (AP)—The five members of the family of W. Cross, of Dapp, Alta., were dead today, victims of carbon monoxide poisoning on the yacht in which they had planned to cruise during the summer along the British Columbia coast.

While investigation of their deaths in the cabin of the yacht, which was found drifting on Burrard inlet yesterday, was resumed today, authorities expressed the belief that the tragedy was accidental. The cabin door, however, was tightly closed when two loggers boarded the yacht.

The victims were Cross, about 45, who had served with the Scouting rifles during the World war; his wife, 42, and two boys and a girl ranging in age from eight to 12 years.

OREGON FOOTBALL MEN IN HOSPITAL

Portland, March 21 (AP)—Two University of Oregon football cases and a basketball player were in Emanuel hospital today being treated for injuries received in athletic competition.

George Pepelnjak, halfback, and Stan Kostika, hefty fullback, were both being treated by Dr. Richard B. Dillehunt for injured left knees sustained last fall during football season. Ed Kunkle, member of Billy Reinhardt's basketball squad this winter, was also under medical care today.

Suspects Arrested In Myers Abduction

Youngstown, Ohio, March 21 (AP)—Four men were under arrest here today as suspects in the abduction of Peter Myers, Jr., 15 year old school boy at Masury, who was whisked away from the driveway of his father's home Saturday night.

The suspects were to be questioned today. The Myers family still had received no word from the abductors nor any news as to the whereabouts of their son.

MEIER SELECTS COMMITTEES ON RELIEF WORK

Governor Julius L. Meier today named members of county sub-committees in 16 more counties to serve on the state-wide unemployment relief council, as provided by the state legislature. The governor names four while the county courts name three, all to work with the state committee headed by Raymond B. Wilcox.

Those named include: Benton county—E. D. West, E. E. Wilson, Mrs. W. E. Vaughn and W. F. Groves, all of Corvallis.

Deschutes county—R. W. Sawey, Bend; H. A. Miller, Bend; A. G. Van Ardame and H. F. Frances, Bend.

Clatsop county—Carl Nyquist, Astoria; Charles Wirkkala, Astoria; J. J. Johnson, Astoria; Mrs. Harry Burke.

Columbia county—Judd Greenman, chairman, Vernonia; Grant Wats, Scappoose; Mr. Robert Dibols, Rainier; W. T. Evenson, Clatskanie.

Cook county—Ben Chandler, Marshfield; Mrs. James T. Rand, Marshfield; George C. Higgins, Marshfield; P. E. Drane, Bandon.

Douglas county—Harris Ellsworth, Roseburg; J. E. McCulloch, Roseburg; G. V. Wimberly, Roseburg; Mrs. John Runyan, Roseburg.

Josephine county—C. H. Demaray, chairman, Grants Pass; J. T. Tuffis, Grants Pass; G. H. Grover, Grants Pass; F. L. Vannice, Grants Pass.

Lincoln county—C. K. Cross, chairman, Toledo; F. C. Robison, Fair; W. G. Walrad, Newport; C. B. Balmark, Walport.

Linn county—Eimer Williamson, Albany, chairman; David Strikman, Lebanon; D. S. Smith, Albany; Mrs. Edna Fortineller, Albany.

Tillamook county—I. E. Koldson, Tillamook, chairman; H. W. Kessling, Garibaldi; Mrs. Roy Henkle, Tillamook; Frank Conover, Tillamook.

Polk county—L. F. Fineth, chairman, Dallas; Mrs. George Van Santen, Dallas; Ira Powell, Monmouth; Walter B. Gerth, West Salem.

Sherman county—George Wilcox, chairman, Grass Valley; J. C. Freeman, Moro; Mrs. B. Estralle Haley, Union; Roy Powell, Moro.

Wasco county—J. H. Pearce, chairman, La Grande; George Brandt, Union; H. A. Scott, La Grande; Angus McAllister, La Grande.

Wallowa county—M. J. Rutherford, chairman, Wallowa; I. E. Snyder, Wallowa; H. M. Maughan, Wallowa; Asa W. Eggleston, La Grande.

Wasco county—F. S. Gunning, J. C. Branch, H. A. Harden, Mrs. W. V. Belcher.

MOTT ASSIGNED TO GOOD COMMITTEES

Although he did not secure this appointment to the committee on rivers and harbors, to which he aspired, due to the fact that there were two vacancies, both of which went to senior congressmen, Representative James Mott has been assigned to the house committees on public lands, rivers and territories, he advised Mrs. Mott in a letter received here today.

In the letter Mott expressed general approval of the administration farm relief bill, which he says embodies many of the features he has advocated for years, and says that he intends to vote for the bill.

He also says that he intends to introduce no bills at this session, but is working on drafts of proposed national "blue sky" legislation that he intends to present early in the regular session of congress.

Aside from devoting his time to diligent study of all measures presented, Mott also says that he has conferred with the postal department regarding the appointment of postmasters in his district.

SECOND SLASH IN ASTORIA SALARIES

Astoria, Ore., March 21 (AP)—Astoria city employes were due for their second pay cut of the year today. An ordinance providing for general reductions was introduced into the commission meeting last night and seems certain of passage at the next meeting. The salary of City Manager George Garrett is cut from \$325 monthly to \$250 and other employes are affected in proportion.

ONION PRICE LEVEL KEPT AT 75 CENTS

Lalish Center—At the Monday meeting of the directors of the Lalish onion growers' association, the price level was maintained at 75c. There was little willingness to part with holdings at that price, and very few sales were made.
