

SISTERS HELP MANY STUDENTS IN PAST YEARS

Monmouth—The Misses Maggie and Allie Butler, benefactors to more than 40 students of the Oregon Normal school, in the past 40 years, were hostesses Sunday to the second reunion homecoming of the group at their home on the corner of Main and East streets.

The attendance of these students at the Normal school was made possible through the generosity of the sisters in whose home they stayed and were allowed to earn their way by assisting with the household tasks. In all 44 worthy girls and boys have been accorded this privilege, since 1899 when Winfield Alingham of Halsey, now at Klamath Falls, was the first boy to stay in the Butler home. The first girl was Miss Eleanor Maxwell from Gresham. She later became Mrs. Scoville of Elk City.

The group this year numbered less than the attendance of last year which marked the first reunion. William E. Smith was chosen president and W. A. Tupper, secretary and treasurer.

Present for the event this year were Mr. and Mrs. J. E. Beegley and daughters, Frances and Bernice Beegley Warren and Richard Warren of Astoria; W. A. Tupper and son Kenneth, Hillsboro; Carl Rasmussen, Corvallis; Wilbur Rowe, Milwaukie; Vida Beougher, Bend; Dr. and Mrs. Russell Kildee, Washington, Wash.; Mr. and Mrs. William E. Smith and daughter Barbara Jean, Portland; and Clyde R. Blodgett, Monmouth.

POLK FARMER DAY SLATED SATURDAY

Dallas—Merchants of this city will stage their annual "Farmers Day" July 1 and play host to farmers and their families from practically every district in the county. A general committee composed of Earle Richardson, Cecil Reges, Tracy Savery and Ralph Beck are busily engaged in making plans for the affair.

It is generally understood that the completed program will be built along the same lines as that of a year ago, when a medical program, contributed to by every community represented, was given at the city park. This was followed by a basket lunch after which everybody adjourned to the high school where a lengthy sports program was held. A baseball game finished the sporting events and a highly successful street dance brought the day to a close. The appointment of sub-committees to take care of the various phases will be made this week.

Boiler Is Dumped At Stayton Scales

Stayton—A large truck and trailer loaded with a heavy boiler which was being transported to the woolen mill at Stayton crashed through the decking of the scales located on the old sawmill site and considerable difficulty is being experienced in removing the equipment. The owner of the truck reported to be a Saxon man and he had driven on the scales to ascertain the weight of the boiler which is an unusually large one.

Divorce Is Sought

Dallas—Rose Gallat has filed a complaint against Albert Gallat in which she states that they were married at Dallas on October 3, 1931. Plaintiff claims that defendant failed to provide proper food, clothing and a suitable home for her and that he beat, kicked and mistreated her. As the result of such treatment she left him in the fall of 1932 and secured employment. Plaintiff seeks to have the marriage annulled and her maiden name of Rose Taylor restored to her. No property rights are involved and no children were born of the union.

"MADE ON BROADWAY"
Here is the verdict of the Supreme Court of Motordom, the American Automobile Association Contest Board
Besides STANDARD there are several good non-premium gasolines on sale in this vicinity... But even among the good gasolines there is a choice. Some are unsurpassed in one or more qualities. But Standard Gasoline is unsurpassed in all—starting, acceleration, mileage, and anti-knock. Read the report below— from America's recognized authority on competitive automotive tests.

Opportunity
Diminished consumption of products has led American business firms into an insane competition for volume of sales. If, instead of trying to increase volume, which, in view of the smaller public demand for goods, can be achieved only by taking business away from a competitor, often at a financial loss, firms would devote their resources and energies with the same intensive effort to increasing consumption, business recovery will be speedier. Such is the aim of the Standard Oil Company of California.
Here is the AAA Report. Read it: "This is to certify that we, the Contest Board of the American Automobile Association, have conducted a series of tests on Standard Gasoline, manufactured by Standard Oil Company of California, for comparative acceleration efficiency under actual road conditions, in comparison with six other gasolines considered to be of leading brands. On the basis of these tests, we find Standard Gasoline is unsurpassed in ACCELERATION.
Each of the seven fuels tested was purchased by our representative in the open market from regular consumer outlets and was identifiable during the tests by code name known only to us.
All tests were conducted by us under carefully controlled conditions of operation, in a 1933 stock model sedan, on the Oakland Speedway, in accordance with the rules and policies of the Contest Board of the AAA. This statement is based on data developed by and on file with the AAA Contest Board."
