Another hearing will be held next week on the petition for a change of zone in Oakhurst addition, part of lot 24. Protest against the proposed change was heard at a meeting of the city planning and zoning commission called yesterday afternoon at the city hall. Arguments also were heard in behalf of the change. Nothing definite came out as to the purpose of the change desired, beyond the claim that the district would be beautified. Most of the discussion, it was said today, will be heard at the next meeting. The petition was turned over to the city engineer for checking. The zoning commission elected D. W. Pugh as chairman.

Kansas Dust Storm Causes Crop Damage

Meade, Kans., April 13 (AP)—Crops were damaged and livestock distressed by a severe dust storm which reached its greatest intensity in southwestern Kansas early today. Domestic animals snorted mud from their nostrils while wheat fields were swept bare and roads were heaped with dust and sand.

CASH SHORTAGE IN CHICAGO TO CLOSE SCHOOLS

Chicago, April 13 (AP)—Two drastic resolutions, both aimed at closing of public schools until cash is available to pay teachers, came before the board of education today.

One of the resolutions, members conceded, undoubtedly will be adopted at a special meeting tomorrow. At a spirited meeting of the board yesterday, almost halted at times by boos and jeers from 500 angry teachers, a resolution by Trustee H. Wallace Caldwell for immediate closing of schools was considered. More conservative members of the board offered an alternative measure, providing that schools be closed after spring vacation, which starts April 21, unless cash is obtained for partial payment of the \$29,000,000 owed instructors in back pay.

The one spark of hope hinged on selection of a new mayor for Chicago today. Board members who sponsored the alternative resolution felt confident that speedy, successful plan for cash payment will be pushed through as soon as the council names a new city executive. Since death of Mayor Anton J. Cermak the authority for signing of tax warrants and similar substitutes for salaries has been entangled in legal complications.

Yesterday's stormy session placed anew before the board the desperate plight of unpaid teachers. "Fish or cut bait," declared Caldwell. "Banks have fed us crumbs and the R.P.C. has turned us down in a dignified, political manner. It is time to say to the public 'If you have not money to care for your teachers it is time to take from you the benefit of schools.'" Teachers cheered.

Angry jeers and shouts arose when Trustee Ernest Buehler said "The teachers are not loyal if they make us close the schools."

BURY MOFFETT AT ARLINGTON

Washington, April 13 (AP)—Rear Admiral William A. Moffett, who perished with the Akron, was buried among America's heroes today in Arlington national cemetery.

High naval officials gathered at the flower-smothered grave of the late chief of the bureau of naval aeronautics, who urged construction of dirigibles and died aboard one in a storm over the Atlantic.

A short time before Moffett was buried, the body of Commander Frank C. McCord, in charge of the Akron on her last flight, also was buried in a grave in Arlington.

Moffett's body, escorted by blue jackets and marines with rifles reversed to the left shoulder, came to the grave under spring skies of sunny blue in contrast to the black, stormy night in which the Akron was dashed to disaster.

As the coffin entered Arlington through the Fort Myer gate, six naval planes skirted the trees and dipped their wings in a last salute to the admiral. The navy band playing the slow and melancholy death march, wound down the asphalt road that led to the grave.

EMPLOYEES CENSURE WARNER BROTHERS

Hollywood, April 13 (AP)—A resolution censuring Warner Brothers motion picture corporation for failure to abide by an order to resume full salaries to officials and employees, as of last March 6, was passed today by the emergency committee of the academy of motion pictures arts and sciences.

Hollywood saw a possible serious split in the movie world with adoption of the resolution. Some Warner employees were reported considering bringing court action in order to secure their salaries as recommended by the committee.

J. Theodore Reed, chairman of the committee, said that Warner Brothers agreed to resume full time salaries on April 17, but that an audit of the film studio's books ascertained that the company was able to pay salaries from March 10 on.

VENUE CHANGE GRANTED BANKS TO ROSEBURG

Medford, April 13 (AP)—L. A. Banks and his wife, Edith R. Banks, charged with first degree murder, for the slaying of Constable George J. Prescott, March 16 last, were granted a change of venue this afternoon by Circuit Judge George F. Skipworth of Lane county.

The court in granting the motion of the defense said he would probably name Douglas county for the trial. He said he would telephone Judge Hamilton at Roseburg, to determine the state of the docket, and then would hold a conference with counsel for both state and defense. The court intimated that Lane county would be his second choice.

The defense counsel proposed Curry, which was over-ruled by the court. The defense objected to the trial being held in Josephine county.

The venue motion was not strongly resisted by the state. The court in granting the change of venue said "In the mind of this court that a fair and impartial trial could not be secured, because of the atmosphere of prejudice that permeates to every nook and corner of the county." The court said it would require "weeks to secure a jury in Jackson county."

The two defendants filed affidavits by themselves asserting that a high state of prejudice prevailed against them.

The defense also presented copies of Jackson county newspapers since the murder, to prove their prejudice to the jury.

The defense also charged that citizens of the county had made threats of mob violence against Banks.

The court intimated after granting the change of venue, that he would set a trial date at once, and speedily dispose of the case.

DR. RILEY TALKS TO ZONTA CLUB

In an inspirational message appropriate to Easter and Holy Week, Dr. P. O. Riley, Hubbard editor, told members of the Salem Zonta club at their luncheon Thursday noon at the Marion that the depression was regarded by him as chastisement for too rapid living and that its cure was dependent upon faith and courage.

Personal experiences and an exceptional graphic account of Thursday services in St. Peter's at Rome formed interesting sidelights of Dr. Riley's talk. Dr. Riley was introduced by Miss Alene Phillips, program chairman.

Mrs. Katherine Maddux of Chicago, president of Zonta International, was the guest of the luncheon club dinner and reception April 27, according to announcements made by Miss Helen Louise Crosby, president of the Salem group.

Special guests for the luncheon Thursday were Dr. Riley, Miss Edith Libby and Mrs. A. G. Nagel (with Miss Lawrence) of Cascade Summich Club members present were Miss Crosby, Miss Phillips, Miss Nellie Schwab, Miss Hazel Cook, Miss Dorothy Pearce, Miss Helen Yockey, Dr. Helen Pearce, Mrs. LaVerne Winkler, Mrs. Winifred Herrick and Mrs. Ora F. McIntyre.

JAIL AMERICAN AT PORT-AU-PRINCE

Washington, April 13 (AP)—The United States, it was learned authoritatively today, has consented to the arrest by Haitian authorities of David P. Johnson, U. S. collector of customs at Port-au-Prince.

According to advices reaching here, Johnson is accused by Haitian authorities of having collaborated with importers in defrauding the Haitian government of a part of its customs receipts.

The state department declined to comment officially on the case but indicated a statement might be made later.

PROTESTS CLASH IN RESEARCH WORK

Washington, April 13 (AP)—Edward O'Neal, president of the American farm, labor and federation, in a letter to President Roosevelt made public today, opposed proposed reductions of federal allowances for agricultural extension, research, vocational and experimental work.

O'Neal said he was informed Budget Director Lewis W. Douglas contemplates slashing these allowances beginning July 1.

Officials in the agriculture department are conducting a survey of expenditures including aid to land grants colleges, part of which is disbursed through the department.

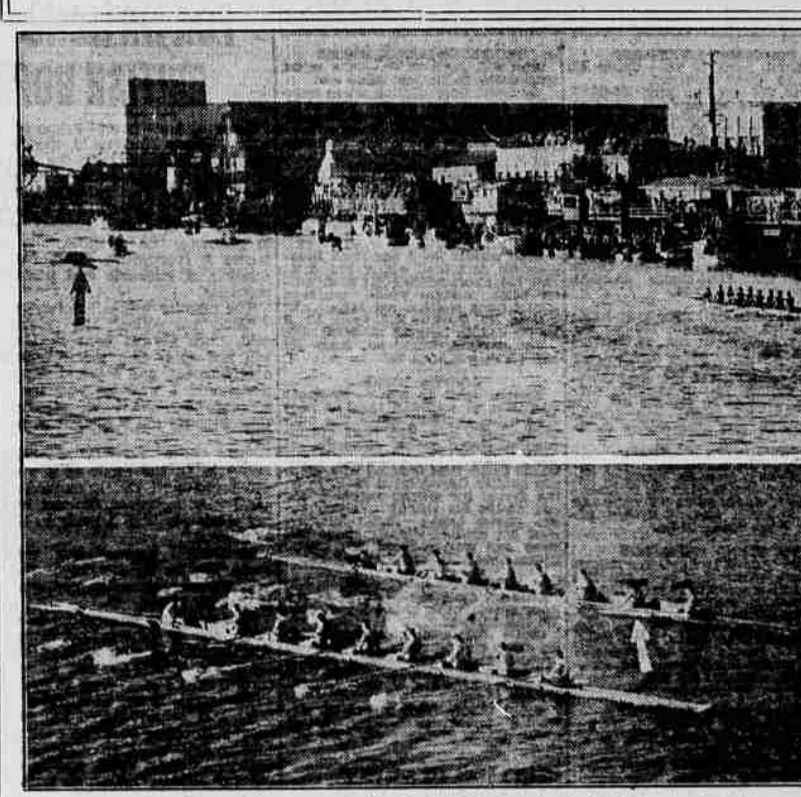

"There is no half way ground for any of us to take on such matters as these," O'Neal said. "We must be in favor of continuation of these great agricultural agencies, which have been functioning for years, or we must be against them."

Minister To Seek Nielsen's Release

Poling, April 13 (AP)—United States Minister Nelson T. Johnson instructed the American consul in Mukden today to do his utmost to obtain the release of Niel Nielsen, American held by bandits for ransom. The Mukden consul asked Japanese military and civil authorities for assistance.

Nielsen, attached to the Danish Lutheran mission at Hsuyuen, Manchuria, was captured by band April 11, his wife reported. The bandits demanded \$500,000 in silver.

WASHINGTON OARSMEN OUTSTROKE CALIFORNIANS

California crews lost all three races to Washington's Huskies in the thirtieth annual rowing regatta. The Bear varsity, indicated by arrow in upper photo, was seven lengths behind at the finish. The junior varsity crew were racing neck and neck when Bainhorn, Bear bow saraman, "caught a crab" less than 100 yards from the finish. Arrow in lower photo shows the Californian trying to recover the oar while Gage, pulling number 2, is trying to help. The freshman Huskies won by 3 lengths on the Oakland, Cal., estuary. Pontiff Revives Old Holy Thursday Ritual Sistine Pauline Chapel

Vatican City, April 13 (AP)—A pope carried the blessed Sacrament from its tabernacle in the Sistine chapel to the Pauline chapel for the first time since 1870 today. There it will be exposed until tomorrow.

Good Friday. Thus Pius XI, on the 1900th anniversary of Christ's institution of the Eucharist, restored to the Roman Catholic world one of its most picturesque and traditional ceremonies.

The ritual inaugurated the three most sacred days of Holy week. It was one of several symbolic acts abandoned by Pius' predecessors through the past 63 years. He is reviving them as part of the extraordinary holy year program he initiated April 1.

Surrounded by high dignitaries of the church and a few invited guests, he first said mass in the Sistine chapel, then followed by members of the sacred college of cardinals and a uniformed company of Noble and Swiss guards, he carried the sacrament slowly in procession to the Pauline chapel, where it was ceremoniously uncovered.

Tomorrow he will take it back to the Sistine chapel where he again will say a special mass.

The bell of Rome's 400 churches greeted Holy Thursday this morning, but stopped ringing after a few minutes to remain silent until Saturday noon. The Catholic world is now mourning Christ's passion and death.

Thousands of pilgrims, including many Americans, attended services in St. Peter's where Cardinal Pacelli, high priest, officiated.

Other thousands went to the Cathedral of St. John Latheran in Rome, to venerate the table which, it is said, was used at the last supper. They also saw two skulls reputed to be those of Saint Peter and Paul, a part of the sponge said to have been lifted to Christ's lips when he suffered thirst, and other prized relics.

Priests in many churches repeated Christ's washing of the apostles' feet. They selected 12 poor men for the purpose and after bathing their feet gave them food and money. Thirteen priests from foreign countries were chosen for the ceremony in St. Peter's, the thirteenth representing St. Paul.

HALL SENTENCED TO HANG AT FOLSOM
Yreka, Calif., April 13 (AP)—George Hall, alias Manning, was sentenced to hang at Folsom prison by Superior Judge C. J. Luttrell today for killing Stephen S. Kent, state highway patrolman.

S. Luke Howe and William V. Cowan, attorneys for the defense, moved prior to the sentence was pronounced, for an arrest of judgment, but this was denied. The defense then filed a motion for a new trial and notice of appeal.

MUSSOLINI BUYS AMERICAN FROGS

New York, April 13 (AP)—Some time ago Premier Mussolini bit into the leg of an Italian frog and found it, according to reports, scrawny, tough and unappetizing.

As a result, 40 plump American frogs arrived in New York today by plane from Lakeside, Calif., and were hurried, croaking in protest, aboard the steamer Jean Jadot, en route to Italy.

The 20 couples were purchased by agents of the Italian government, ordered by Il Duce to improve the breed of the Italian frog.

Rev. J. R. Turnbull of Albany will give the closing address of the week Friday evening at 7 o'clock at Calvary Baptist church.

POPE REFUSES TO BOLSTER UP HITLER REGIME

Rome, April 13 (AP)—Vice-Chancellor Franz Von Papen has been unable to persuade the pope to collaborate with the Hitler regime to bolster its political strength in Germany, it was disclosed today.

The visit nevertheless was "eminently satisfactory" to both sides, it was said at the German embassy and the vatican secretariat of state.

Both sides manifested optimism over the results of Von Papen's conversations with the pope and Eugenio Cardinal Pacelli, secretary of state. Peace, internal and external, overshadowed the conversations.

Two objects which Von Papen had hoped to achieve did not materialize, however. The first was reorganization of the German center or Catholic party to co-ordinate it with the Hitler regime. Von Papen accepted the papal viewpoint that the parties should be left alone and events be permitted to take care of the situation.

Von Papen, emerging from the papal audience, found the pope "too prudent to mix with the internal affairs of Germany."

"Hence it is a matter for the politicians, which is perfectly acceptable to us," he said. "We are now trying to reduce the number of parties, as parties have been the cause of much German weakness."

Regarding a concordat between the Hitler regime and the vatican, it was pointed out to Von Papen that concordats already exist with the separate German states and the vatican did not wish to rush a change in the situation.

Hermann Wilhelm Goering, Hitler's chief aide, who accompanied Von Papen, is the guest here of Prince Philip of Hesse. The latter has been mentioned as a possible successor to the kaiser and Goering's visit to him was regarded as significant.

First Lady Thrown Into Puddle of Mud

Washington, April 13 (AP)—Mrs. Franklin D. Roosevelt was thrown into a mud puddle in Potomac park today when her horse slipped.

The wife of the president, uninjured, remounted and continued her ride in mud splattered costume.

"I slid off very gracefully right into the mud," she told friends.
