IT TAKES HEALTHY NERVES TO FLY AROUND THE WORLD ALONE!

● ABOVE—FOR THE FIRST TIME IN HISTORY a man has flown around the world alone! Sleepless... hungry... ignoring the perils of fog and ice... storms and forced landings... Wiley Post won the admiration of the whole world with his courage, his skill, and his marvelous physical endurance in flying around the world in 7 days, 18 hours, 49½ minutes. Here he is shown as he landed at Floyd Bennett Field.

● LEFT—RESTED AND SMILING after his daring flight, Wiley Post enjoys a Camel. "Smoking Camels as I have for so long," says Post, "I never worry about healthy nerves—and I'm a constant smoker, too."

● LEFT—"I CAN'T SPEAK as a record-breaking flyer. I'm a young married woman, and my home and club work keep me going every minute. Add to that the fact that I am naturally inclined to be the nervous type. I didn't start with Camels, but later switched to them because I found they are milder and have a delightful flavor. I smoke only Camels now because I have discovered that they allow me to smoke all I want—without upsetting my nerves."

Steady Smokers turn to Camels

In an exclusive interview WILEY POST says: "Circling the globe alone in the Winnie Mae was the toughest ordeal I've ever been through! A round-the-world flyer has to be in shape to stand the extremes of physical exhaustion. He has to be ready for any weather, any emergency. His job calls for nerves in perfect condition. Smoking Camels as I have for so long, I never worry about healthy nerves—and I'm a constant smoker, too. Everybody knows that Camels are made from more expensive tobaccos, and you can certainly tell it in the mildness and good taste of Camels, and the fact that Camels never jangle the nerves!"

Thousands of smokers have switched to Camels and found that they are better for steady smoking. Your nerves and your taste will confirm this. Begin today with Camels. Know that you are smoking a milder cigarette... and that steady smoking does not interfere with healthy nerves!

IT IS MORE FUN TO KNOW
Camels are made of finer, MORE EXPENSIVE tobaccos than any other popular brand. Leaf tobaccos for cigarettes can be bought from 5¢ a pound to \$1.00... but Camel pays the millions more that insure your enjoyment.

Camel's Costlier Tobaccos

NEVER TIRE YOUR TASTE
