

TURNER COUNCIL DECLARES RAIDS FOR WEEDY LOTS

Turner—The Turner city council held a special meeting this week at the regular meeting was postponed due to the absence of some of the councilmen. Several items of regular business were attended to including reports of committees. It was reported there is a leak in the water main west of town where a new grade has been made on the Battle-creek road. It was ordered repaired at once. Also a new concrete man-hole had been constructed near the Edwards place where a rather deep fill has been made in the road, to permit access to a flushing drain in a low spot in the main. Patching repair work on the pavement within the city limits by the county road crew was reported as completed as was some repair to the wooden bridge across Mill creek near the J. M. Bones property.

Several slight errors of ambiguity in the recently enacted beer ordinance were discussed and on motion they were ordered corrected. One retail license and two wholesale licenses have been issued to date. Tax of the one cent a quart on beer sales being collected, the city stamping cases in the hands of the retail dealer, which will begin with the summer formal to be held in the gymnasium Saturday evening.

Notice was served to property holders to immediately clear all lots of tall grass, weeds and rubbish as a means to diminish fire hazards with the onset of dry weather. The matter of a claim made to the State Industrial Accident Commission by a local laborer employed by the water commissioner was discussed and tabled until the next regular meeting. Heretofore the city has not made contributions to the accident commission and more information was wanted before making disposition of the case.

Present were Mayor George Crume, Councilmen A. E. Robertson, Perry Baker, E. S. Prather and L. C. Berr and Recorder H. R. Peetz.

THEIVERY PUZZLES POLK POLICE MEN

Silver Falls Beauties Of State Park Reserve Praised At Silverton

Silverton—The Silver Falls state park in the Cascade foothills east of Salem and Silverton to be dedicated Sunday by the Salem Kiwanis club and chamber of commerce, has been a spot of beauty throughout the ages. The special features of attraction have only recently been discovered by J. D. Drake, photographer, who first brought out the details of the glories of the falls in 1902 through numerous pictures taken in the untrodden wilds. The rocky formations from which the waters plunge over the ledges of these falls are peculiar and have baffled the geologists. They are composed of a solid mass of basalt that was shaped while in a semi-molten state, probably thrown out from one of the many extinct volcanoes of eastern Oregon, or more likely from the Inage camp crater.
