SILVERTON AD CLUB SPONSORS QUEEN AFFAIR

Silverson—The called meeting of the business and professional men and women of Silverson Monday night at the armory turned out to be a surprise to the majority attending. The object of the urge to come was veiled in mystery and was conjectured to favor the blue eagle, but was announced by S. Parsoy Rose, chairman of the meeting in his capacity as president of the Silverson Ad club, to be concerning putting over a queen contest campaign with perhaps 65 contestants in the field, and two to win a trip to the world's fair or some equally attractive gift.

A committee consisting of Rose, C. Albright, L. C. Eastman and Henry Alm had been to Gresham where the contest is going over satisfactorily, and reported the findings as an incentive to stimulate trade from out-of-town communities particularly, for a period of eight weeks or more.

Considerable time was taken up in discussing the feasibility of the venture and the general good to Silverson, with the majority seeming to favor it.

Definite action on how to proceed was taken in a motion being passed appointing Rose chairman of an executive committee with the power to choose his own helpers, whose duties will be to get the sentiment for or against the move, formulate plans for action and call a meeting not later than within two weeks to decide the issue. Rose stated he would announce his committee members by Wednesday.

The only mention made of the president's plan was that the president of the chamber of commerce was absent and an NRA meeting would be called in the near future. About 75 business and professional citizens were present.
