The annual warning about the danger of grass fires issued Wednesday from the Salem fire department. An alarm caused by a grass fire was responded to during the afternoon. The heavy rains of the spring and early summer season caused a heavy growth of grass, says Chief Harry Hutter, with the result that the heavy dry grass has now become something of a hazard. Vacant lots and blocks where growth is heavy are being checked by the department.

ANSWER FILED BY MRS. HEWITT IN PEPCO SUIT

In the case of Sarah M. Hewitt against Central Public Service corporation and others growing out of sale of stock in that corporation to Mrs. Hewitt a reply has been filed in circuit court by Mrs. Hewitt in which she sets forth activities of the Pepco company she avers about it from alleging in its answer that it sold a block of stock to the Albert E. Peirce company of Chicago, thus had no control over how such stock was sold. In the reply Mrs. Hewitt asks for \$2000 for reimbursement for money paid for stock, \$1000 in special damages and also asked to be released as a stockholder in the Central Public Service corporation.

She alleges that the Albert Peirce company offered all of the employees of the Pepco company a commission on stock transactions and that the employees with the knowledge of the company used the commission to buy stock and places of business to push such stock sales. The reply further alleges that, in a manner unknown to the plaintiff, the Central Public Service corporation returned to the Pepco company the considerations which acting through the Peirce company had received from Oregon investors in C.P.S. stock and that in June, 1933, the Pepco company returned about \$7,000,000 in preferred stock to its former owners, and approximately \$2,500,000 worth of stock to people similarly situated as the plaintiff who were induced to buy C.P.S. stock. Among properties transferred to the Pepco company by the Albert Peirce company, states the reply, were stocks and bonds of other corporations in excess of \$7,500,000 which the Pepco company has pledged for a loan made to that company on the newly acquired stock as collateral.

By such transactions, avers Mrs. Hewitt in her reply, the Pepco company has realized and confirmed and received benefits of transactions involving sale of C.P.S. stock disposed of in Oregon including the block of stock purchased by the plaintiff. By reasons of which, says the reply, the Pepco company should be estopped from setting up the claim that the Albert E. Peirce company was not acting as its agent in the original sales of C.P.S. stock.

BILLY PETROLLE BEATS HOLLANDER

New York, July 13 (AP)—Billy Petrolle, the rugged Dutch welterweight, today holds a somewhat disputed victory over the speedy Hollander, Bep Van Klaveren.

Petrolle was awarded last night's bout at the Polo grounds on a technical knockout in the fourth round when Dr. Joseph Sheridan, New York state athletic commission physician, ordered the fight stopped because of a deep gash in Van Klaveren's right eyelid.

The interruption came between the fourth and fifth rounds, after Van Klaveren's seconds apparently had checked the bleeding. The "Dutch Windmill" put up a protest that lasted almost as long as the bout before he finally was induced to leave the ring. He followed Referee Billy Cavanaugh around trying to persuade him to let the fight continue and then dared Petrolle to get up and continue.

Elks	1	3	.250
Linen Mills	0	4	.000

Friday night's games: Linen Mills vs. Elks at 8:30, Parkers vs. Kays at 9:30.

The Parkers superiority in the Salem Kitball league is, for the present, undisputed, for last night this unbeaten team defeated the previously unbeaten Pades by a score of 10 to 2. The game had excited intense interest and was played before a crowd of several hundred persons at Sweetland field. Financially, also, the Wednesday evening games were a success.

In the first game of the night's card the Waits easily defeated the Kingsleys by a score of 18 to 4.

The Parkers showed a continuous hitting streak for a total of 11 safes against the Pades. The Pades, however, were not to be outdone and hit back with a score of 10 to 2.

Glenn Sanford of the Parkers got the biggest hand of the evening when he made a dash in center field to head off a long home one from the bat of George Seales. It looked like an impossible catch and possibly a home run for Seales with men on first and third bases in the fifth inning, Sanford known in athletic circles as an all-state basketball player, reached up and hit the ball with his hands, but it bounced from his grasp. Then, with a lightning stab with his right hand, he grabbed it before it hit the ground for the third out of the inning.

Parkers were early at the scoring, tallying three times in the first inning, once each in the third and fourth, two in the fifth, two in the seventh and one in the eighth. Pades scored in the fifth and seventh.

Melaine was the feature hitter, making three hits in four times at bat.

Walker, pitcher for Waits, allowed the Kingsley team only two hits, while Waits got 12, summary:

GOZAD CONFESSES EXTORTION NOTE

Hood River, Ore., July 13 (AP)—Officers today had the confession of J. E. Gozad, orchardist, that he sent an extortion letter to C. Dethman, Hood River banker, June 20.

The letter, police said, threatened Dethman with the loss of his home, valued at \$10,000, if he did not pay \$10,000 at an isolated place east of the city.

After three weeks of investigation and grilling, Gozad broke down yesterday when faced by Dethman and confessed sending the letter. He said loss of property and employment were responsible for the attempt to extort money from the banker.

Believed guilty even before his confession, Gozad was today bound over to a trial by the grand jury. The penalty for attempted extortion in Oregon is one to three years in the penitentiary.

Rosenfeld Cools His Heels In Cell

Prague, Czechoslovakia, July 13 (AP)—Chased back and forth over a 300 foot frontier bridge for 22 hours by armed guards at either end, each insisting that he belonged in the other's country, I. W. Rosenfeld cooled his hot feet gratefully on the stone floor of a cell today and awaited his fate.

Rosenfeld has been a resident of the frontier town of Teschen since 1885. Teschen was an Austrian town until the end of the World war. The Paris war conference chopped up Austria, and Teschen itself was divided between Poland and Czechoslovakia. A 300 foot bridge separates Polish and Czech portions of the town.

LEGION TALKS POLITICS FOR STATE MEETING

With organization of the delegates from Capital Post No. 9, American Legion, to the state convention at Klamath Falls August 10 to 12, Wednesday night and a meeting of the Marion county council here Friday night, interest in veteran circles is centered about politics, ranging from state commanded and district commander to post commander.

While the proverbial dark horse is still in the pasture, it is understood that a candidate for state commander and vice commander is being fed a few oats on the sly. There are three men prominently mentioned as a successor to Jack Eakin, of Dallas, present state commander. These are Harold Warner, Pendleton; Don McLeod, pre-natal commander of Hood River and Paul McDonald, of Ashland, present state vice commander. For national executive committee, Sid George, of Eugene, is willing to accept the honors another year, but Alex Barry, of Portland, is also not adverse to the position and even Eakin might be prevailed upon to accept. All have been state commanders of the American Legion.

The main business before the county council will be the approval of district committees and the endorsement of a candidate for district commander. Support will probably be authorized for one of the leading candidates for state commander, Keith Powell, of Woodburn, is president of the council and Irl McSherry, Salem, secretary. The meeting will be held at the Elks temple at 8 o'clock and will be followed with a dance and feed.

First nominations for post commander will be August 21, with three being mentioned, H. R. (Rufe) White, present vice commander; Claude McKenney and R. H. Bassett.

The Salem delegation to Klamath Falls will be headed by Allan Carson, post commander, as chairman; Irl McSherry, vice commander and William Bliven, adjutant, as secretary. Other delegates are J. T. De-laney, Mayor Douglas McKay and Carl Gaylor. It was decided Wednesday night to give the alternates a voice in the caucus and to be governed by the unit rule.

OFFICER FINDS AID FOR FAMILY

Portland, July 13 (AP)—A Portland policeman appointed himself a one-man welfare agency last night, and did he get results?

It occurred after a woman stepped to his side and asked "what time does the next freight train leave for Crescent City, California?"

The woman, Mrs. Helen Rosse of Vernonia, explained her situation to the surprised cop. She and her three children aged 3, 5 and 7, planned to catch the freight train for the California trip, she said. They hitch-hiked to Forest Grove and came to Portland on a stage. They were fed here by a welfare agency but there was no way to get transportation south.

Then Patrolman Cameron swung into action. He talked to merchants near the Union station, he interviewed an express company, and conferred with Union station officials.

It was only a short time later that Mrs. Rosse and her three small children were on their way to Crescent City—riding the cushions, too, and the policeman said he believed there was enough food on the way.

BODY SLAMS WIN FOR TINY ROEBUCK

Portland, July 13 (AP)—Using body slams to knock each fall, Tiny Roebuck of Chicago defeated George Nelson of Logan, Utah, in two straight falls in the main event of last night's wrestling matches here.

Roebuck's tremendous weight advantage was apparently a barrier Nelson could not surmount. Roebuck weighed 275 and Nelson 218. Roebuck took the first fall in 21 minutes and the deciding fall in 10 minutes.

Wong Buck Cheung, 215 Chicago Chinese, won the semi-windup from Ted Tye, 196, Portland, when Tye shouldered butted Cheung while the Chinese was climbing into the ring, and the referee called it a foul. Each had taken a fall.

Chet Wiles and Fred Maracel, both 175, and both of Portland, went three rounds to a draw.

Stankiewicz Body Here for Cremation

The body of Frank Stankiewicz, escaped inmate of the state insane hospital, who was killed in a battle with officers at Albany Tuesday night, was brought to Salem yesterday for cremation at the hospital. Hospital records do not show he has any relatives.

Stankiewicz had obtained possession of guns and barbed wire, and was in the jail county court house where he stood off officers for several hours. He was twice wounded in the legs, but his death is attributed by doctors to effects of tear gas bombs, the fumes of which he is said to have inhaled. He was committed from Curry county about a month ago.

Prisoner Serving Life Term For Pint Of Gin Freed By Governor

Lansing, Mich., July 13 (AP)—Fred Palm, sentenced to life imprisonment for possessing a pint of liquor, was paroled today by Governor William A. C. Comstock. Palm was the first to be sentenced under provisions of the habitual criminal act in Michigan, which made life imprisonment mandatory upon fourth conviction of a felony. At the same time the legislature made violation of the prohibition laws a felony.

A few months after the law took effect in 1927, Palm was arrested. Search revealed a pint of gin on his person and he was charged and convicted of transporting liquor—a felony under the state law. Previously he had been convicted of three other felonies, one of which was also a liquor law violation. On July 7, 1914, he was sentenced to from

CHARGE HITLER REALLY A JEW

Vienna, Austria, July 13 (AP)—A sensation was caused today by publication in the newspaper Oesterreichische Abendblatt of charges that Adolf Hitler, Nazi chancellor of Germany and sworn foe of Jews, is a Jew himself.

The charges, which have long been the subject of open gossip, actually were made public for the first time in the first installment of a series of articles purporting to substantiate them.

The paper claims to have sworn documents proving that Hitler is a member of a Jewish family of that name which has lived in this region for generations.

Abendblatt's allegations caused such a stir that a worthy newspaper was developed. Pro-Hitler newspapers countered with a list of five generations of Hitlers, all supposedly of non-Jewish ancestry.

Both the pro-Hitler and anti-Hitler lists contained doubtful entries, each twisting name changes, such as Heuller, Heuller, Huettler, Heidler, Hilder, Hittler and Hitler, to suit his own thesis.

Near Hitler's Austrian birthplace, it was brought out, lived native Catholic Aryans as well as baptized Czechoslovak immigrant Jews with similar names.

JURY DEADLOCKS IN TRIAL OF GOSS

The trial of O. H. Goss, a speech-making leader for the Unemployed Council of Salem, accused of vagrancy, terminated yesterday in a deadlock of the five-man jury in justice court. An unanimous vote was necessary for a verdict and the jury stood three to two. Justice of the Peace Hayden dismissed the jury and announced that a second trial will start Thursday, July 20.

A second charge of disorderly conduct is pending against Goss and presumably will be tried at the termination of the vagrancy case.

The jury announced its deadlock just before 3 o'clock yesterday afternoon. A good-sized crowd of the unemployed was stationed on Liberty street and in the stairway leading up to the court room awaiting the verdict.

PLANS MADE FOR PARK DEDICATION

The dedication of the Silver Falls state park July 23 will be advertised by two radio broadcasts aggregating 45 minutes arranged through the efforts of Ray Conway, manager of the Oregon State Motor association.

Both will be given next week, 15 minutes over KGW and 30 minutes over KEX with Salem talent on the program.

Members of the celebration committee met at the chamber of commerce rooms Wednesday night with service clubs and mayors of the state receiving special invitations, Willis Clark, president of the Kiwanis club, told the committee. The Kiwanis club, in cooperation with the chamber of commerce, is sponsoring the dedication. Two bands have been invited to take part, the Silverton and Mt. Angel organizations.

State officials invited to take part are Governor Meyer, Leslie M. Scott, chairman of the state highway commission and speaker of the day: Mayor Joseph K. Carson, Jr., of Portland; C. B. McCulloch, state bridge engineer and other officials of the highway department. Mayors of all Willamette valley cities will be given an opportunity to speak.

Roads to the park will be in excellent condition for the dedication and it will be possible to make a fine scenic loop trip through the Waldo Hills section.
