500 BALES HOPS SOLD AT 25C

With about 500 bales of hops sold yesterday at a prevailing price of 25 cents a pound, approximately 1000 bales have gone from the growers' hands since the latest flurry in the hop market caused by beer legislation and it is figured the market is just now getting on its way.

In addition the fact that at least four cars of hops started moving east the past two or three days, shipped by T. A. Livesley & company, indicates that eastern brewers are getting ready for production as rapidly as possible.

Of the hops sold yesterday reports of sales were as follows: Downing & Stutesman sold 45 bales at 25 cents; John Morley 176 bales at 25 cents; Schmidt, Mt. Angel, 66 bales at 25 cents and Ebner, Mt. Angel, 27 bales at 25 cents. The foregoing sales were all made to T. A. Livesley & company.

D. C. Minto sold 83 bales to Hart at 25 cents and Phil Mays also sold to Hart 43 bales at the same figure.

In addition it was reported that Wolf contracted with Hoover for 80,000 pounds or 400 bales for three years at 20 cents a pound. Hoover is of Independence.

Continuation Of—
Farm Aid Bill
—From Page One

tee, which approved the bill, told the house in a formal report that "its enactment without delay is imperative."

Before the house was ready to take up the farm relief bill, Senator McNary, ranking republican on the senate agriculture committee, served notice he would move to hold open hearings on the bill when it comes over from the other end of the capitol.

McNary said he had considerable support within the committee for his proposal, which would delay action on the Roosevelt program several days at least.

Restoration of pre-war purchasing power to basic agricultural commodities today was termed by the house agriculture committee the ultimate goal of the administration farm bill.

Here is a table prepared by experts showing the average price received by producers on February 15 this year and the parity price sought by the relief plan:

Commodity	Actual Price	Parity Price
Wheat (bushel)	$0.32	$0.91
Cotton (pound)	.05	.12
Hogs (100 pounds)	2.94	7.53
Butter (pound)	.18	.26
Milk (100 pounds)	1.16	1.90
Lambs (100 pounds)	4.19	6.14
Beef cattle (100 pounds)	3.31	5.41

Prices on corn, another commodity covered by the bill, were not listed by the committee.

HUGE EGG SHOWN

Springdale, Ark. (AP)—A hen egg which would "make a meal for an average family" was exhibited here by W. E. Browner. The egg weighed more than a half pound, measured three and a half inches in length and was eight inches in diameter.

UTILITY PRICES FORCED DOWN IN STOCK MART

New York, March 21 (AP)—Utilities broke one to 5 points on the stock exchange today and set off a sharp reaction in the entire list.

Until the last hour the main list of stocks held fairly well, but steady selling of the utilities finally wore down resistance and the market picked up activity on the downside. In the last few minutes volume slowed down somewhat and prices rallied a shade from the lows.

Heavy pressure was exerted against American Telephone forcing it down more than 4 points below the previous close and more than 2 points under the close on March 3. Consolidated Gas broke more than 3 points and North American more than two. Selling in these issues followed efforts of Governor Lehman of New York to regulate utility companies more stringently.

RED CROSS TO TAKE CARE OF RELIEF WHEAT

Washington, March 21 (AP)—Henry Morgenthau, Jr., farm board chairman, announced today that the Red Cross has agreed to take over the balance of stabilization relief wheat held by the board by August 1, and the balance of stabilization cotton by October 31.

Congress made available for relief purposes a total of 85,000,000 bushels of stabilization wheat and 844,000 bales of stabilization cotton of which a large amount still remains undelivered.

Of the cotton, 295,580 bales have been delivered and of the wheat, 70,016,510 bushels have been turned over to the relief agency.

The Red Cross has made arrangements for the disposal of 10,119,371 bushels of wheat and expects to complete arrangements for disposal of the rest well before August 1.

Morgenthau, who completed the new arrangement with John Barton Payne, chairman of the Red Cross, indicated that the transfer would make it possible for the grain stabilization corporation to reduce its Chicago office to a skeleton organization "within a short time."

"Since the operating costs of the stabilization corporation are paid out of money loaned by the farm board from its revolving fund, the negotiation with the Red Cross will result in substantial savings to the federal government," Morgenthau's announcement said.

The agreement does not affect the disposal of farm board wheat futures of which it had more than 30,000,000 bushels on hand on March 6. These are being disposed of now in a way that Morgenthau hopes will not disturb the market."

PROTECTION FOR STAYTON GROWERS

County Commissioner Roy Melson and P. H. Bell, farm seed loan advisor for the county, returned from Portland last night with assurance of Ira Hyde, head of the Portland seed loan office and Manager Thayer of the Spokane seed loan office, that they would make every effort with Minneapolis headquarters for this district to protect the interests of West Stayton seed loan applicants in allowing them not to cut down their acreages for the present year.

The seed loan regulations require farmers getting loans to promise a 30 percent reduction in acreage from last year. The West Stayton growers have a contract with the West Stayton cannery for production from a certain acreage and to enter into such an agreement for loans from the government would require a violation of the contract.

Both Hyde and Thayer stated they will strongly urge on the Minneapolis office an acceptance of the Marion county seed loan board's proposal to allow the loans to go through without the 30 percent in acreage requirement. Both the regional officials believed that the Minneapolis office would accept the recommendation.

Jersey Cattle Club Will Meet Saturday

The Marion County Jersey Cattle club is scheduled to hold an important meeting at the chamber of commerce here next Saturday starting at 2 o'clock in the afternoon. Arrangements will be made for the coming spring show and it is also expected that other business of interest to the club will develop. All Jersey breeders are invited to be present. Victor S. Madsen is president of the club and Mrs. F. G. Knensting secretary.

The spring shows of this club are always affairs of wide interest in the dairy world, bringing in dairymen from many sections. Marion county boasts of some of the finest Jersey cattle to be found anywhere.

DOLLAR AT PAR

Paris, March 21 (AP)—The American dollar reached par today, closing at 25.52 francs, the highest official quotation since Feb. 15.

Lyons—Mr. and Mrs. Dan Culhane went to Portland Monday where they will visit relatives for a time.

Mehama—Mrs. Boone Poyner was a recent visitor at the home of her sister, Mrs. Buckholz of Oregon City.

Sheep 12,000; slow, steady. Native lambs $5.0-$5.75; throwouts $4-$4.50; fat ewes $2.25-$3.

PRUNE MARKET ACTIVE, FIRMER

Portland, March 21 (AP) — The Journal said today that "prune markets are firmer, higher and more active in practically all world's positions." This is the first time this season, the paper said, that such a report could be made, and that "the weekly survey of the Journal indicates the improvement in demand is world-wide while the price is higher in almost every position."

A rather liberal volume of business was suggested along the Pacific coast during the week. "While foreign business is still the biggest factor in the trade," the article said, "perhaps as much importance can be attached to the fact that the Atlantic coast trade has at last come to the conclusion that the days of harassed sellers are over."

Business passing in Oregon prunes in this country has been at an advance in price, lending an optimistic outlook to current holders. The "new deal" in Oregon prunes shows: 20-35s 5½c; 25-35s 4½c; 30-40s 4c; 40-50s 3½c.

Salem Markets

Compiled from reports of Salem dealers, for the guidance of Capital Journal readers. (Revised Daily).

Wheat, No. 2 white 52c, red sacked 52c bushel.

Feed oats $18 ton; milling oats $25 ton; feed barley $10 ton.

Continuation Of—
Hitler Defiant
—From Page One

of the republican flag as an act of restoration of the national honor.

An ovation greeted his address. The reichstag members rose. President Hindenburg, war-time commander who himself had called earlier for "a united, free and proud Germany," praised the chancellor in a second address.

"Your miraculous life is a symbol of the life and power of the whole nation," Hitler told the president in response.

Later in the day it was expected that the Hitler government would demand that the reichstag surrender all power to Hitler and the cabinet, making the nazi leader absolute dictator of Germany until 1937. Such an empowering act was prepared by the government last night.

Today Potsdam surged with triumphant national emotion. It was estimated that half a million people crowded into the town, 16 mile from Berlin, for the multiple ceremonies attending the reichstag opening. Endless parades of reichswehr troops moved through the streets while spectators thundered the chorus of "Deutschland uber Alles" and other songs of war-time Brown-shirted nazi marched beneath the Swastika banner.

MOVE FROM LYONS

Lyons—The Bert Adams family moved to Rickreall the last of the week. Adams, who was section foreman here until the Lyons and Mill City territories were consolidated, is in the hospital at San Francisco.

BUTTER OUTPUT STILL GAINING; PRICE IS SAME

Portland, March 21 (AP)—There was no general change in the overnight price on cube butter in the local market. On the open market both prints and cubes are unchanged.

Output is still gaining but is somewhat less than seasonable in this respect. Demand for butterfat remains favorable although there appears less keenness to bid up values.

While there was no open market changes in the egg price for the day, easiness was reflected in spots and especially for current receipts, which are now showing a better supply.

Truck load of broiler chickens from Winlock came overnight to the allied buyers of Portland and helped somewhat to relieve the recent acute shortage of small stuff. General live chicken receipts are limited.

Quite a flop was taken by halibut prices overnight with very liberal increase in offerings. Sales of mediums are around 11 cents pound with chicken size 10 cents pound. Alaska king salmon is down to 20 cents pound with head off.

A small supply of peas out of the Santa Maria district of California is reported in. The stock is very sweet but still a trifle young and of small size. Priced 17 cents pound.

Better green broccoli is arriving from California around 9 cents.

Hothouse rhubarb prices retain full strength.

Potatoes continue to show increased sales with prices steady.

Onions are steady both here and at the source.

Onion sets continue to show little demand but stocks are scarce.

Another shipment of new crop hothouse "toms" out of Roseburg sold 22½ cents for fancy and 20 cents for choice.

FRUIT RELIEF GIVEN OREGON

Portland, March 21 (AP) —"Some relief" in the basis of loans has been approved by the reconstruction finance corporation for producers of apples and pears in Oregon, according to a telegram received last night by Governor Julius L. Meier from President Roosevelt.

In response to the governor's request that some new measures of relief be extended Oregon growers, the president said:

"Your telegram, March 16, in regard to the basis of loans by reconstruction finance corporation and regional agricultural credit corporation for producers of apples and pears in districts of your state, was referred by me to the directors of the reconstruction finance corporation with a request that the subject be most carefully reconsidered.

"I am advised that some increase in the basis of loans has been approved and reconstruction finance corporation is sending out word of that today."

Governor Meier had pointed out to the president that the R.F.C. had planned to extend loans only on a basis of 50 cents a box on both pears
