

# LOCALS

**Mike M. De Cicco** of Portland Friday filed as a wet candidate for delegate to the state constitutional convention to vote upon repeal of the 18th amendment.

The chamber of commerce seed loan office will close Saturday night, states P. H. Bell, district advisor, and after that everything will be moved to Bell's office at 225 Oregon building where final applications and other business will be taken up until next Wednesday night.

Dance, Crystal, Wed., Fri., Sat. Old time and modern. 25c. 95\*

Members of the county court today met with members of the Linn county court at Green bridge on the county line to discuss matter of improvements of the bridge including a new fill.

See our rug window, Imperial Furniture Co., 497 Court St. 95\*

A total of 374 students have qualified for graduation from Salem high school next June, Fred Wolf, principal, stated today. The grades of a number of others are being checked and it is probable the class may number 385 by the time the diplomas are awarded. The ceremonies are scheduled for Friday, May 19, at Salem high school. Principal Wolf's first term at Salem high the senior class totaled 273.

Modern bargain dance, Crystal Gardens, Friday-15c. 95\*

W. A. Martin who pleaded guilty to carrying a concealed weapon was sentenced by Judge McMahan yesterday afternoon to 100 days in jail and paroled to Mark Weatherford of Albany. A condition of his parole was that he would keep away from Turck.

Runnagae sale Saturday 211 N. Com'l. 95\*

Charles H. Agr. circulating oleo margarine petitions in this county, but turned over the petitions to the county clerk for checking, each petition carrying 900 names. While this about takes up this county's quota it may be some more petitions will be filed.

Skating, Dreamland every Sunday 7 to 10 p.m. Ladies' skates free. 95\*

Walter A. Folger, vice president of the Pacific Telephone and Telegraph company and president of the Pacific Association of Advertising Clubs, will address members of the Salem Ad club in addition to representatives of similar organizations from Silverton and Albany tonight during a dinner to be given in his honor at the Gray Belle restaurant. Merriman Holtz of Portland, district vice president of the advertisers, will also be in attendance. The dinner will be served at 7 o'clock.

The estate of Chris Nelson has been appraised at \$800 by Ernest Zercher, John Gottlieb and Edgar Kanna.

Turkey dinner, St. Joseph's hall, 12 noon Sunday, April 23. 95\*

Final order has been filed on the estate of Louis Miller and the estate ordered closed. Alvin W. Miller was executor.

Leslie students will present their annual stunt night Friday night at the school building. Much originality and talent has been discovered and the event promises much amusement and entertainment. Six stunts will be given by the several classes which are to be judged by Mrs. David Wright, Miss Lella Johnson and Miss Carlotta Crowley. Stunts are judged on originality, presentation, properties and entertainment value. The Swiss rollers will give intermission numbers.

Big Balloon dance Haunted Mill, Sat. nite, Footwarmers. 25c. 95\*

Harry R. Riley, recently convicted of the murder of his wife at Burns, Ore., and sentenced to hang, was received at the state penitentiary early Friday afternoon. Riley was brought to Salem by Sheriff C. W. Fowler and two deputies of Harney county. He was immediately dressed in and placed in the new cell designed for occupancy by condemned prisoners. Unless a reprieve is granted or some other form of delay invoked, Riley will be hanged Friday morning, June 2. Riley is also charged with killing his father-in-law, Carey "Cherry" Berry. He was not tried on that count.

Dance, music by Vivian Lewis and her band Friday, Apr. 21. Haunted Mill, Rickreall. 95\*

All union members as well as delegates to the Salem Trades and Labor council are urged to attend the Tuesday night meeting of the central body at Labor Temple on Court street to hear Ben T. Osborne, of Portland, executive secretary of the Oregon Federation of Labor, discuss the general sales tax.

Boy with bicycle, paper route. Apply Saturday, 463 Ferry. 95\*

Plans have been completed for a masquerade dance Saturday night to be held at the Wheatland community hall. Excellent music has been obtained and the sponsors are anticipating a large crowd.

Free! Free! Modern dance tonite, New Park, 12th and Leale. 95\*

Motor vehicle accidents reported overnight were: L. R. Smith, Fisher apartments, and a motorist named Zehning, at Miller and Saginaw, Albin Schwabauer, Eugene, and Gladys Moberg, Eugene, on highway near Salem.

Don't make any arrangements for next Wednesday. You'll want to be in Salem with the rest of the 49'ers. 97

Lawn grass near the entrance of the Salem police department at the city hall and on Chemeketa street along the central fire station, has been removed and the ground is to

be paved. Because of the difficulty of keeping up the lawns, due largely to the inclination of the public to walk on it, the city finds it impractical.

It will be one big city wide party next Wednesday with the 49'ers everywhere. Save your pennies. 97

The microphone for the Salem police broadcasting system was in place Friday and it was believed a test of the equipment would be made some time during the day. All connections had not been completed.

Haircut, shampoo and finger wave all for 50c. Men haircutters, Garner's, 330 State. Phone 6831.

Eva M. Churchill has been re-elected as guardian of Horace E. Gilbert, incompetent, and the guardianship closed by an order in pro-hab.

Free, 40 packages of Rinso with every Thor Washing Machine purchased up to May 10. Eoff Electric, 347 Court. 96\*

Dean McGraw, 31, committed to the state hospital last March after being here only a few days from Los Angeles, leaped from a third story window of the institution today and suffered a fractured leg and other injuries. McGraw jumped while an attendant was washing an open window. A sister resides in Portland.

Dry wood, coal, Prompt delivery. Phone 5000. Salem Fuel Co. 95\*

Mrs. Charles De Saussure of Rickrey is confined to the Salem General hospital where she underwent a major operation.

Rugs, for every room in the home at very low prices. Imperial Furniture Co., 497 Court. 95\*

A marriage license has been issued to Almus H. Hartley, legal laborer, route 1, Brooks, and Vivian M. Tread, legal, housekeeper, route 9, Salem.

It doesn't cost much now to buy a new rug. See the new ones on display at the Imperial Furniture Co., 497 Court. 95\*

Bernice Craig has filed suit for divorce from Ernest H. Craig charging cruel and inhuman treatment and that he left her home on April 9 and has not returned. She asks custody of three children. The couple were married in Iowa City, Iowa, in February, 1917.

Wanted, beauty operator. Mr. Robertson, 385 N. High St. 95

Decree of foreclosure has been granted in circuit court in the case of L. N. Jones against Mary Mae Garrett.

Prices are going up but thank goodness arrangements were made for Salem's 49'ers before the rise took effect. Save your pennies for next Wednesday. See Tuesday and Wednesday papers for details. 97

Statement as to conditions of the Scotts Mills bank as of November 15 filed by Superintendent of Banks Schramm shows there was a balance in the commercial account of \$70,424.95, including all resources, and in the savings department of \$10,232.96 or a total of \$80,657.91. In connection with liquidation of the Bank of Stayton authority has been given to sell a sheriff's certificate of sale on John Orentz land, authority to sell real property in Portland for an offer of \$900 and also authority to sell Southwest National Gas company bonds at 33. There are three of these bonds with par of \$1000 each.

For reasonable board with a lovely walnut furnished room, Phone 4375 or call at 691 Union. 95\*

Judgment foreclosing a tax lien has been filed with the county clerk in the case of H. O. White against Maude Mishler.

Benefit dance, Chemawa M.W.A. hall Sat. nite, Midnite Revelers. 95\*

Order has been entered in circuit court dismissing the case of W. H. Bauwael against Iron Hill Orchard company based on a stipulation.

Buy the new Thor Washing Machine and receive a full case (40 packages) of Rinso free. This offer expires May 10. Eoff Electric, Inc., 347 Court. 99\*

Notice of appeal has been filed by the defendant in the case of Mrs. Elizabeth Cheney against William A. Rosenthal. Appeal is from a judgment of \$3,900.

No-Mend hose. Teated and approved by the Better Fabrics Testing bureau for highest quality. 75c and \$1. Howard Corset Shop. 95\*

C. E. Taylor has filed complaint in circuit court against Woodman of the World asking to be decreed beneficiary under a \$2000 insurance policy of the late William Hogan. He states the policy was made out by Kenneth Hogan and was intended for Taylor. Hogan was faced with debts and also knew the money would be dissipated if it went to the named beneficiary. He said he made an arrangement whereby Taylor was to pay the assessments on the policy, and did pay them, that Taylor was to give Hogan a certain debt he owed him and would pay something over \$900 in debts against Hogan. In consideration of which Taylor was to be named beneficiary instead of Kenneth Hogan. Taylor says Hogan did not live up to his part of the contract, although Taylor states he has lived up to his.

Al Meyers Barber shop now in Lobby Bigha Hotel. Everything 25c. 95\*

When Philip Gorvis, aged 17, was carried far out into the woods, England, recently, he was rescued by a speed boat which traveled to him at 49 miles an hour.

## Wiley Post Injured When Robot Crashes

Chickasha, Okla., April 21 (UP)—Wiley Post's robot plane was damaged and the noted flyer suffered a scratched hand here late yesterday when the craft fell from a height of 160 feet shortly after a take-off. The propeller and landing gear of the plane were broken.

L. E. Gray, at the controls, Robert Tallier and Harry Frederickson, all of Oklahoma City, were uninjured. The crash was attributed to a motor failure.

## FOX THEATERS CANCEL LEASES

Los Angeles, April 21 (UP)—Cancellation of 84 leases held on California theaters by the Fox West Coast theaters appeared imminent today, following authorization by trustees of the bankrupt Fox concern.

Ten of the theaters were returned to the United Artists corporation as owners, under the lease termination order of Referee in Bankruptcy S. W. McNabb. These included theaters in Hollywood, Los Angeles, Long Beach, Inglewood, Pasadena, Berkeley, Sacramento, Whittier, El Centro and Alhambra. McNabb's order followed contention by attorneys for United Artists that the leasing agreement with Fox West Coast had been violated by non-payment of rent.

Charles Buckley, vice president, testified at the hearing that the corporation's financial troubles began with inception of high priced theater leases made in the Rocky Mountains and midwest areas in 1928 and 1929.

## VASCO FAMILY FOUND BY POLICE

Hanling, N. Y., April 21 (UP)—Police announced today they had found the family of John Vasco, missing since the New York appellate court decided that two-year old Helen Vasco must undergo an operation to remove her eye in order to save her life.

The police declined to make public their information as to the Vasco hiding place, but said Helen's father was working on an emergency relief bureau project at Greenburgh, N. Y. Judge George W. Smyth today reiterated his request that the public and press suspend activities which have frightened the Vasco family, and announced he would make no more statements regarding the case.

The Grasslands hospital, where the operation will take place, was ready to receive the child, although no date for her treatment has been set.

## INTERIM BOARD TO MEET ON APRIL 29

The meeting of the senate interim committee for confirmation of recent appointments to the state board of higher education will be held in Portland April 29, it was announced today by the secretary of the board.

Replies from five of the six senate members have been received favorable to this date. The exact time and place in Portland has not yet been decided.

The members of the committee are Alvin E. Jones, Oregon City; Clyde Williamson, Albany; Joel C. Booth, Lebanon; W. H. Strayer, Baker; George W. Dunn, Ashland; and E. M. Duncan, Burns.

The two members appointed to the board to fill vacancies are George B. McLeod of Portland and C. A. Brand of Roseburg.

## WILBUR E. MINER OF EUGENE DIES

Eugene, Ore., April 21 (UP)—Wilbur E. Miner, 74, who built the miner building here, died last night at Pacific Christian hospital.

On February 26, the day before he went to the hospital, Miner and his brother, Henry T. Miner, donated the Miner building to the University of Oregon to be held in trust as an endowment to the school of business. The \$300,000 property was constructed in 1924.

Miner's illness was heart disease.

## Smack 'Twixt Meals Makes Worker Happy

New Haven, Conn., April 21 (UP)—Industrial workers are more efficient when they have "a little smack" between meals, according to Dr. Howard W. Haggard, professor of physiology at Yale university.

"The three meals a day idea, which is universal in America, is a result of adjustment to the time schedule of a factory civilization," he declared at a meeting of industrial executives last night.

## GARDENS OPEN BLOSSOM DAY

Mrs. Dan J. Fry, Sr., appointed by the Salem Garden club to make arrangements whereby many of the gardens in the city may be open for inspection during the Cherran Blossom day next Sunday, announces that visitors will be welcome at the following homes:

T. A. Litsky, George Putnam, U. G. Shipley, Dr. H. J. Clements, D. B. Jarman, Dan J. Fry, Sr., Homer H. Smith, William McGilchrist, Jr., Walter T. Jenks and Dan J. Fry, Jr.

The homes on South Church street on the west side of the street just south of the bridge across Mill creek are especially beautiful this time of year.

Gardens of Ernest Inzer, president of the Garden club, will be open to visitors. These gardens are in the Morningglades district.

Tulips will be in bloom at the W. C. Franklin gardens on the Wallace road, half mile north of the west end of the Marion-Polk county bridge.

## SILVER MINING REVIVAL SEEN

Denver, Colo., April 21 (UP)—A general revival in mining in the western metal states—possibly a boom—was predicted today by mining experts and bi-metalists as a result of the United States having dropped the gold standard.

It was believed that metals would share in any advance made by commodities in general with beneficial effect. Chief hope, however, was based on possibilities of silver being re-mined at some fixed rate with gold.

The fact that silver is mined as a co-product of lead, zinc and copper, would mean that an increase in its value would make digging for the other metals more profitable by virtue of reduced production cost.

Except in the case of high grade deposits, however, mining of silver would not be profitable at a price of less than 60 to 70 cents an ounce, authorities said. The increase of about 10 cents which followed abandonment of the gold standard was viewed as a first step toward new higher prices.

## JEFFERSON BRIDGE MOVED TO SCIO

Reconstruction of the Sanderson bridge on the secondary highway between Albany and Scio in Linn county, approved this week by the highway commission, will involve the moving of the old steel bridge across the Santiam river at Jefferson as soon as the new concrete bridge there is opened to traffic.

Both of the steel spans at Jefferson will be dismantled, moved to the Sanderson bridge site, reconstructed to a greater width and will be supplemented by a third new span at that crossing.

A temporary pile trestle which replaced the old Sanderson bridge was washed out by the high water of last November and has never been replaced.

The cost of the new bridge is estimated at \$35,000, of which \$12,000 is to be paid out of state highway funds.

## 2 MONTHS PAY FOR CHICAGO EMPLOYEES

Chicago, Apr. 21 (UP)—Two months' pay for 18,000 city employees was provided today through sale of tax anticipation warrants marketed by a citizens' committee.

Issuance of checks against \$8,000,000 in subscriptions for tax warrants was started immediately. The funds will clear up all arrears in city payrolls for 1932. A two weeks' pay distribution for county employees from the same source was provided.

Such difficulties are expected to delay completion of the payroll distribution about two weeks.

## Native Wild Fowl Becomes Extinct

New York, April 21 (UP)—The last of the Heath hen was officially given up as lost today, and the once important species of native American wildfowl was recorded as extinct. For years the health hen of Martha's vineyard, as the last of the birds were widely known, was watched closely by bird lovers. The more game birds foundation of New York announced today that he had not been seen since March.

## New Invention May Revolutionize Car

Lima, O., (UP)—A device that may revolutionize automobile transmission systems has been invented and patented by Frank R. Oberdier, mechanic here.

## Elihu Root Will Be Repeal Candidate

New York, April 21 (UP)—Elihu Root, former secretary of state and 88 year old "elder statesman" of the republican party, will be one of the 150 repeal candidates for the state prohibition convention, republican state chairman W. Kingsland Macy announced. The complete bi-partisan list of wet delegates includes former Governor Alfred E. Smith, slated for presiding officer, Representative James W. Wadsworth and Dr. Nicholas Murray Butler.

## AVIATOR TELLS ABOUT METEOR

Seattle, April 21 (UP)—A vivid picture of what he termed was "one of the most spectacular meteors" he ever saw in his long hours of flying was given today by Al Davis, veteran United Air Lines flier, in a long distance telephone call from Medford to Seattle.

Davis saw the meteor while piloting his cabin plane, carrying three passengers, when about 10 miles north of Aurora, Ore., at an altitude of 1,500 feet.

"The first thing I knew the sky was as light as day for a split second," Davis said. "My wing hit the meteor—then I saw it. It was a big ball of fire with a wide tail. It was off to the east and slightly above me."

"It was traveling from south to north and descending on a slight angle. It lasted about 10 seconds—then faded away. At the time it looked so low that I thought it was going to land, but I don't know whether it did or not."

"The color was an intense blue-white similar to that of an electric arc. The ball and tail seemed to be disintegrating. If there was any noise I did not hear it, due to the roar of the motor."

## GOOD RESULT SEEN BY JOSIAH STAMP

London, April 21 (UP)—Sir Josiah Stamp, one of the most eminent British economists, said today that "if the speculative and gambling spirit is kept in check" there is every reason why American business should expect good results from President Roosevelt's new financial measures.

"It would seem that the president or his supporters are bent on arresting the decline in prices," Sir Josiah said. "This is a fundamental operation. It may have the effect of weakening the dollar for a time but if it succeeds in reviving confidence internally it is done carefully it also revives confidence externally."

"There is every reason why American businesses should be hopeful of good results if the speculative and gambling spirit is kept in check."

## GOIN COLLECTION OF ANCIENT VINTAGE

Published news items concerning persons possessing coins of ancient vintage have moved George Stroud of Dallas to come forth with his claims to the distinction of having an unusual collection of uncommon pieces of money.

Mr. Stroud dropped into the Capital Journal office to exhibit a purse filled with coins dating back as far as 1778, a silver piece of that date being Canadian. Besides a \$1 gold piece of 1849 he has had a cent copper dated 1806, a 50-cent piece of 1827, two silver three-cent pieces of 1853 and 1867, a half-dime of 1853, a two-cent piece of 1868, and a freak copper of 1893 coinage with a replica of the flag on one side and on the other the inscription, "If Anyone Attempts To Tear It Down Shoot Him on the Spot."

## COMMITTEE LOOKING TO SCHOOL SLASHES

Silverton—As a result of a mass meeting of which Alf O. Nelson was chairman and Wilbur Moffett secretary, held at the 4-L hall Tuesday night in respect to an action of the board in making economy cuts for the ensuing school year, a committee was delegated to be known as the drafting and circulating committee to prepare petitions placing matters before the public for signatures.

Nelson announced the personnel of the committee as E. J. Boesch, chairman, assisted by Harvey Lincoln, Henry Williams, A. B. Anderson and Arthur Nelson. He also stated that the petitions will be in circulation Friday forenoon. One has to do with the retaining of the high school band and Hal Campbell as director, and the other expresses disapproval of the board in hiring the superintendent at a salary to exceed \$2,000 per year and requests the superintendent to act as principal of the high school without additional compensation.

Considerable feeling is being encountered and arguments are waxing hot at the called meetings.

OWNS 700 PATENTS Boston (UP)—Elihu Thomson, dean of electrical engineers and inventor, who recently celebrated his 80th birthday anniversary, has no less than 700 United States patents to his credit. One of his earliest inventions was a frictional electrical machine, made from a discarded wine bottle when he was 11.

## TRUSSES

Elastic Hosiery, Abdominal Belts, Shoulder Braces, Ankle and Arch Supports FITTED Woolpert & Legg, Drugs Court at Liberty - Phone 3444

## JAPAN FINDS DUMMY STATE IN NORTH CHINA

Shanghai, April 21 (UP)—Establishment of an independent state in the coastal area of North China by the Japanese and Manchukuan forces which seized the area was reported today.

The new domain is the triangular area between the great wall of China and the Luan river with its base extending about 60 miles along the Yellow sea and its apex at the point where the river and wall meet nearly 100 miles inland.

Japanese and Manchukuan officials were reported to have held a meeting yesterday at Peifaiho, the coast town near Chingwangtao, where a so-called Kwantung provisional government was organized.

American naval authorities here announced today that the U. S. destroyer Henderson has cancelled a scheduled call at Chingwangtao on May 15 as a result of the occupation of that city by the Japanese.

The destroyer, bringing provisions for the United States marine garrison at Peifaiho, may call at Chingwangtao on the coast town near Tientsin, about May 10 unless the Sino-Japanese conflict has developed that city by then. In that event the ship will go on to Shanghai. The destroyer is coming from the United States via Manila.

The separatist action north of the Luan river, caused spread of rumors that Peiping and Tientsin, the two largest international centers of North China, may also be brought under the new government.

There were reports that Gen. Ho Ying-Ching, minister of war in the Chinese nationalist government, who went to Peiping to succeed Marshall Chang Hsiao-Liang as ruler of North China, was preparing to depart. In the face of propaganda and intrigues to overthrow the National government's authority in North China, he was said to have departed of his ability to handle the situation.

Japanese elements in Tientsin maintain the outbreak of a rebellion against the National government is imminent. Indications appeared to point to rapid progress of the movement, which might end in Japanese troops being welcomed in Tientsin and Peiping. They are now at least temporarily halted along the Luan river and the great wall, 65 miles north of Peiping and about 90 miles east of Tientsin.

## BRITISH ENGINEERS GLAD TO LEAVE

Stolpe, Poland, April 21 (UP)—Smiling happily at the realization that they no longer were in Russia, the British engineers expelled by the Soviet government after they had been convicted of sabotage and espionage arrived here today from Moscow. They refused to talk about their experiences in Russia, in obedience to instructions received in London.

After customs formalities the party left for Warsaw. It included Alan Monkhouse, Mr. and Mrs. C. H. Nordvall and John Cusiny.

A Moscow dispatch said A. W. Gregory, the British engineer, acquired by the Soviet court, also was a member of the party.

LINDY OFF Columbus, April 21 (UP)—Colonel Charles A. Lindbergh, accompanied by Mrs. Lindbergh, took off today on the west on a transcontinental inspection flight after an overnight stop here.

## GAY METEOR SEEN IN SKY

Portland, April 21 (UP)—A tremendous blazing in the eastern sky startled thousands of persons in two states last night as a flaming meteor streaked the night and lighted the heavens with beautiful colors.

The spectacle occurred between 8:45 and 9:30 p. m. The meteor passed from south to north along an almost horizontal line. It seemed to change in color from green to blue to white as it approached the northern horizon. A long red tail from which sparks dropped hung in the sky.

In many sections of Oregon and Washington the sight was witnessed. Observers at Yakima said they hear the meteor "explode" and felt a vibration of the earth. "A rumbling" which resembled two or three far-away explosions of dynamite" was heard by one person.

So brilliant was the meteor that hundreds here estimated its distance at from "about one block" to five miles. But at Madras, more than 100 miles east of Portland, and at hundreds of other points much farther away the same spectacle appeared.

One witness at Tacoma said the meteor burst into seven fragments and apparently burned out completely before striking the ground. At Seattle a woman said the sky visitor was "about the size of a full moon."

## PROFESSORS PAY CUT DOWN THIRD

Seattle, Wash., April 21 (UP)—University of Washington professors and instructors revealed today that they had taken salary cuts averaging 37.7 per cent, following a meeting yesterday at which Acting President Hugo Winklerweider advised them that drastic reduction of the budget was necessary.

## Blanche Sweet In Bankruptcy Court

Los Angeles, April 21 (UP)—Blanche Sweet, motion picture actress, today had on file in federal court a voluntary bankruptcy petition. She listed only \$200 worth of assets to pay debts totalling \$13,819. Among "no value" items specified, was an unpaid loan of \$80,000 to Marshall Nellan, director, and her former husband.

## MAY ADJOURN JUNE 1

Washington, April 21 (UP)—Encouraged by the recent burst of congressional speed, Speaker of the House Rainey today predicted his chamber would be in a position to adjourn the present session June 1.

## NO PAYMENTS FOR BOMBINGS BY JAPANESE

Peiping, April 21 (UP)—The Japanese legation today denied an announcement attributed to it that Japan is willing to indemnify damage to American missions caused by Japanese bombers.

The United States legation previously was informed that Japanese bombs had damaged an American Methodist Episcopal out-station, in charge of a Chinese pastor, at Mianhsien.

A legation spokesman said the Kwantung Japanese army several times had paid compensation in individual cases and that this practice would presumably be continued if circumstances justified it. The Kwantung army is the name given by Japanese to the forces assigned to duty in Manchuria. Originally the task of these troops was to garrison the Kwantung leased territory.

"In cases where property is used as a screen by Chinese troops," he said, however, "Japan will be unable to accept the responsibility."
